SUPPLEMENTARY INFORMATION: This notice informs the public that HUD is seeking approval from OMB for the information collection described in Section A. The **Federal Register** notice that solicited public comment on the information collection for a period of 60 days was published on May 15, 2025 at 90 FR 20312.

A. Overview of Information Collection

Title of Information Collection: Public Housing Agency Executive Compensation Information.

OMB Approval Number: 2577–0272.

Type of Request: Reinstatement with change of a currently approved collection.

Form Number: Form HUD–52725.

Description of the need for the information and proposed use: Pursuant to the annually issued notice, most recently PIH Notice 2023–05, HUD collects information from all Public Housing Agencies (PHAs) that administer a public housing or tenant-based rental assistance program on the compensation paid to its employees. More specifically, under this information collection process PHAs are required to report the compensation paid to the top management official, the top financial official, and all employees who are paid an annual salary over the compensation cap imposed by Congress in HUD’s annual appropriations (Level IV of the Executive Schedule). This reporting is similar to the information that non-profit organizations receiving federal tax exemptions are required to report to the IRS annually. Since PHAs receive significant direct federal funds, HUD has been collecting compensation information to enhance regulatory oversight by HUD, as well as by state and local authorities. HUD intends to collect one year of the compensation information once every three years and provides the collected information to the public. The compensation data collected includes base salary, bonus, and incentive and other compensation, and the extent to which these payments are made with any Sections 8 and 9 appropriated funds.

Information collection	Number of respondents	Frequency of responses	Responses per annum	Burden hour per response	Annual burden hours	Hourly cost per response	Annual cost
Executive Compensation HUD–52725	4,000	1	4,000	1	4,000	39.86	\$159,440

SUPPLEMENTARY INFORMATION: We, the U.S. Fish and Wildlife Service, invite the public to comment on applications for permits under section 10(a)(1)(A) of the Endangered Species Act, as amended (ESA; 16 U.S.C. 1531 *et seq.*). The requested permits would allow the applicants to conduct activities intended to promote recovery of species that are listed as endangered or threatened under the ESA.

Background

With some exceptions, the ESA prohibits activities that constitute take of listed wildlife species unless a Federal permit is issued that allows such activity. The ESA’s definition of “take” of wildlife species includes such activities as pursuing, harassing, trapping, capturing, or collecting, in addition to hunting, shooting, harming, wounding, or killing, or attempting to engage in any such conduct.

A recovery permit issued by us under section 10(a)(1)(A) of the ESA authorizes the permittee to conduct activities with endangered or threatened species for scientific purposes that promote recovery or for enhancement of propagation or survival of the species. These activities often include such prohibited actions as capture and collection of listed wildlife species and removal and reduction to possession of listed plant species from an area of federal jurisdiction. Our regulations implementing section 10(a)(1)(A) for these permits are found in the Code of
