SUPPLEMENTARY INFORMATION: On June 4, 2024, we published the NIA in the **Federal Register** (89 FR 47928). Under the NIA, applications were due on August 5, 2024. We are reopening this competition to allow affected applicants (as defined under *Eligibility*) more time—until August 12, 2024—to prepare and submit their applications.

Eligibility: The extended application deadline applies only to eligible applicants under the FY 2024 Basic Needs for Postsecondary Students Program competition that are affected applicants. An eligible applicant for this competition is defined in the NIA. To qualify as an affected applicant, the applicant must have a mailing address that is located in the federally declared disaster area and must provide appropriate supporting documentation, if requested.

The applicable federally declared disaster area under this declaration is the area in which assistance to individuals or public assistance has been authorized under FEMA's disaster declaration for Texas Hurricane Beryl DR-4798-TX. See the disaster declaration available at <https://www.fema.gov/disaster/4798>.

Affected applicants that have already timely submitted applications under the FY 2024 Basic Needs for Postsecondary Students Program competition may resubmit applications on or before the extended application deadline of August 12, 2024, but are not required to do so. If a new application is not submitted, the Department will use the application that was submitted by the original deadline. If a new application is submitted, the Department will consider the application that is last submitted and timely received by 11:59:59 p.m., Eastern Time, on August 12, 2024.

Any application submitted by an affected applicant under the extended deadline must contain evidence (e.g., the applicant organization mailing address) that the applicant is located in the applicable federally declared disaster area and, if requested, the applicant must provide appropriate supporting documentation.

The application period is not reopened for all applicants. Applications from applicants that are not affected, as defined above, will not be accepted past the original August 5, 2024, deadline.

Note: All information in the NIA for this competition remains the same, except for the deadline for the transmittal of applications for affected applicants and the deadline for intergovernmental review.
