

EAAA Training: Feedback Form Introduction Speech

EAAA facilitator: *Please read this script to introduce the purpose of the feedback form to the EAAA participants.*

When: *Please read this upon completion of the training on Sunday, ahead of sharing the QR code with sailors.*

- As you know, the Navy has asked NORC at the University of Chicago to conduct an evaluation of the EAAA training. As part of this evaluation, NORC is collecting voluntary training feedback from all participants.
- Your confidential feedback will not be shared with me or any other NATTC staff. It will only be seen by the NORC research team to evaluate the fidelity and effectiveness of this program.
- Please take 5 minutes now to provide your feedback. You should have received a personalized invitation text with the link and pin. If you did not, scan the QR code we will be sharing at the end of this announcement, and individually ask us for your pin. The QR code will direct you to norc.org, a non-government website, to provide your feedback.
- After providing your feedback, NORC will separately confirm your information to be sure you receive your volunteer certificate.
- If you do not have 5 minutes now, you do have until Tuesday midnight to complete the form. You will receive up to two additional texts about this feedback form. Once you complete the feedback, you will stop receiving reminders. But importantly, if you don't complete the form by Tuesday midnight, we will not be able to process the volunteer hours for your weekend time.
- Your feedback is valuable and will help the research team know if the training is beneficial to you and future sailors.
- Feel free to let us know if you have any questions.
