ENERGY STAR Window, Door, or Skylight Partner
Unit Shipment Data for Calendar Year 2025
Office of Atmospheric Programs

This collection of information is approved by OMB under the Paperwork Reduction Act, 44 U.S.C. 3501 et seq. (OMB Control No. 2060-0528). Responses to this collection of information are voluntary (Section 103(g) of the Clean Air Act). An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid OMB control number. The public reporting and recordkeeping burden for this collection of information is estimated to be 17.5 hours per response. Send comments on the Agency's need for this information, the accuracy of the provided burden estimates and any suggested methods for minimizing respondent burden to the Regulatory Support Division Director, U.S. Environmental Protection Agency (2821T), 1200 Pennsylvania Ave., NW, Washington, D.C. 20460. Include the OMB control number in any correspondence. Do not send the completed form to this address.

PARTNER NAME (Per your Partnership Agreement):

SUBMITTED BY (Your name):

IMPORTANT: Please read these instructions carefully before completing this form.

• Report shipments to or within the U.S. of all models certified under your ENERGY STAR partnership.

• To ensure no double counting occurs, do not report shipments of products certified under another company's partnership, even if you are the Original Equipment Manufacturer of those products. As a reminder, any product sold under a brand name your company owns or licenses must be certified under your ENERGY STAR partnership.

*Do not include ENERGY STAR certified units shipped to the wrong climate zone (a zone the unit is not certified for) in the ENERGY STAR U.S. unit shipment count.

**To ensure EPA's market penetration calculations are accurate, EPA requests that you provide your total U.S. shipments (ENERGY STAR certified products plus non-ENERGY STAR products) for Calendar Year 2024 to inform the aggregated industry total. The U.S. shipments are for residential products that fall within the general scope of the product specification but may not meet the ENERGY STAR performance criteria (e.g. windows that could meet the building code in a U.S. home).

This form is programmed to calculate your total shipments. Therefore, EPA strongly encourages you to com

If you shipped zero ENERGY STAR certified models to or within the U.S. in 2025, please check here and leave the table below blank.

Reporting Period: Calendar Year 2025 (JAN. 1 TO DEC. 31)

Window Product Type

Northern Zone Window Products
