NOTICE TO APPLICANTS

The Federal Communications Commission uses the information collected in the FCC Form 183 to determine whether an applicant is legally, technically, and financially qualified to participate in a Commission auction for Rural Digital Opportunity Fund support. The Commission's auction, including the collection of information to determine an applicant's qualifications to participate pursuant to Commission rules and requirements, is designed to limit the competitive bidding to qualified applicants; to deter possible abuse of the bidding process; and to enhance the use of competitive bidding to distribute Rural Digital Opportunity Fund support in furtherance of the public interest.

The Commission estimates that each response to this collection of information will take on average 7 hours. Our estimate includes the time to read the instructions, look through existing records, gather and maintain required data, and actually complete and review the form or response. If you have any comments on this estimate, or on how we can improve the collection and reduce the burden it causes you, please write the Federal Communications Commission, AMD-PERF, Washington, D.C. 20554, Paperwork Reduction Project (3060-1252). We will also accept your comments regarding the Paperwork Reduction Act aspects of this collection via the Internet if you send them to PRA@fcc.gov. PLEASE DO NOT SEND COMPLETE APPLICATION FORMS TO THIS ADDRESS.

You are not required to respond to a collection of information sponsored by the Federal government, and the government may not conduct or sponsor this collection, unless it displays a current valid Office of Management and Budget (OMB) control number with this notice. This collection has been assigned OMB control number 3060-1252.

THE FOREGOING NOTICE IS REQUIRED BY THE PAPERWORK REDUCTION ACT OF 1995, PUBLIC LAW 104-13, OCTOBER 1, 1995, 44 U.S.C. SECTION 3507.
