<b>Total Labor Burden and Costs (rounded) <sup>g</sup></b>				
<b>Total Capital and O&amp;M Cost (rounded) <sup>g</sup></b>				
<b>GRAND TOTAL (rounded) <sup>g</sup></b>				

**Assumptions:**

<sup>a</sup> We have assumed that there are approximately 254 respondents, with no additional new or reconstructed sources becoming subject to NSPS.

<sup>b</sup> This ICR uses the following labor rates: Managerial \$172.41 (\$82.10+ 110%); Technical \$141.75 (\$67.50 + 110%); and Clerical \$101.25 (\$48.25 + 110%). The rates are based on the 2019 United States Department of Labor, Bureau of Labor Statistics, December 2023, “Table 2. Civilian workers by occupational and detailed occupation, sex, race, and hispanic or latino ethnicity, 2019.” The rates are increased by 110 percent to account for varying industry wage rates and the additional over their wages and benefits, including business expenses associated with hiring, training, and equipping their employees.

<sup>c</sup> We have assumed that it will take twenty-eight hours for each new respondent to perform the initial performance test.

<sup>d</sup> We have assumed that 20 percent of respondents would repeat performance test due to failure.

<sup>e</sup> Applies to new or reconstructed sources. There are no additional new or reconstructed sources anticipated to become subject t

<sup>f</sup> We have assumed that each respondent will take one hour to record information on startup, shutdown, malfunction.

<sup>g</sup> Totals have been rounded to 3 significant figures. Figures may not add exactly due to rounding.

Review test results	8	1.2	9.6	0	0
<b>Total Annual Burden and Cost (rounded) <sup>e</sup></b>					

**Assumptions:**

<sup>a</sup> We have assumed that there are approximately 254 respondents, with no additional new or reconstructed sources between three years.

<sup>b</sup> This cost is based on the average hourly labor rate as follows: Managerial \$76.91 (GS-13, Step 5, \$48.07 + 60%); Technical \$60.00 (GS-13, Step 5, \$36.00 + 60%); and Clerical \$30.88 (GS-6, Step 3, \$19.30 + 60%). This ICR assumes that Managerial hours are 5 percent of Technical hours. These rates are from the Office of Personnel Management (OPM), 2024 General Schedule. The rates have been increased by 60 percent to account for the benefit packages available to government employees.

<sup>c</sup> We have assumed that it will take twenty-four hours for each new respondent to perform the initial performance test.

<sup>d</sup> We have assumed that 20 percent of new respondents would repeat performance test due to failure.

<sup>e</sup> Totals have been rounded to 3 significant figures. Figures may not add exactly due to rounding.
