

time if such action is consistent with the protection of investors and the public interest. The Exchange has asked the Commission to waive the 30-day operative delay so that the proposal may become operative immediately upon filing. According to the Exchange, waiver of the operative delay would allow the Exchange to enhance market quality without delay by imposing bid/ask differential requirements on Market-Makers that will result in tighter markets. In addition, the proposed requirements are substantively identical to the rules of another exchange. For the foregoing reasons, the Commission believes that the proposed rule change presents no novel issues and that waiver of the 30-day operative delay is consistent with the protection of investors and the public interest. Accordingly, the Commission hereby waives the 30-day operative delay and designates the proposal operative upon filing.¹¹

At any time within 60 days of the filing of the proposed rule change, the Commission summarily may temporarily suspend such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act. If the Commission takes such action, the Commission shall institute proceedings under Section 19(b)(2)(B)¹² of the Act to determine whether the proposed rule change should be approved or disapproved.

Notice is hereby given that, pursuant to the Paperwork Reduction Act of 1995 (44 U.S.C. 3501 *et seq.*), the Securities and Exchange Commission ("Commission") has submitted to the Office of Management and Budget requests for extension of the previously approved collections of information discussed below.

Section 32(a)(2) of the Investment Company Act of 1940 (15 U.S.C. 80a-31(a)(2)) ("Act") requires that the selection of a registered management investment company's or registered face-amount certificate company's (collectively, "funds") independent public accountant be submitted to shareholders for ratification or rejection.
