

The Commission notes that any foreign regulatory agency that has direct supervisory authority over one or more CSEs and that is responsible for administering the relevant foreign jurisdiction's margin requirements may also apply for a comparability determination. However, once a comparability determination is made for a jurisdiction, it will apply for all entities or transactions in that jurisdiction to the extent provided in the determination, as approved by the Commission. To date, the Commission has issued a comparability determination for 3 jurisdictions.¹⁹ Accordingly, the Commission estimates that it will receive requests from the 13 remaining jurisdictions within the G20,²⁰ in addition to Switzerland. The number of burden hours associated with such requests is estimated to be 40 hours. Accordingly, the respondent burden for this collection is estimated to be as follows:

Estimated Number of Respondents: 14.
Estimated Average Burden Hours per Respondent: 40.
Estimated Total Annual Burden Hours: 560.
Frequency of Collection: Once.

• **Burden Statement—Information Collection for Non-Netting Jurisdictions**

The Commission is revising its estimate of the burden for this collection to reflect the current number of registrants subject to the Commission's margin requirements for uncleared swaps. Specifically, the Commission estimates that approximately 50 CSEs may rely on Commission Regulation 23.160(d).²¹ Furthermore, the

Commission estimates that 50 are CSEs not subject to Prudential Regulation; and are therefore subject to the Commission's margin rules. Since the last PRA renewal of this information collection, the number of CSEs has decreased from 53 to 50. Therefore, the Commission is revising its estimate in light of the current number of Commission-registered CSEs.

¹⁹ See Comparability Determination for Japan: Margin Requirements for Uncleared Swaps for Swap Dealers and Major Swap Participants, 81 FR 63376 (Sep. 15, 2016); Comparability Determination for the European Union: Margin Requirements for Uncleared Swaps for Swap Dealers and Major Swap Participants, 82 FR 48394 (Oct. 18, 2017); and Comparability Determination for Australia: Margin Requirements for Uncleared Swaps for Swap Dealers and Major Swap Participants, 84 FR 12908 (Apr. 3, 2019). The Commission subsequently amended its comparability determination for Japan. See Amendment to Comparability Determination for Japan: Margin Requirements for Uncleared Swaps for Swap Dealers and Major Swap Participants, 84 FR 12074 (Apr. 1, 2019).

²⁰ The G20 is comprised of foreign leaders and central bank managers from the top 19 countries with the largest economies along with the European Union.

²¹ See n.21, *supra*. Because all of these CSEs are eligible to use the special provision for non-netting

Commission estimates that these CSEs would incur an average of 10 annual burden hours to maintain books and records properly documenting that all of the requirements of this exception are satisfied (including policies and procedures ensuring compliance). Accordingly, the respondent burden for this collection is estimated to be as follows:

Estimated Number of Respondents: 50.
Estimated Average Burden Hours per Respondent: 10.
Estimated Total Annual Burden Hours: 500.
Frequency of Collection: Once; As needed.

• **Burden Statement—Information Collection for Non-Segregation Jurisdictions**

The Commission estimates that there are eight jurisdictions for which the first two conditions specified above for non-segregation jurisdictions are satisfied and where FCSs and foreign branches of U.S. CSEs that are subject to the Commission's margin rules may engage in swaps. The Commission estimates that approximately 12 FCSs or foreign branches of U.S. CSEs may rely on Commission Regulation 23.160(e) in some or all of these jurisdictions. The Commission estimates that each FCS or foreign branch of a U.S. CSE relying on this provision would incur an average of 20 annual burden hours to maintain books and records properly documenting that all of the requirements of this provision are satisfied (including policies and procedures for ensuring compliance) with respect to each jurisdiction as to which they rely on the special provision. Thus, based on the estimate of eight non-segregation jurisdictions, the Commission estimates that each of the approximately 12 FCSs and foreign branches of U.S. CSEs that may rely on this provision will incur an estimated 160 average burden hours per year (*i.e.*, 20 average burden hours per jurisdiction multiplied by 8). Accordingly, the respondent burden for this collection is estimated to be as follows:

Estimated Number of Respondents: 12.
Estimated Average Burden Hours per Respondent: 160.
Estimated Total Annual Burden Hours: 1,920.
Frequency of Collection: Once; As needed.

jurisdictions, the Commission estimates that 50 CSEs may rely on Commission Regulation 23.160(d). Since the prior renewal of this information collection, the number of CSEs decreased from 53 to 50.

There are no capital costs or operating and maintenance costs associated with these collections.

(Authority: 44 U.S.C. 3501 *et seq.*)

Dated: September 17, 2025.

Robert Sidman,

Deputy Secretary of the Commission.

BILLING CODE 6351–01–P

CONSUMER PRODUCT SAFETY COMMISSION

[Docket No. CPSC–2012–0056]

Agency Information Collection Activities; Extension of Approval of Information Collection; Standard for Omnidirectional CB Base Antennas

AGENCY: Consumer Product Safety Commission.

ACTION: Notice of Information Collection; Request for Comment.

SUMMARY: As required by the Paperwork Reduction Act of 1995, the Consumer Product Safety Commission (CPSC or Commission) announces that the Commission has submitted to the Office of Management and Budget (OMB) a request for extension of approval of information collection requirements associated with the Safety Standard for Omnidirectional Citizens Band Base Station Antennas. OMB previously approved the collection of information under Control Number 3041–0006. OMB's most recent extension of approval will expire on September 30, 2025. On June 13, 2025, CPSC published a notice in the **Federal Register** to announce the agency's intention to seek extension of approval of the collection of information. The Commission did not receive any public comments. Therefore, by publication of this notice, the Commission announces that CPSC has submitted to the OMB a request for extension of approval of that collection of information.

DATES: Submit comments on the collection of information by October 20, 2025.

ADDRESSES: Submit comments about this request by email: OIRA_submission@omb.eop.gov or fax: 202–395–6881. Comments by mail should be sent to the Office of Information and Regulatory Affairs, Attn: OMB Desk Officer for the CPSC, Office of Management and Budget, Room 10235, 725 17th Street NW, Washington, DC 20503. Written comments that are sent to OMB also should be submitted electronically at <http://>

www.regulations.gov, under Docket No. CPSC–2012–0056.

FOR FURTHER INFORMATION CONTACT:

Cynthia Gillham, Consumer Product Safety Commission, 4330 East West Highway, Bethesda, MD 20814; (301) 504–7791, or by email to: pra@cpsc.gov.

SUPPLEMENTARY INFORMATION: CPSC seeks to renew the following currently approved collection of information:

Title: Standard for Omnidirectional CB Base Antennas.

OMB Number: 3041–0006.

Type of Review: Renewal of collection.

Frequency of Response: On occasion.

Affected Public: Manufacturers, importers, and private labelers of omnidirectional citizens band base station antennas.

General Description of Collection: The Safety Standard for Omnidirectional Citizens Band Base Station Antennas (16 CFR part 1204, subpart A) establishes performance requirements for omnidirectional citizens band base station antennas to reduce unreasonable risks of death and injury that may result if an antenna contacts overhead power lines while being erected or removed from its site. Section 14 of the Consumer Product Safety Act, 15 U.S.C. 2063, and the regulations implementing the standard (16 CFR part 1204, subpart B) require manufacturers, importers, and private labelers of antennas, subject to the standard, to test the antennas for compliance with the standard, maintain records of that testing, and certify compliance with the standard.¹

Estimated Number of Respondents: Ten suppliers may respond to the collection annually by meeting the testing and certification requirements.

Estimated Time per Response: Staff estimates that the average annual recordkeeping burden imposed is approximately 220 hours.

Total Estimated Annual Burden: Based on ten respondents, at 220 hours per response, the total annual burden imposed by the certification regulations on manufacturers, importers and private labelers of omnidirectional citizens band base station antennas is about 2,200 hours.

The Commission staff estimates that the average hourly cost to reporting firms for the time required to perform the required testing and maintain the required records is about \$74.73, based on the reported total compensation for

management, professional, and related employees in goods-producing private industries. This may, however, be an overestimate because respondents to this collection may be foreign manufacturers that are compensated at a lower average wage rate. Total annual cost to the industry is approximately \$164,406 (\$74.73 per hour × 2,200 hours = \$164,406).

Alberta E. Mills,

Secretary, Consumer Product Safety Commission.

BILLING CODE 6355–01–P

CORPORATION FOR NATIONAL AND COMMUNITY SERVICE

Agency Information Collection Activities; Comment Request; AmeriCorps State and National Project Progress Reports

AGENCY: Corporation for National and Community Service.

ACTION: Notice of information collection; request for comment.

SUMMARY: In accordance with the Paperwork Reduction Act of 1995, the Corporation for National and Community Service (operating as AmeriCorps) is proposing to renew an information collection.

DATES: Written comments must be submitted to the individual and office listed in the **ADDRESSES** section by November 18, 2025.

ADDRESSES: You may submit comments, identified by the title of the information collection activity, by any of the following methods:

(1) Electronically through www.regulations.gov.

(2) By mail sent to: AmeriCorps, Attention Colleen Holohan, Acting Deputy Director, AmeriCorps State and National, 250 E Street SW, Washington, DC 20525.

(3) By hand delivery or by courier to the AmeriCorps mailroom at the mail address given in paragraph (2) above, between 9 a.m. and 4 p.m. Eastern Time, Monday through Friday, except Federal holidays.

Comments submitted in response to this notice may be made available to the public through regulations.gov. For this reason, please do not include in your comments information of a confidential nature, such as sensitive personal information or proprietary information. If you send an email comment, your email address will be automatically captured and included as part of the comment that is placed in the public

docket and made available on the internet. Please note that responses to this public comment request containing any routine notice about the confidentiality of the communication will be treated as public comment that may be made available to the public, notwithstanding the inclusion of the routine notice.

FOR FURTHER INFORMATION CONTACT:

Colleen Holohan, Acting Deputy Director, AmeriCorps State and National, 202–606–6656, or by email at cholohan@americorps.gov.

SUPPLEMENTARY INFORMATION:

Title of Collection: AmeriCorps State and National Project Progress Reports (PPRs).

OMB Control Number: 3045–0184.

Type of Review: Renewal.

Respondents/Affected Public:

Businesses and Organizations; State, Local or Tribal Governments.

Total Estimated Number of Annual Responses: 454 (350 AmeriCorps State and National grantees, 52 Commission Support Grant grantees, and 52 Commission Investment Fund grantees).
Total Estimated Number of Annual Burden Hours: 12,240.

Abstract: AmeriCorps uses information collected in the Project Progress Reports (PPRs) to assess AmeriCorps State and National grantee progress toward meeting approved objectives, to identify areas of challenge and opportunity, to guide the allocation of training and technical assistance resources, and to compile portfolio-wide data to report to external stakeholders. The currently approved information collection is due to expire on December 31, 2025.

Comments submitted in response to this notice will be summarized and/or included in the request for OMB approval. Comments are invited on: (a) whether the collection of information is necessary for the proper performance of the functions of the agency, including whether the information shall have practical utility; (b) the accuracy of the agency's estimate of the burden of the collection of information; (c) ways to enhance the quality, utility, and clarity of the information to be collected; (d) ways to minimize the burden of the collection of information on respondents, including through the use of automated collection techniques or other forms of information technology; and (e) estimates of capital or start-up costs and costs of operation, maintenance, and purchase of services to provide information. Burden means the total time, effort, or financial resources expended by persons to generate, maintain, retain, disclose, or

¹ Although the Commission is submitting this request as required by the PRA, on August 19, 2025, the Commission voted to direct staff to prepare and submit for Commission consideration a notice of revocation of the Safety Standard for Omnidirectional Citizens Band Base Station Antennas.
