ENERGY Water Heaters Partner
Unit Shipment Data for Calendar Year 2025
Office of Atmospheric Programs

This collection of information is approved by OMB under the Paperwork Reduction Act, 44 U.S.C. 3501 et seq. (OMB Control No. 2060-0528). Responses to this collection of information are voluntary (Section 103(g) of the Clean Air Act). An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid OMB control number. The public reporting and recordkeeping burden for this collection of information is estimated to be 17.5 hours per response. Send comments on the Agency's need for this information, the accuracy of the provided burden estimates and any suggested methods for minimizing respondent burden to the Regulatory Support Division Director, U.S. Environmental Protection Agency (2821T), 1200 Pennsylvania Ave., NW, Washington, D.C. 20460. Include the OMB control number in any correspondence. Do not send the completed form to this address.

PARTNER NAME (Per your Partnership Agreement):

SUBMITTED BY (Your name):

IMPORTANT: Please read these instructions carefully before completing this form.

- Report shipments to or within the U.S. of all models certified under your ENERGY STAR partnership.
- To ensure no double counting occurs, do not report shipments of products certified under another company's partnership, even if you are the Original Equipment Manufacturer of those products. As a reminder, any product sold under a brand name your company owns or licenses must be certified under your ENERGY STAR partnership.

[This form is programmed to calculate your total shipments. Therefore, EPA strongly encourages you to](#)

If you shipped zero ENERGY STAR certified models to or within the U.S. in 2025, please check here and leave the table below blank.

Reporting Period: CALENDAR YEAR 2025 (JAN. 1 TO DEC. 31)	
Water Heater Product Type*	ENERGY STAR® U.S. Unit Shipments
Gas Storage	-
≤ 55 gallons	
> 55 gallons**	
Gas Tankless	
Heat Pump	-
≤ 55 gallons (integrated 240 volt)	
≤ 55 gallons (integrated 120 volt)	
> 55 gallons – ≤ 120 gallons (integrated 240 volt)	
> 55 gallons – ≤ 120 gallons (integrated 120 volt)	
> 120 gallons	
Residential-duty Commercial	
Solar	
Total	-

*Components or parts associated with an ENERGY STAR certified Solar Water Heater model, sold either as a complete kit or separately, must be counted towards the U.S. Unit Shipment number. For example, all components related to a single Solar Water Heater that meets the ENERGY STAR requirement of a solar energy factor greater than or equal to 1.2 for gas and 1.8 for electric backup, must be counted towards and as a single Solar Water Heater shipped.

**There are zero ENERGY STAR certified Gas Storage water heaters in the >55 gallons category, so EPA anticipates zero shipments in this category.

Submission Deadline: March 1, 2026
