Public reporting burden for this collection of information is estimated to average 1 hour per response, including the time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information. Send comments regarding this burden estimate or any aspect of this collection of information, including suggestions for reducing this burden, to Washington Headquarters Service, Paperwork Project Director, Paperwork Reduction Project (0704-0188), Washington, DC 20503.

Instructions	
Please use the instructions below to fill out this data report. Below you will find general instructions. You can refer to the "Example" sheet to see an example of how data should be entered.	
Include the date that data is being reported for in the file name (not the date that the report was created).	
Do not edit or enter any data on this sheet.	
Do not edit fields marked "FNS Use Only."	
Data should ONLY be entered into white cells. Grey and blue cells contain formulas or are locked.	
All other cells are protected to prevent formulas from being edited. If you require any edits, please contact the FNS Helpdesk.	
For any fields where data is "0" please be sure to enter a zero. Do not leave it blank.	
Each "block" should have data for a single County or disaster site. If you need additional "blocks", please use the "Additional Blocks" sheet.	
Each row should only have data for a single date. Please do not provide cumulative data in a single row.	
The "Total" rows at the top of the spreadsheet and the "Grand Total" sheet will calculate to the total of all rows.	
Do not enter any data on the Total row or the Grand Total sheet. If you need additional rows, please use the "Additional Rows" sheet.	
Only use this sheet if you have a hybrid D-SNAP operation.	
Column Specific Instructions	
Instructions	
Enter the name of the county or application site for which data is being reported. Each "Disaster Location" block should have data for a single county or D-SNAP site.	
Enter the date for which data is being reported.	
Enter the number of pre-registrations received. These are NOT counted as applications until an interview occurs. If you are not using a pre-registration system, please leave this column blank.	
Enter the number of pre-registrations that have not yet had an interview. These are pre-registrations that clients have submitted but have not yet taken action to call in or visit an onsite location to complete the application process.	

Enter the total number of D-SNAP applications taken. This should NOT include an affidavit for disaster replacement benefits or SNAP supplements.

Enter the number of applications taken via a telephonic method or on-site.

Enter the total number of households approved for D-SNAP benefits. This could also include pending applications from previous days.

Enter the total number of persons approved for D-SNAP benefits. This could also include pending applications from previous days.

Enter the total \$ amount of benefits issued. This could also include benefits issued to cases that were pending from previous days.

This is automatically

Enter the number of households denied on the day for which data is being reported. This could also include pending applications from previous days that were denied.

This is automatically calculated with a formula. Do not enter data here. This will subtract the number of households denied from the number of households approved. If you have a negative value in the pending applications column, there is a discrepancy.

Enter the number of households that were issued supplemental SNAP benefits.

Enter the number of persons issued supplements.

Enter the total \$ amount of supplements issued.

This is automatically

This is automatically

These are for re

Enter the number of cards mailed to households.

Enter the number of cards picked up by households at a site.

Enter the number of cards mailed and returned to households.

Enter the number of client complaints regarding difficulty obtaining an interview to households.

Enter the number of fair hearing requests by households.

Enter the average wait time for an interview in hours and minutes (hh:mm).

Enter the number of calls answered.

Enter the number of calls abandoned.

Enter the average call completion time in hours and minutes (hh:mm).

[illegible]

Check that "New Approved Households" + "Households Denied" $\leq$ "New Apps Taken"

(If there are pending applications, the number of households approved + denied may be greater than the number of new applications taken on a given day since the State may be processing cases from previous days. However, for the entire operation, number of households approved + denied should never be greater than the number of new apps taken.)

Check that "On-site" + "Telephonic applications" = "New Apps Taken" (Columns F + G = E)
--

--

--

--

households denied from the number of applications received. There have been more applications approved and denied than applications taken.

D-SNAP Virtual Data

Only fill this out if your D-SNAP operation has an approved virtual component. Do not fill this out if you have no virtual component. Total Cards Issued rows. They will be calculated for you.

Date	Number of cards mailed	Number of cards picked up	Number of cards mailed and returned	Number of complaints regarding difficulty obtaining an interview
Program Total	0	0	0	0
Total Number of Cards Issued				
0				

ta				
you operated a fully in-person D-SNAP. Do not enter data in the Program Total or culated automatically.				
Number of fair hearing requests	Average wait time for an interview	Number of calls answered	Number of calls abandoned	Average call completion time
0	#DIV/0!	0	0	#DIV/0!

D-SNAP DAILY
