[Docket ID FEMA-2025-0080]

State of Michigan Radiological Emergency Preparedness Plan

AGENCY: Federal Emergency Management Agency, Department of Homeland Security.

ACTION: Notice of State plan approval.

SUMMARY: The Federal Emergency Management Agency (FEMA) is announcing the approval of radiological emergency response plans submitted by the State of Michigan. The approved plans support Holtec International's Palisades Nuclear Generating Station located in Van Buren County, Michigan.

DATES: The radiological emergency response plans were approved on September 25, 2025.

FOR FURTHER INFORMATION CONTACT: Michael Chesney, Acting Regional Administrator, FEMA Region 5, 536 S. Clark Street, 6th Floor, Chicago, IL 60605. Phone: 312-408-5501; email: FEMA-publiccomment-Palisades@fema.dhs.gov.

SUPPLEMENTARY INFORMATION: In support of the Federal requirement for radiological emergency response plans, FEMA's regulations at 44 CFR part 350 describe the agency's procedures for review and approval of State and local governments' radiological emergency response plans. The FEMA Region 5 office received an application from the State of Michigan on May 30, 2025. The application included a state plan and plans for local governments which are wholly or partially within the plume exposure pathway emergency planning zones of the nuclear plant. For the Palisades Nuclear Generating Station, plans are included for Allegan, Berrien, and Van Buren counties.

The requirements of 44 CFR part 350 have been met for the State's application. A joint exercise was conducted on July 29, 2025. A public meeting was held on August 5, 2025. Following evaluation of the State plans by the Regional Administrator for FEMA Region 5, the Acting Deputy Assistant Administrator for the National Preparedness Directorate has determined that the State plans and preparedness are adequate to protect the health and safety of the public living in the vicinity of the nuclear power facility by providing reasonable assurance that appropriate protective measures can be taken offsite in the event of a

radiological emergency; and are capable of being implemented. Accordingly, the Acting Deputy Assistant Administrator for the National Preparedness Directorate has approved the State plans.

Authority: The Robert T. Stafford Disaster Relief and Emergency Assistance Act, as amended, 42 U.S.C. 5121 *et seq.*; 6 U.S.C. 101 *et seq.*; and 44 CFR part 350.

Joel A. Doolin

Revision of Agency Information Collection Activity Under OMB Review: Law Enforcement Officers (LEOs) Flying Armed

AGENCY: Transportation Security Administration, DHS.

ACTION: 30-Day notice.

SUMMARY: This notice announces that the Transportation Security Administration (TSA) has forwarded the Information Collection Request (ICR), Office of Management and Budget (OMB) control number 1652-0072, abstracted below, to OMB for review and approval of a revision of the currently approved collection under the Paperwork Reduction Act (PRA). The ICR describes the nature of the information collection and its expected burden. The collection involves gathering information from federal, state, local, tribal, or territorial armed law enforcement officers (LEOs) who require specialized screening at the TSA checkpoint.

DATES: Send your comments by March 13, 2026. A comment to OMB is most effective if OMB receives it within 30 days of publication.

ADDRESSES: Written comments and recommendations for the proposed information collection should be sent within 30 days of publication of this notice to www.reginfo.gov/public/do/PRAMain. Find this particular information collection by selecting "Currently under Review—Open for Public Comments" and by using the find function.

FOR FURTHER INFORMATION CONTACT: Christina A. Walsh, TSA PRA Officer, Information Technology, TSA-11, Transportation Security Administration,

6595 Springfield Center Drive, Springfield, VA 20598–6011; telephone (571) 227–2062; email TSAPRA@tsa.dhs.gov.

SUPPLEMENTARY INFORMATION: TSA published a **Federal Register** notice, with a 60-day comment period soliciting comments, of the following collection of information on August 1, 2025, 90 FR 36172. TSA did not receive any comments on the notice.

Comments Invited

In accordance with the Paperwork Reduction Act of 1995 (44 U.S.C. 3501 *et seq.*), an agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a valid OMB control number. The ICR documentation will be available at <https://www.reginfo.gov> upon its submission to OMB. Therefore, in preparation for OMB review and approval of the following information collection, TSA is soliciting comments to—

(1) Evaluate whether the proposed information requirement is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility;

(2) Evaluate the accuracy of the agency's estimate of the burden;

(3) Enhance the quality, utility, and clarity of the information to be collected; and

(4) Minimize the burden of the collection of information on those who are to respond, including using appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology.

Information Collection Requirement

Title: Law Enforcement Officers (LEOs) Flying Armed.

Type of Request: Revision of a currently approved collection.

OMB Control Number: 1652–0072.

Form(s): TSA Form 413A, Checkpoint Sign-In Log.

Affected Public: Federal, state, local, tribal, or territorial armed LEOs.

Abstract: Under 49 CFR 1540.111(b), LEOs may carry a firearm or other weapons while in the performance of law enforcement duties at the airport and may also fly armed if they meet the specific requirements in 49 CFR 1544.219. When flying armed, federal, state, local, tribal, or territorial LEOs must also comply with specialized screening processes. To document completion of TSA's specialized screening process, LEOs who pass through a TSA checkpoint must complete TSA Form 413A, Checkpoint Sign-In Log.

TSA is revising the information collection by changing the identification of weapons section of the form, “Carrying:” to “Are you carrying?” and adding the option “Unarmed LEO Escort.” In addition, TSA is changing the question, “Completed Required LEO Flying Armed Training?” to “Completed Required TSA LEO Flying Armed Training?” TSA is making the changes for programmatic needs to capture information of unarmed escorts¹ and to differentiate the TSA administered course from local, state, and other LEO Flying Armed Training courses.

Estimated Annual Number of Respondents: 83,749.

Estimated Annual Number of Burden Hours: 5,583.27.

Dated: February 9, 2026.

Christina A. Walsh,

*Paperwork Reduction Act Officer,
Information Technology, Transportation
Security Administration.*

Individuals in the United States who are deaf, deafblind, hard of hearing, or have a speech disability may dial 711 (TTY, TDD, or TeleBraille) to access telecommunications relay services. Individuals outside the United States should use the relay services offered within their country to make international calls to the point-of-contact in the United States. You may also view the ICR at <https://www.reginfo.gov/public/do/PRAMain>.

SUPPLEMENTARY INFORMATION: In accordance with the Paperwork Reduction Act (PRA; 44 U.S.C. 3501 *et seq.*) and its implementing regulations at 5 CFR part 1320, all information collections require approval under the PRA. We may not conduct or sponsor, and you are not required to respond to, a collection of information unless it displays a currently valid Office of Management and Budget (OMB) control number.

As part of our continuing effort to reduce paperwork and respondent burdens, we are again inviting the public and other Federal agencies to comment on new, proposed, revised, and continuing collections of information. This helps us assess the impact of our information collection requirements and minimize the public's reporting burden. It also helps the public understand our information collection requirements and provide the requested data in the desired format.

We are especially interested in public comment addressing the following:

(1) Whether or not the collection of information is necessary for the proper performance of the functions of the agency, including whether or not the information will have practical utility;

(2) The accuracy of our estimate of the burden for this collection of information, including the validity of the methodology and assumptions used;

(3) Ways to enhance the quality, utility, and clarity of the information to be collected; and

(4) How might the agency minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology, *e.g.*, permitting electronic submission of response.
