ANNUAL CATCHER VESSEL CRAB EDR

Introduction

This report collects information on Bering Sea and Aleutian Islands Management Area (BSAI) crab operations, including Western Alaska Community Development Quota Program (CDQ) crab fisheries. The fisheries are referred to as Crab Rationalization fisheries (CR fisheries). Pursuant to the legislation, the data and identifiers will also be used for program enforcement and determination of qualification for quota shares. Consequently, identifiers and data will be disclosed to NOAA Enforcement, NOAA General Counsel, the Antitrust Division of the Department of Justice, the Federal Trade Commission, and NOAA Restricted Access Management Program.

You have received this form because our records show that you are either the owner of a catcher vessel that participated in the BSAI crab fisheries in the past or were leased a catcher vessel that participated in the BSAI crab fisheries in the past. **You are required to submit the Certification Pages (pages 3 and 4) and any additional information requested in the Economic Data Report (EDR). Failure to submit an EDR form when required may result in delay or denial of any and all federal fishery permit applications.**

To make sure that each company is consistently and accurately completing the EDR, random audits will be performed by a qualified accountant on some of the EDRs for a subset of the crab fishery participants. This step will ensure that the data can be relied upon to produce accurate and reliable information for the Alaska crab fisheries.

Auditors will verify records by comparing specific elements of the report with your accounting records. To make this activity as efficient and non-intrusive as possible, we suggest that you:

1. Keep a copy of the completed EDR or certification pages you submit to the Data Collection Agent (DCA). Copy and attach extra sheets as needed.
2. Keep a file that has all of the supporting information used in the preparation of the EDR.
3. Make sure that the EDR agrees to the company's highest level of financial information. For this purpose, the highest level of financial information is defined in order as:
 - a. Audited financial statements
 - b. Reviewed financial statements
 - c. Compiled financial statements
 - d. Tax returns.

Record only whole numbers. Round up dollar figures to the next highest dollar

The completed EDR and/or EDR certification pages must be submitted to the Data Collection Agent (DCA) for each calendar year on or before July 31 of the following year, electronically or at the address provided on the form.

Definition of "Leaseholder": For the purpose of defining the persons responsible for submitting the EDR, a Leaseholder is a person, other than the owner of the catcher vessel for which the EDR is required, who: was identified as the leaseholder, in a written lease, of the catcher vessel, OR paid expenses of the catcher vessel, OR claimed expenses for the catcher vessel as a business expense on schedule C of his/her Federal Income Tax Return, or on a State Income Tax Return.

1. CR Crab Ex-vessel Sales, by CR Fishery and Quota Type

In Table 1 below, record the total pounds sold and gross revenue received for ex-vessel sales to crab buyers for all CR crab landed by the vessel during calendar year 2024. Report pounds and revenue for each CR fishery and harvest quota permit type separately, using the CR Fishery codes from Table A and Quota Type codes from Table B. *Report all crab landed by the vessel, including all crab landed using harvest quota held by or leased from a harvest cooperative or other entity.*

Pounds Sold: Record the total pounds of BSAI crab landed by this vessel and sold to crab buyers during the previous calendar year. Exclude deadloss crab that is discarded unsold at the landing.

Gross Revenue: Record the gross revenue from crab delivered to processors during the calendar year. Report the gross ex-vessel revenue value of all landings, before deductions for taxes, bait, quota royalties, or other withholding by crab buyers or other entities. Include all post-season adjustments received by the date of submitting this EDR, but do not report any payments not yet received as of this date.

2. CR Crab Fishing Quota Costs, by CR Fishery and Quota Type Market-Value and Negotiated-Price Transfers Only

In Table 2 below, record the total pounds and monetary cost for negotiated transfers of annual crab fishing quota (IFQ and CDQ) pounds received for harvest on your vessel during calendar year 2024 by CR fishery and harvest quota permit type. Use the CR Fishery codes from Table A and Quota Type codes from Table B.

Include only transfers of quota for which you paid only monetary compensation, based on the market value or a price negotiated between you and the quota holder(s). Do **not** include quota transfers for which:

- payment was based on a nominal (or non-negotiated) price, **or**
- non-monetary or in-kind compensation was included in the transaction, in addition to transferred quota pounds and monetary payment, **or**
- you did not catch the transferred quota pounds on this vessel by the end of the season, or re-transferred the quota pounds for use by another vessel.

For all market-value and/or negotiated-price quota transfers, report the following:

Pounds Transferred: Record the total pounds of transferred crab fishing quota used to land crab caught by the vessel during the previous calendar year.

Total Cost: Record the total gross cost paid as monetary compensation, after taxes or fees are deducted. Include all post-season adjustments paid as of the date of submitting this EDR, but do not report any payments not paid by this date.

3. CR Crab Crew Labor Costs, by CR Fishery

In Table 3 below, record the total direct payment to vessel crew and captain for labor performed in CR fisheries during calendar year 2024 by CR fishery. Use the CR Fishery codes from Table A.

Report the payment amount actually paid to vessel crew and captain in settlements, not earnings before fishing-related expenses (such as fuel, bait, or food and provisions) were deducted. Exclude any payments for labor provided before or after crab fishing seasons, or for crab fishing quota that the crew or captain leased to the vessel. Exclude non-wage expenses such as payroll taxes, unemployment insurance, workmen's compensation, and exclude costs of non-wage benefits provided such as paid travel, health insurance, or retirement.

Labor Payment – Fishing Crew: Record the total amount paid to vessel crew members for fishing labor services in CR fisheries during the previous calendar year, not including any amount paid to individuals as captain or vessel master. Include all post-season adjustments paid as of the date of submitting this EDR.

Labor Payment - Captain: Record the total payment made to the captain(s) for vessel master services in CR fisheries during the previous calendar year. Include all post-season adjustments paid as of the date of submitting this EDR.

4: Vessel Operating Expenses, by CR Fishery

In Table 4 below, record the following operating expenses for this vessel, by CR fishery. Include any taxes paid in the cost value reported. Use the CR Fishery codes from Table A.

If one or more of the items listed below are not purchased and/or tracked in your accounting system on a fishery basis, estimate the amount for each fishery for EDR reporting purposes by pro-rating the total amount purchased or consumed based on the average daily use or cost of the item during fishery operations and number of days operating in each fishery.

Food and Provisions – Total Cost: Record the total cost of food and provisions purchased for use in each CR fishery during the previous calendar year.

Crab Bait Purchased - Total Cost: Record the total cost of bait purchased for use in each CR fishery during the calendar year. Do not include cost of bait used in CR fisheries during 2024 that was purchased for fisheries occurring prior to the 2024 calendar year.

Fuel Consumed – Gallons Only: Record the total gallons of fuel consumed by the vessel while operating in each of the CR fisheries. Include the amount of fuel used during directed fishing, searching, traveling between delivery port and fishing grounds, and offloading catch. Do not include amount of fuel used transiting to and from your home port before and/or after crab fishery operations.

6. BSAI Crab Crew Licenses and CFEC Permits

In Table 6 below, for each individual who worked as a captain or crewmember during the previous calendar year, record either the Alaska Commercial Crew license number or a State of Alaska Commercial Fisheries Entry Commission (CFEC) gear operator permit number. Do not record more than one license or permit number for any individual, but include every individual that worked on the vessel as a captain or crewmember during CR fisheries.

For Commercial Crew Licenses, report the full 7-digit license number. For Gear Operator Permits, include the fishery code and permit number (e.g., M71B25321N). Indicate if the number reported is an ADF&G Commercial Crew License number or a CFEC Gear Operator Permit Number in the appropriate checkbox, and only record one license or permit number per crewmember.
