Routine Customer Feedback” (OMB Control Number: 1545-1432)**

TITLE OF INFORMATION COLLECTION: SBSE Field Specialty Employment Tax
Customer Satisfaction (CSAT) Survey

PURPOSE:

BACKGROUND: The mission of the IRS is to provide America’s taxpayers with top-quality service by helping them understand and meet their tax obligations and by applying the tax law with integrity and fairness to all. To promote this mission, one IRS strategic goal is to “improve service to make voluntary compliance easier.” Key to continuous progress towards this goal is the capacity to measure the current state of taxpayer service, track changing taxpayer service expectations and the extent to which they are being met, identify critical taxpayer issues and service deficiencies, and take effective action to address and improve services.

This request for approval specifically addresses the SBSE Field Specialty Employment Tax CSAT survey which measures external customer satisfaction with its products and services to ensure these programs enhance taxpayer's abilities to understand and meet their obligations under Federal tax laws. Feedback from external customer satisfaction surveys is critical for assessing the customer’s perception of our products and services and to help identify, as early as possible, areas/processes that require intervention and improvement.
