### Call Center Staging: All Needs Registration with content

#### Introduction

"Good morning/afternoon, you have reached FEMA Disaster Assistance, my name is \_\_\_\_\_. How may I help you?"

"Which disaster do you need help with, and where did your damage happen?"

### **Agent Instruction:**

Check Disaster Info to find out if FEMA is still taking applications for the caller's disaster.

- If we are, and the caller has not already started an application, click New Application to start one.
- If the application period has ended, follow the instructions in Disaster Info. Follow the prompts below if the caller fits any of these other situations:
  - If the caller needs to finish an incomplete application click Incomplete Application to search for and finish their application.
  - If the caller wants to check the status of their application transfer the call to Helpline.
  - If the caller is **not in a federally declared disaster area** refer them to their County Emergency Management Agency or their local American Red Cross Chapter.

### **Business or Unemployment ONLY:**

### **Business Losses**

If the caller has business needs ONLY — like business property damage or economic losses caused by the disaster — refer them to the Small Business Administration (lending.sba.gov). SBA offers low-interest disaster loans for home, personal property (including for renters), and business losses.

**NOTE:** If the caller is **self-employed** and says they lost essential tools in or around their home, you can process that as a personal property loss.

# **Unemployment Assistance**

If the caller needs help for unemployment ONLY, refer them to CareerOneStop.org. They offer an Unemployment Benefits Finder that can help the caller find their state or territory program.

### **Individuals and Households Program Information:**

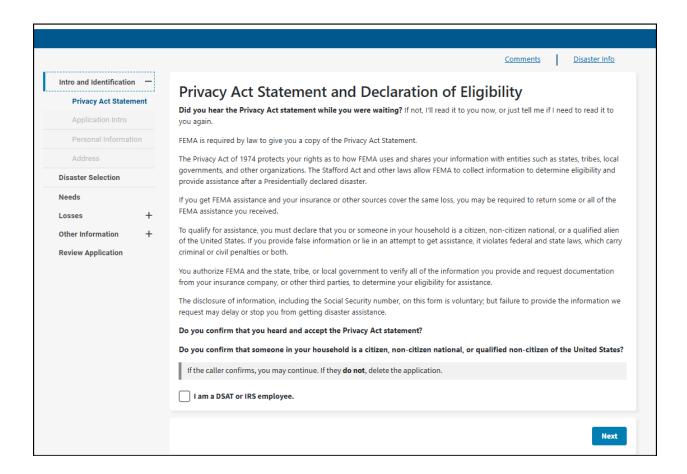

If the caller wants to know about available programs, say this:

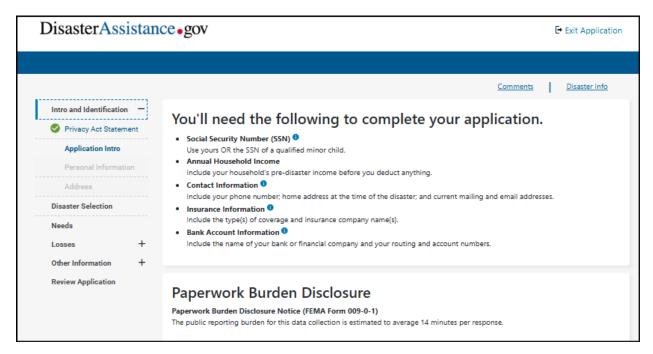

"The Individuals and Households Program (IHP) may provide money to help you recover from losses under a Presidentially declared disaster. That includes things like damage to your home, car, and other personal items.

This program may also be able to help with other necessary expenses and serious needs caused by the disaster. FEMA assistance can't replace your insurance, but it may be able to help you start your road to recovery.

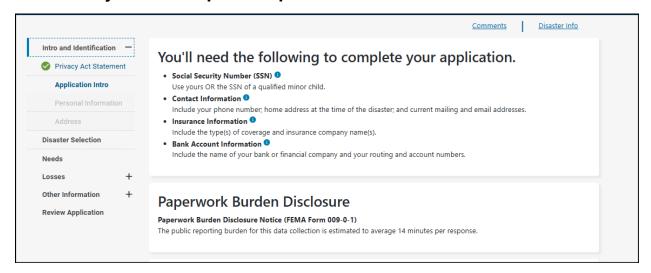

We have two types of assistance available:

- **Housing Assistance** This can help with temporary housing. It is for both owners, who need to repair or replace their primary homes, and for renters.
- Other Needs Assistance This can help with some immediate needs when you can't live in your home. It may cover certain losses and expenses caused by the disaster. Things like personal property and vehicle losses; medical, dental, child care, moving and storage, and funeral expenses."

### Not in use yet/Income question planned removal

You'll need the following to complete your application.

- Social Security Number (SSN)
   Use yours OR the SSN of a qualified minor child.
- Contact Information
   Include your phone number; home address at the time of the disaster; and current mailing and email addresses.
- Insurance Information
  Include the type(s) of coverage and insurance company name(s).
- Bank Account Information
   Include the name of your bank or financial company and your routing and account numbers.

May I have your Social Security number?
To apply, the person whose Social Security number (SSN) we enter must be a U.S. citizen, non-citizen national, or qualified alien. If you don't have an SSN, you can apply using the SSN of a qualified minor child who lives in your household.  If you apply using a minor child, you must add a parent or guardian as the co-applicant.  Do you need to apply for someone else?  Sometimes a person affected by a disaster isn't able to apply for themselves. In these cases, FEMA allows someone else to apply for them, as long as they can give us all of the information we need.  If you will be helping someone else through the process, that person must give FEMA a signed Release-of-Information form that allows you to access to their file.

Sometimes a person affected by a disaster isn't able to apply for themselves. In these cases, FEMA allows someone else to apply for them, as long as they can give us all of the information we need.

If you will be helping someone else through the process, that person must give FEMA a signed Release-of-Information form that allows you to access to their file.

#### **Personal Information**

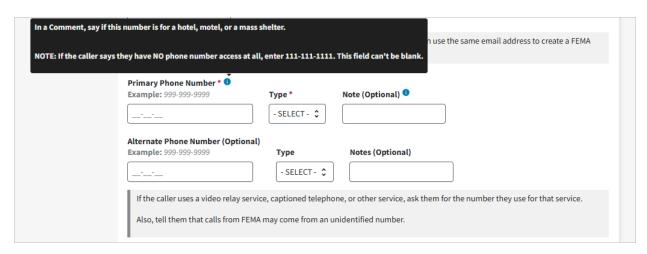

### Let's get your personal details now.

To qualify for FEMA Assistance, the person named here as the applicant must be a U.S. citizen, non-citizen national, or qualified alien. If you need to apply under a qualified minor child who lives in your household, you must enter the child's information as the applicant

Funeral Only: Does the caller only have funeral expenses? If so, you must ask for the name and Social Security number of the person handling those expenses for the person who died.

[FORM FIELDS]
[EMAIL ADDRESS]

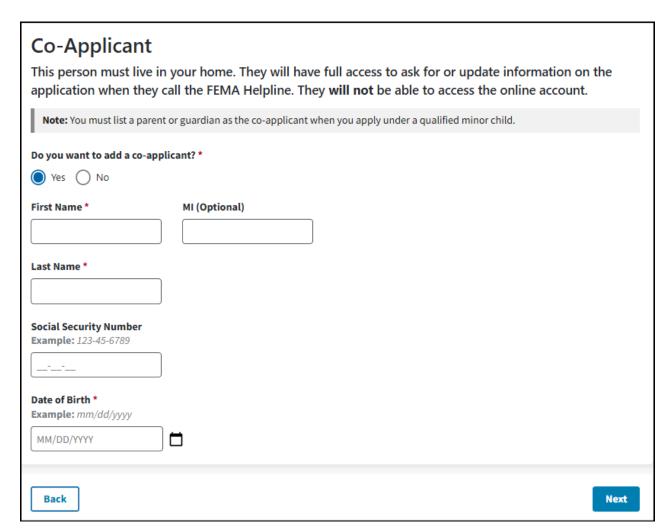

Ask the caller if they already have a Login.gov account. If they do, tell them they can use the same email address to create a FEMA account.

If the caller uses a video relay service, captioned telephone, or other service, ask them for the number they use for that service.

Also, tell them that calls from FEMA may come from an unidentified number.

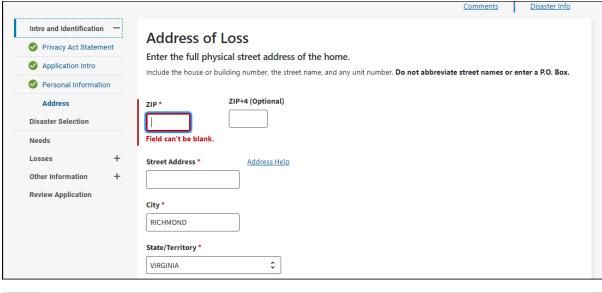

### **Co-Applicant**

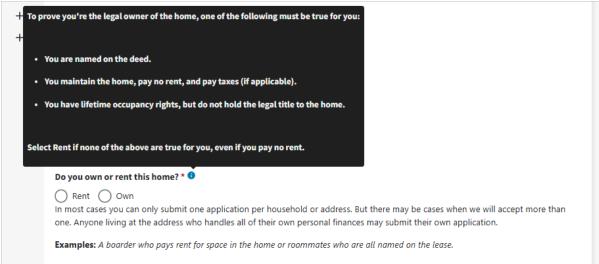

This person must live in your home. They will have full access to ask for or update information on the application when they call the FEMA Helpline. They **will not** be able to access the online account.

Note: You must list a parent or guardian as the co-applicant when you apply under a qualified minor child.

Do you want to add a co-applicant? \*

### **Address of Loss**

### Enter the full physical street address of the home.

Include the house or building number, the street name, and any unit number. Do not abbreviate street names or enter a P.O. Box.

### Do you own or rent this home? \*

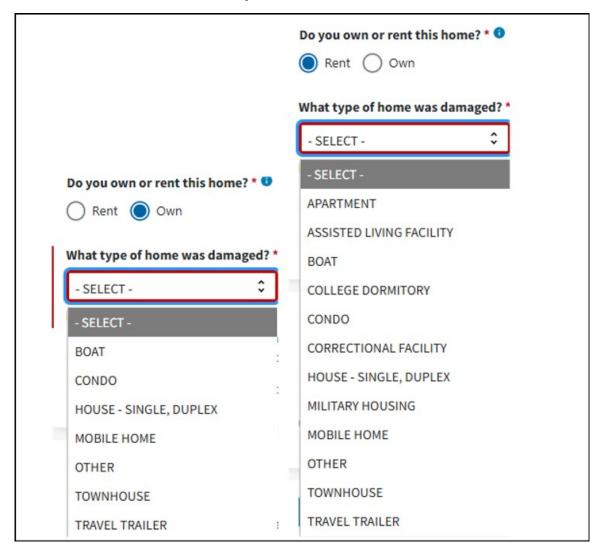

#### Rent/Own

In most cases you can only submit one application per household or address. But there may be cases when we will accept more than one. Anyone living at the address who handles all of their own personal finances may submit their own application.

Examples: A boarder who pays rent for space in the home or roommates who are all named on the lease.

### **Address Help**

# Address Tips

#### Home Address

The inspection teams use your address to find your property. Enter the address exactly as it appears on a utility bill. Do

If you don't have a utility bill:

- · Enter the street address, city, state, and ZIP Code.
- Do NOT shorten words.

Example: Enter "23 BLACK MOUNTAIN RD" instead of "23 BLK MTN RD."

· You can use RURAL ROUTE, RURAL ROAD, FARM ROAD, FM, etc.

The field takes up to 60 characters. If you must shorten words because you reach the character limit, use the following:

- APT for Apartment
- BLDG for Building
- STE for Suite
- RR for Rural Route

### Current Mailing Address

- . If your current mailing address is not the same as the home address, enter the address where you get your mail now.
- The mailing address does not have to be where you're living.
- You may enter a P.O. Box or general delivery address.
- · If possible, enter an address where you will get mail for at least 60 days.

#### American Samoa (AS):

Use the following format for your address:

Example: Village Name, Family Name, Pago Pago, AS 96799

#### Puerto Rico (PR)

Use the following format for your address:

Example: Carr, KM (kilometro), HM (hectometro), Barrio, and Sector.

#### U.S. Virgin Islands (VI)

Do not use lot numbers.

#### Commonwealth of Northern Mariana Islands (CNMI)

For your address - If you don't have a house number, describe the home in the Street Address field.

Examples: "Red house on Papago Drive" or "4th house on the left, Koa Lane."

if you want to apply for medical, dental, funeral, or vehicle only: Enter only the name of the street where the injury, death, or damage occurred.

#### Mailing Address

The mailing address does not need to be where you're living now.

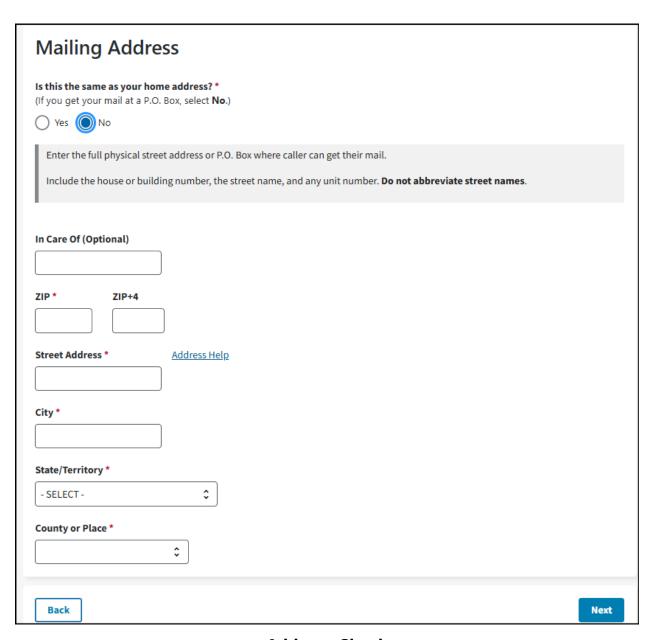

- It can be a P.O. Box or general delivery address.
- If possible, it should be an address where you can get mail for at least 60 days.

For your current mailing address - If you have a private mailbox (PMB), include both the P.O. Box and the PMB in the address line.

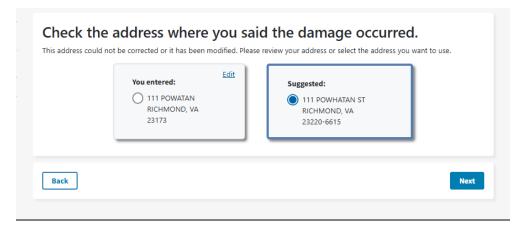

Example: P.O. Box 10001 PMB 27

# Type of Damage

#### Damage Type

Select all damage types that apply. You can have more than one. If you have damage to your home and car by both flood and wind - select both **Flood** and **Tornado, Wind** from the list.

#### Earthquak

Damage caused by severe ground shaking from shifts within the earth's crust.

· Earthquake events also include aftershocks and volcanic eruptions.

#### Fire, Lava Flow, Ash

Damage caused by fire, explosion, smoke, soot, ash, lava or other hazard from a volcanic eruption. If a flood caused a fire — like floodwater caused an electrical fire that destroyed your home — select both **Fire** and **Flood**.

#### Flood

Damaged caused by flood water. This would be a temporary covering — partial or complete — of normally dry areas caused by an outside water source. The water may come from the overflow of inland or tidal waters, or from the rapid buildup of rainwater on or in the ground.

Flood events can include mudslides, mudflows, and landslides (caused by rising water or soaked ground). They can also
include ocean waves that strike and damage your property.

#### Hurricane, Hail, Rain, Wind-driven Rain

Damage caused by rain or wind-driven rain. This includes damage from rain blowing in or around doors or windows and under roofing. This also includes damage from hail that may break or destroy windows and property.

#### Ice, Snow

Damage caused by ice or snow or the buildup of it. This includes damage to your home or personal property from broken tree limbs caused by the weight of ice or snow.

#### Other

Select this type ONLY if another type of disaster event caused your damage and is NOT listed or described in this help text.

#### Power Surge, Lightning

Damage caused by a power surge or lightning strike. This can happen when a quick burst of very high voltage rushes through an electrical circuit into your home. A lightning strike or problem on a power grid can sometimes cause this.

• A power surge event may damage computers and any other plugged-in equipment and devices, even if they are off.

#### Seepage

Damage caused by water under the ground. Water leaks inside slowly through holes, cracks, or pores in surfaces.

Seepage events happen when water-soaked ground is in contact with materials that have holes or can take in water. This
includes concrete blocks often used in foundations and basements.

#### Sewer Backup

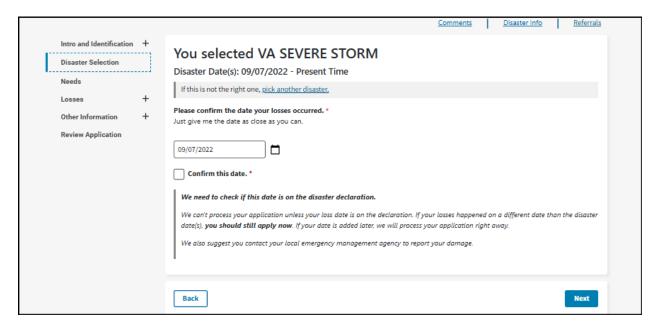

Damage caused by an overflow of water and debris from within a plumbing system.

#### Tornado, Wind

Damage caused by a tornado, hurricane, or straight-line winds. Straight-line winds come from thunderstorms, but don't have rotation like a tornado. Flying debris could cause some damage.

Examples of unknown damage:

You're unsure which of these options best describes your damage.

You can't get to or access your home to see the damage.

You left your home under mandatory evacuation, so you don't know the damage.

### **Home Access**

# Are you safely able to get to your home or leave if you need to? \*

### Read More

We need to know if you are having trouble getting to your home or if you are having trouble getting out to leave safely. You may not be able to do either if the entrance is blocked, a ramp or other accessibility equipment is damaged, or neighborhood roads or bridges are unsafe.

FEMA may be able to help repair a privately owned road, bridge or dock that is the only way to safely access your home.

Yes, I am able to both get to and leave my home.

No, I can't, because of flooding or damage to roads, bridges, or docks.

No, I can't, because of damage to a privately owned road, bridge, or dock.

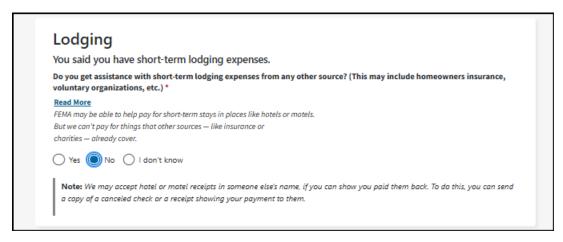

No, I can't, because my medical or accessibility features are damaged. (Like a ramp, elevator, etc.)

No, I can't, due to mandatory evacuation.

# Where do you currently live or stay? \*

If your housing situation changes, sign in to your account or call FEMA to update your application.

Note: If FEMA can safely get to your home, we will come to inspect it. You can still apply for help, even if you can't reach your home right now. But we may need to delay your inspection until it's safe to access. Contact FEMA at 1-800-621-3362 once you can get home.

# Lodging

### You said you have short-term lodging expenses.

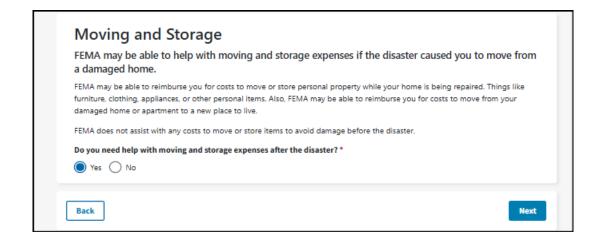

Do you get assistance with short-term lodging expenses from any other source? (This may include homeowners insurance, voluntary organizations, etc.) \*

### Read More

FEMA may be able to help pay for short-term stays in places like hotels or motels. But we can't pay for things that other sources — like insurance or charities — already cover.

### Yes/No/I don't know

Note: We may accept hotel or motel receipts in someone else's name, if you can show you paid them back. To do this, you can send a copy of a canceled check or a receipt showing your payment to them.

# **Moving and Storage**

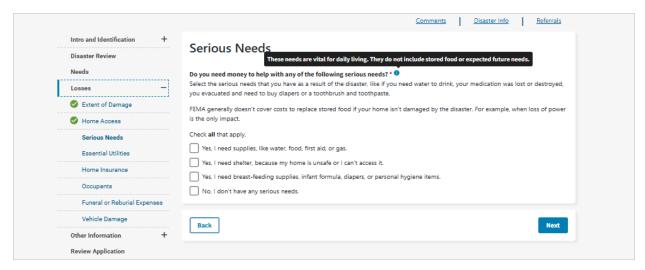

FEMA may be able to help with moving and storage expenses if the disaster caused you to move from a damaged home.

FEMA may be able to reimburse you for costs to move or store personal property while your home is being repaired. Things like furniture, clothing, appliances, or other personal items. Also, FEMA may be able to reimburse you for costs to move from your damaged home or apartment to a new place to live.

FEMA does not assist with any costs to move or store items to avoid damage before the disaster.

# Do you need help with moving and storage expenses after the disaster? \*

### Yes/No

### **Serious Needs**

### Do you need money to help with any of the following serious needs? \*

Select the serious needs that you have as a result of the disaster, like if you need water to drink, your medication was lost or destroyed, you evacuated and need to buy diapers or a toothbrush and toothpaste.

FEMA generally doesn't cover costs to replace stored food if your home isn't damaged by the disaster. For example, when loss of power is the only impact.

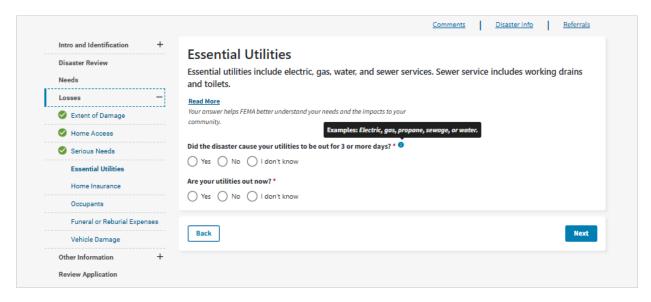

### Check **all** that apply.

Yes, I need supplies, like water, food, first aid, or gas.

Yes, I need shelter, because my home is unsafe or I can't access it.

Yes, I need breast-feeding supplies, infant formula, diapers, or personal hygiene items

No, I don't have any serious needs.

**Banking Information** 

If you qualify, you can choose to have us deposit money directly into your account. This is the fastest and most reliable way to get FEMA assistance.

You need to enter your account information, including routing number, for FEMA to deposit money into your account. If you don't have this information now, you can provide it later.

There is no fee for direct deposit.

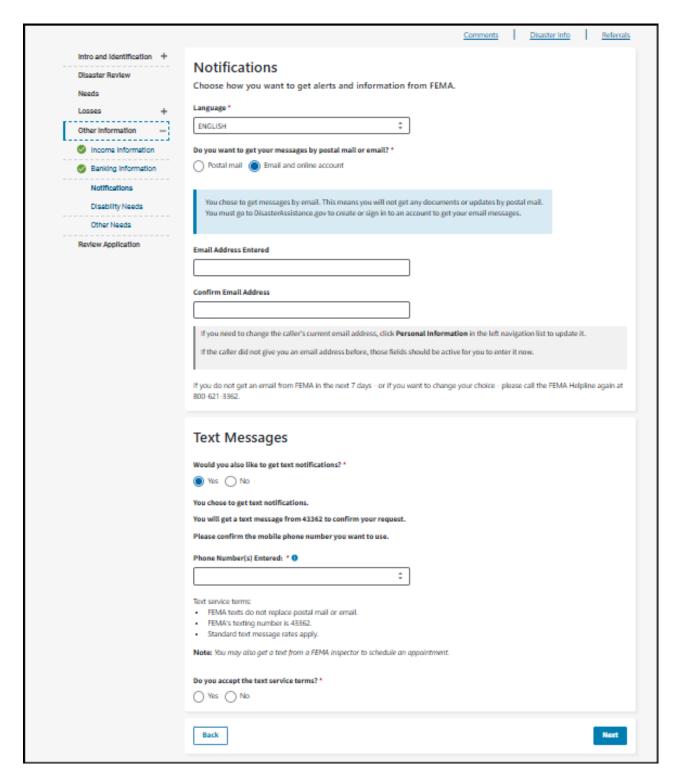

If you choose the **Online or Mobile Payment Option**, a vendor for the U.S. Treasury will contact you. You will get a 9-digit application ID on the **Success** screen after you submit your application. You must provide that number to the vendor when they contact you. Then you will choose how you want to get your money — through a paper check by mail or use another option.

If the vendor can't contact you with the email address you provided, or you don't respond when they try to contact you, we will mail a paper check to your mailing address on file.

# **Review Your Application**

I am about to submit your application to FEMA. You will only be able to make limited changes after I submit it.

### Before I click "Submit" for you, you must certify that:

- The information I entered on your FEMA application is true and correct to the best of your knowledge.
- You understand that FEMA or the state, territory, or tribal authorities may require you to return some or all funds issued to you if any of the following statements are true:
  - You received funds from insurance or other sources for the same loss.
  - · You did not use FEMA, state, territory, or tribal funds for its intended purpose.
  - You received the funds in error.
- You authorize FEMA to verify all information you told me to enter on your application, about your primary home, income, identity, and dependents. They use this to determine your eligibility for assistance.
- You authorize FEMA, state, territory, or tribal authorities to request your personal information from sources like your insurance or financial companies.

# **Application Details**

### Disaster Information

You are applying for VA SEVERE STORM that occurred 09/07/2022 - Present Time.

### Type of Assistance

You are applying for:

- Personal property damage
- Vehicle damage
- New or extra childcare costs
- Access to your home
- Medical or dental expenses
- Lodging expenses
- Funeral or reburial expenses
- Home Safety Need
- Food, clothing, shelter, gas, medication, or medical equipment

### What's Next

### American Sign Language: Next Steps After Applying for FEMA Assistance

FEMA may be able to approve assistance based on what you put on your application. But many times, we need more information.

### What to expect:

- If we need more information, FEMA will call, or send an email or a letter, to ask for what we need.
- If you had disaster damage to your home or personal property, FEMA may confirm the damage by an onsite or remote inspection.
- If you have homeowner's insurance, FEMA may not send an inspector right away. You may need to submit insurance documents before we can schedule an inspection.
- If a FEMA inspector confirms your damage, you will get a decision letter after the inspection.
- If you're approved, based on your choice, you may get a check from the U.S.
   Department of the Treasury or a direct deposit.

• Whether approved for disaster assistance or not, FEMA will send you a letter to explain the decision. The letter will also include instructions on how to appeal if you disagree with FEMA's decision.

# Insurance

Please file a claim with insurance as soon as possible. If your insurance does NOT cover all of your needs, or is delayed, call FEMA's Helpline for more information.
