Native Hawaiian Health Scholarship Program (NHHSP) Applicant Information Screen User Guide

March 2019

Public Burden Statement: The purpose of this information collection is to obtain information through the Native Hawaiian Health Scholarship Program, which is used to assess an applicant's eligibility and qualifications for the NHHSP. Clinicians interested in participating in the NHHSP must submit an application to the NHHSP, which is administered by Papa Ola Lokahi. An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid OMB control number. The OMB control number for this information collection is 0915-0146 and it is valid until xx/xx/xxxx. This information collection is required to obtain or retain a benefit (The Native Hawaiian Health Care Improvement Act of 1992, as amended [42 U.S.C. 11709]). The information is protected by the Privacy Act, but it may be disclosed outside the U.S. Department of Health and Human Services, as permitted by the Privacy Act and Freedom of Information Act, to Congress, the National Archives, and the Government Accountability Office, and pursuant to court order and various routine uses as described in the System of Record Notice 09-15-0037. Public reporting burden for this collection of information is estimated to average xx hour per response, including the time for reviewing instructions, searching existing data sources, and completing and reviewing the collection of information. Send comments regarding this burden estimate or any other aspect of this collection of information, including suggestions for reducing this burden, to HRSA Reports Clearance Officer, 5600 Fishers Lane, Room 14NWH04, Rockville, Maryland, 20857.

1.2	Chris Hester	3-27-19	Minor language updates

Introduction: NHHSP Applicant Information Screen User Guide

Overview: NHHSP is a merit based scholarship program that recruits participants focused within primary care health disciplines and dedicated to providing primary health services to Native Hawaiians and their families in Hawaii. The NHHSP is administered by the BHW program NURSE Corps and is also currently administered in conjunction with the Grantee, Papa Ola Lokahi (POL), which is located in Hawaii. The NHHSP is currently managed within the BHW Management Information System Solution (BMISS) platform.

Goal: The goal of the NHHSP Applicant Information Screen User Guide is to provide guidance on entering NHHSP applicant information into BMIS.

Roles: NHHSP Analysts

Preconditions:

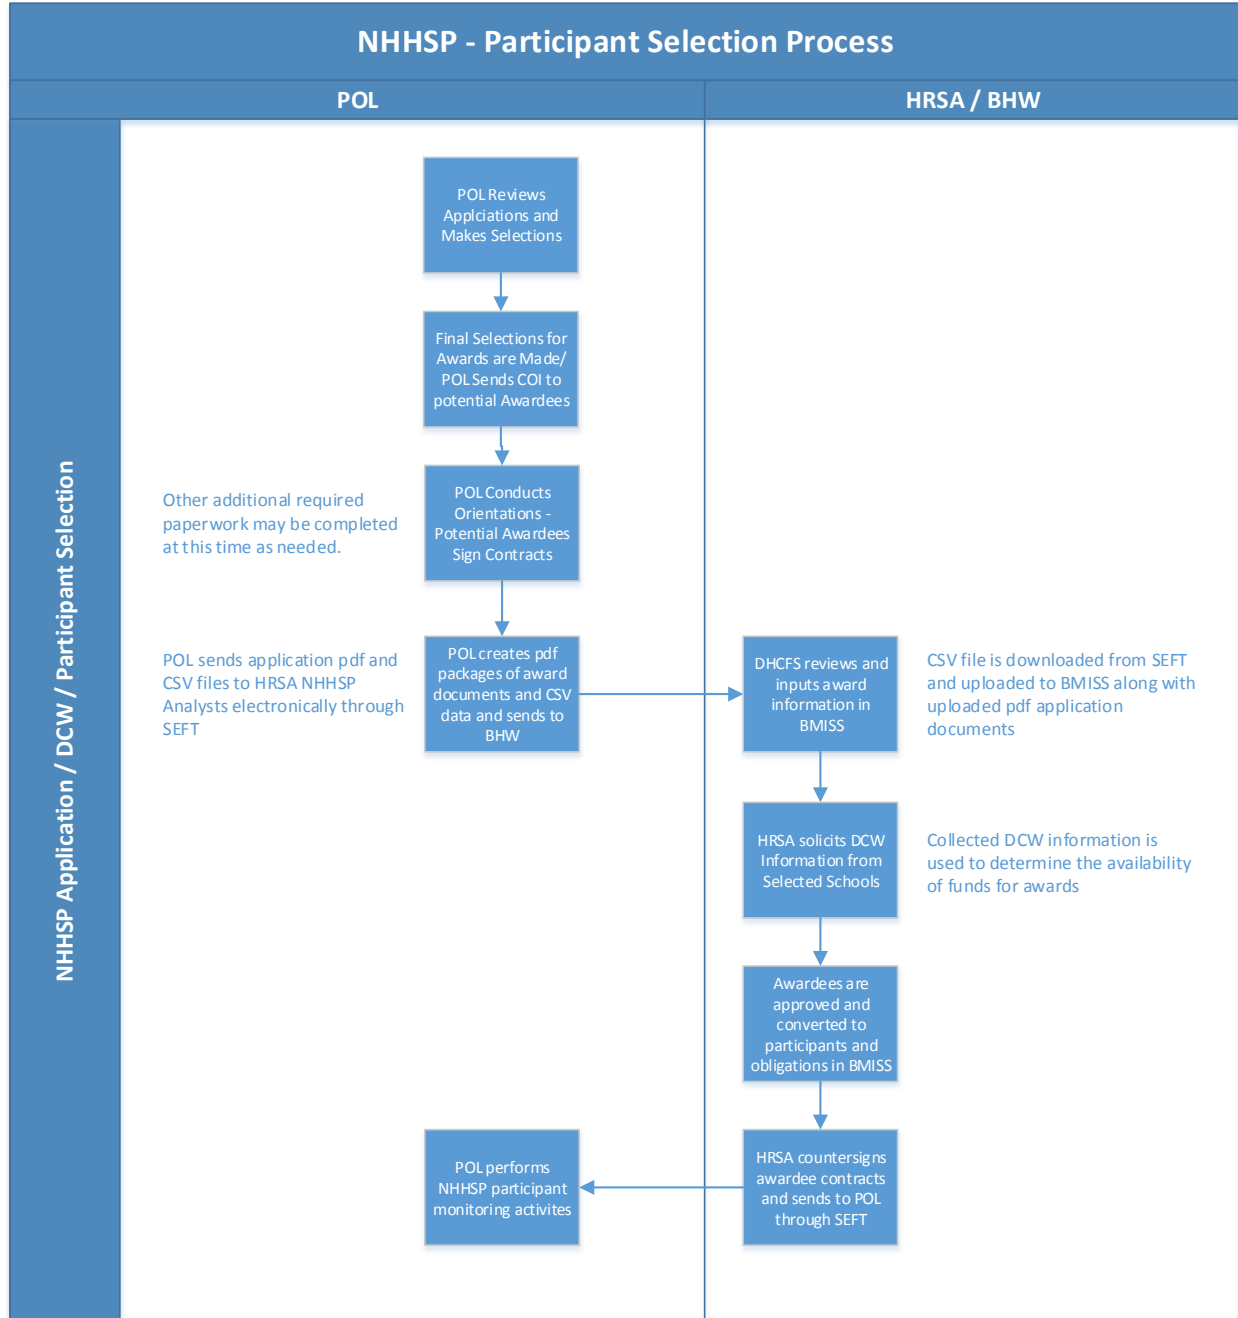

- Applicant has applied to the NHHSP
- Applicant is deemed eligible

Post-conditions:

- Applicant information has been saved in BMIS
- Applicant is converted to Participant

Section 1: NHHSP Applicant to Participant Process Flow

Overview: The high level process flow for NHHSP applicant selection and is below:

Section 2: NHHSP Data Collection Worksheet

Overview: Users assigned School POCs roles within the BMISS Extranet can create and submit NHHSP Data Collection Worksheet (DCW) data for school Tuition, Fees, and Other Reasonable Costs (ORC) for their respective schools during the annual DCW open cycle. NURSE Corps personnel will alert school POC's when the DCW period is open, underway, and closed. They will also notify the Grantee, (POL) about the statuses of the DCWs for awareness and POC outreach if needed.

Users assigned School Analyst roles within BMISS Extranet can create, edit, and approve previously submitted DCWs.

Business Rules: User must have a School Analyst role within the BMISS Extranet School Representative portal.

Steps:

1. School Analyst navigates to the BMISS Extranet > School Representative Portal and logs in with their School Analyst credentials via the link:
<https://programportal.hrsa.gov/extranet/landing.seam>

- When adding the financial data for a NHHSP DCW please note that Resident and Non-Resident fields for all four years are required fields. Also, please note that the '\$' symbol must be included in the financial data fields.

BHW PROGRAM PORTAL for SCHOOL REPRESENTATIVES [Home](#) [Log Out](#)

Data Collection Worksheet Form

* required field

School: George Washington University Virginia Campus Discipline: Registered Nurse Degree: Bachelor's

Thank you for creating a DCW! The form can be completed in 3 easy steps. Please note that all information must be filled in properly to avoid any processing errors, which could result in delayed and/or incorrect payments, which may adversely affect the student.

1. ANNUAL TUITION (2019-2020)

Enter the Resident (In-State) and Non-resident (Out-of-State) tuition for the **entire ACADEMIC year** for 1st, 2nd, 3rd, and 4th Year Students. If your school's degree program is less than 4 years, only enter amounts for each year of your program. For example, two year programs would only enter values in the first two columns for 1st and 2nd Year Students. You **MUST** enter values for every year of your program, even if your costs are estimated to be the same for students regardless of which year they are in the program. If your institution uses a semester system; please include the tuition amount to be enrolled in as a full-time student for each semester (summer, fall, and spring semesters (3 semesters)). If your institution uses a quarter system; please include the tuition amount for each quarter (3 quarters).

	1st Year Student	2nd Year Student	3rd Year Student	4th Year Student
Resident *	\$1000	\$1000	\$1000	\$1000
Non-Resident *	\$2000	\$2000	\$2000	\$2000

2. FEES

Review and enter amounts for the list of items grouped under Fees for the **entire ACADEMIC year**. The fee types listed are the only eligible fees for the NHHSP. The NHHSP would expect items defined as Fees to be included in the tuition invoice submitted by the school and reimbursed by NHHSP directly to the school. Insurance items may be incurred by the school as part of the tuition and required fees or incurred as an ORC by the Student. Please complete the form based on if the cost of insurance is incurred by the school or incurred by the student.

	1st Year Student	2nd Year Student	3rd Year Student	4th Year Student
Academic Support Services	\$0	\$0	\$0	\$0
Administrative Fees	\$0	\$0	\$0	\$0
Background Check	\$0	\$0	\$0	\$0
Campus Life Fee	\$0	\$0	\$0	\$0
Capstone Course (if	\$0	\$0	\$0	\$0

- To submit the DCW enter a required comment and click on the Save button. This will update the DCW to a 'Submitted' status (not Approved). You can then search for the DCW again and it will display a 'View/Edit' link under the Action column. In order to approve the DCW click on the check box 'I approve the Data Collection Worksheet' either during the initial input of data or return back to the 'Submitted' DCW by clicking on the 'View/Edit' link and select the checkbox and save the DCW.

Microscope (Rental or Purchase) \$0 \$0 \$0 \$0

National Boards (Parts I & II; CS & CK; medical & dental students only) \$0 \$0 \$0 \$0

School ID Cards/ID Fees (if not billed as part of tuition and fees) \$0 \$0 \$0 \$0

Travel for Clinical Training (not include local commuting expense) \$0 \$0 \$0 \$0

Education Materials Cost \$0 \$0 \$0 \$0

Uniforms (limit to 2 sets) and Name Tags \$0 \$0 \$0 \$0

Other Fees \$0 \$0 \$0 \$0

Please explain any "other" fees in the comments section below.

Section 3: Secure File Transfer of Applicant Data from POL to HRSA

Overview: The Grantee, (POL) will provide HRSA with NHHSP application data through SFTP of various files. These files will include a scanned pdf of application documents for each individual applicant, as well as a CSV file of the applicant data that needs to be uploaded to BMISS.

Business Rules: User must have an account with SEFT and access to the specific NHHSP folder space in order to upload and/or download files.

Steps:

1. User navigate and log in to SEFT at the following link: <https://secureemail.nih.gov/bds/Login.do>

The screenshot shows the NIH Secure Email and File Transfer Service (SEFT) login page. At the top is the NIH logo with the tagline "Turning Discovery Into Health". Below the logo, the title "Secure Email and File Transfer Service" is displayed. The page explains that the service allows NIH users to send email securely and confidentially over an SSL/encrypted connection. It states that all NIH users are pre-registered to receive deliveries, but to send a delivery, permission must be requested from the NIH Help Desk. Contact information for the Help Desk is provided: online (a link to a web form), phone (301-496-4357 local, 866-319-4357 toll free, 301-496-8294 TTY), and email. Below this, instructions for signing in are given: NIH and HRSA users should sign in with their domain account using "Domain\Username" (e.g., NIH\Doej or HRSA\Doej), while non-NIH-HRSA users should sign in with their registered email address (e.g., DoeJ@yahoo.com). On the left side, there are input fields for "Username" and "Password", followed by a blue "Sign in" button. On the right side, there is a "Forgot your password?" section with links for non-NIH users to "ForgotPassword" and for NIH users to "IForgotMyPassword.nih.gov". At the bottom right, there is a "Question?" section with a link to "Frequently Asked Questions (FAQs)".

Figure 7: SEFT Sign In Page

Bureau of Health Workforce

NHHSP Applicant Information Screen User Guide

2. The folder structure within the NHHSP SEFT space is the following:

- >Cohort (e.g., POL 2019 Cohort Packages)
 - >Application Docs
 - >CSV
 - >Signed Contract

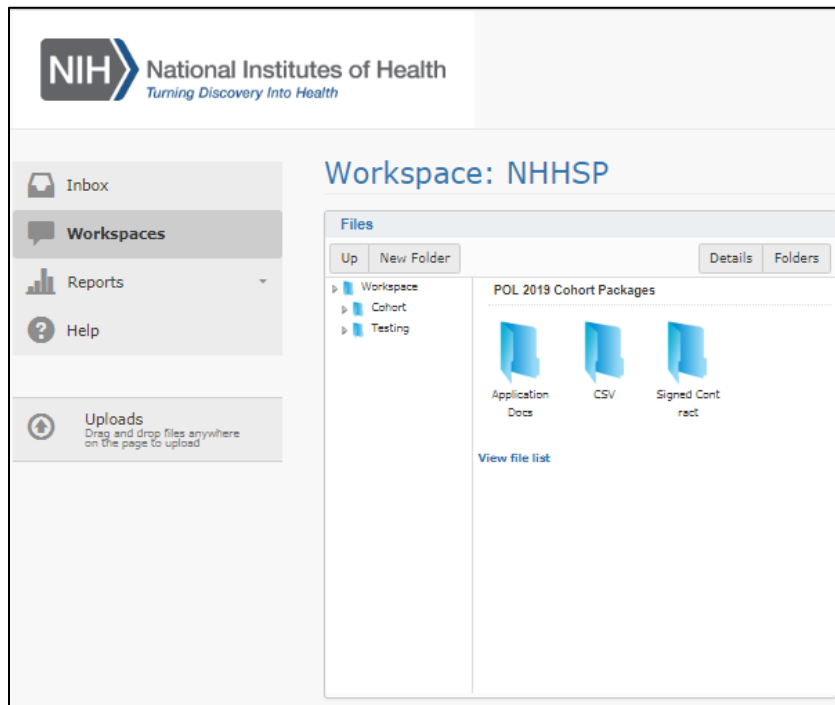

Figure 8: SEFT Folder Structure

3. The Grantee, (POL) will upload the scanned PDF applications to the 'Applicant Docs' folder, and will upload the applicant CSV data file to the 'CSV' folder. The NHHSP Analyst will be able to navigate to these folders to download these respective files to their H:\ drives in order to upload them into BMISS.
4. The NHHSP Analyst will later upload a countersigned applicant contract to the 'Signed Contract' folder in order for the Grantee, (POL) to download.
5. SEFT will notify users with access when a folder is updated with new files; however, the analyst can also directly notify POL when the countersigned contracts have been uploaded to the Signed Contract folder so POL can download as needed.

Section 4: Standard File Naming Convention

Overview: A standard file naming convention has been provided in the table below for various documents and files that are required during the processing of NHHSP applicants within BMISS. Please following the guidelines below to ensure accurate and consistent formatting and version control for all applicant documents.

Document Type	Standard Format	Example
CSV	<i>NHHSP_Cohort_Applicant_Data_vX.csv</i>	NHHSP_2019_Applicant_Data_v1.csv
Application PDF	<i>NHHSP_Cohort_Application_LastName_FirstName_vX.pdf</i>	NHHSP_2019_Application_Smith_John_v1.pdf
Award Letter	<i>NHHSP_Cohort_Award_Letter_LastName_FirstName_vX.pdf</i>	NHHSP_2019_Award_Letter_Smith_John_v1.pdf
W4	<i>NHHSP_Cohort_W4_LastName_FirstName_vX.pdf</i>	NHHSP_2019_W4_Smith_John_v1.pdf
Contract	<i>NHHSP_Cohort_Contract_LastName_FirstName_vX.pdf</i>	NHHSP_2019_Contract_Smith_John_v1.pdf
Countersigned Contract	<i>NHHSP_Cohort_CounterSigned_Contract_LastName_FirstName_vX.pdf</i>	NHHSP_2019_CounterSigned_Contract_Smith_John_v1.pdf

Section 5: Applicant Data - CSV File Fields

Overview: The Grantee, (POL) will send a NHHSP CSV file with applicant data that will be uploaded to BMISS and used to auto-populate data fields within the New NHHSP Award page. The CSV file can include data for one or more applicants and the data will be exported from the POL source system (currently FileMaker Pro). Below is a table that lists the specific CSV BMISS data fields expected to be included in the file and characteristics of each.

Business Rules: The current BMISS values are intended to be used in any fields in the table below that include the note “Provided POL BMISS Values”. If/when there are any updates in BMISS to those fields they will need to be provided to POL to update their source system for the CSV data export. If those values aren’t updated prior to the CSV file being populated/downloaded, BMISS will not include those fields in the import process. BMISS will process default blank values in those fields that can be later edited, either manually or via a file updated by either POL or the analyst during the CSV upload process.

CSV BMISS Field	BMISS Required	Data Type / Limits	Field Type / Notes
Personal Information			
Full Name			
First Name	Y	String / 100 characters	Text box
Last Name	Y	String / 100 characters	Text box
Middle Initial	N	String / 1 character	Text box (1 character limit)
Title	N	String / 4 characters	Dropdown (Mr., Mrs., Ms., Dr.) Provided POL BMISS values
Suffix	N	String / 5 characters	Dropdown Provided POL BMISS values
SSN	Y	Number / 9 digits	Text box
D.O.B.	Y	String / 10 characters	Date picker (MM/DD/YYYY)
Home Address			
Home Street Address 1	Y	String/ 250 characters	Text box
Home Street Address 2	N	String/ 250 characters	Text box
Home City	Y	String/ 100 characters	Text box
Home State or Territory	Y	String/ 2 characters	Dropdown Provided POL BMISS values
Home Zip Code	Y	String/ 20 characters	Text box
Home Country	Y	String/ 50 characters	Dropdown Prepopulated with 'United States' Provided POL BMISS values
Mailing Address			
Mailing Street Address 1	Y	String/ 250 characters	Text box
Mailing Street Address 2	N	String/ 250 characters	Text box
Mailing City	Y	String/ 100 characters	Text box

<u>Phone and Email</u>			
Daytime Non-US Number	N	bit / 0 or 1	Checkbox
Daytime	Y	String / 50 characters	Text box
Ext	N	String / 10 characters	Text box
Home Non-US Number	N	bit / 0 or 1	Checkbox
Home	N	String / 50 characters	Text box
Mobile Non-US Number	N	bit / 0 or 1	Checkbox
Mobile	N	String / 50 characters	Text box
Personal (Email)	N	String / 250 characters	Text box
Work (Email)	N	String / 250 characters	Text box
<u>School Information</u>			
Cohort	Y	Number/ 9999	Read only text
Year In School	Y	String / 1 or 2 or 3 or 4	Dropdown (1, 2, 3, 4)
Graduation Date	Y	String / 10 characters	Date picker (MM/DD/YYYY)
Funding Start Date	Y	String / 10 characters	Date picker (MM/DD/YYYY)
Funding End Date	Y	String / 10 characters	Date picker (MM/DD/YYYY)
<u>School Details</u>			
University Name	Y	String / 250 characters	Read Only Text Provided POL BMISS values
University Address 1	Y	String/ 250 characters	Read Only Text Provided POL BMISS values
University Address 2	N	String/ 250 characters	Read Only Text Provided POL BMISS values
University City	Y	String/ 100 characters	Read Only Text Provided POL BMISS values
University State	Y	String/ 2 characters	Read Only Text Provided POL BMISS values
University Zip	Y	String/ 20 characters	Read Only Text Provided POL BMISS values
Degree	Y	String / 250 characters	Dropdown Provided POL BMISS values
Discipline	Y	String / 250 characters	Dropdown Provided POL BMISS values
<u>Misc.</u>			
Rank	Y	Number	Dropdown
Continuation Yrs Req	N	Number/ NULL(blank), 1, 2, 3	Will only be used as a validation from the CSV and will not be displayed in BMISS
In State / Out of State	Y	Number/ 0 or 1	In State = 1 Out of State = 0

Section 6: Applicant Data - CSV File Format

Overview: The NHHSP CSV file provided by the Grantee, (POL) will be required to have a very specific file format and order of fields in order to auto-populate the data in the New NHHSP Award page. Below is the CSV file format and order expected.

Business Rules:

- The CSV file must only include applicant data for the upcoming cohort.
- The CSV file must following the specific format of fields and the order of fields listed below.
- Required fields must be included in the CSV.
- Blank values are permitted for non-required fields, however comma separated values are still required for all fields.
- The CSV file can contain one or more rows of applicant data, however each applicant requires a unique row.
- Leading zeros must be included in the CSV file for all fields such as Date, ZIP, and SSN (e.g., 01/01/2020 vs 1/1/2010).

Expected NHHSP CSV File Format:

First Name, Last Name, Middle Name, Title, Suffix, SSN, DOB, Home Street Address 1, Home Street Address 2, Home City, Home State, Home Zip, Home Country, Mailing Street Address 1, Mailing Street Address 2, Mailing City, Mailing State, Mailing Zip, Mailing Country, Daytime Non-US Number, Daytime Phone, Ext, Home Non-US Number, Home Phone, Mobile Non-US Number, Mobile Phone, Personal Email, Work Email, Cohort, Year in School, Graduation Date, Funding Start Date, Funding End Date, University Name, University Address 1, University Address 2, University City, University State, University Zip, Degree, Discipline, Rank, Continuations Yrs Req, In State / Out of State

Sample CSV Data for a Single NHHSP Applicant:

"John","Smith","H","Mr.","Sr.,"031987893","01/15/1985","771 Lucky Dr","Suite 2","Centreville","VA","22052","United States","888 Happy Dr","Suite 1","Springfield","VA","20120","United States","1","7039125852","444","0","5713457777","0","3017894114","personal@email.com","work@email.com","2019","2","05/24/2022","07/01/2019","06/30/2020","University of Virginia","388 Memory Ln","Suite 200","Charlottesville","VA","22802","MD","Allopathic Physician","1","1","0"

Section 7: Applicant Data - NHHSP Disciplines & Degrees

Overview: The NHHSP program currently has a specific list of disciplines and corresponding degrees that are accepted and can be used when submitting applicant data to BMISS. Below is a list of the NHHSP discipline and degree combinations:

BMISS NHHSP Disciplines	BMISS NHHSP Degree
Allopathic Physician	MD
Clinical Psychology	Doctorate (non-MD or Ph.D)
Clinical Psychology	Ph.D
Dental Hygiene	Bachelor's
Dental Hygiene	Associate's
Dentist	DMD
Dentist	DDS
Dietetics/Nutrition	Master's
Marriage and Family Therapist	Master's
Nurse Mid-Wife	Master's
Nurse Practitioner	Master's
Nurse Practitioner	Doctor of Nursing Practice (DNP)
Optometry	Doctorate (non-MD or Ph.D)
Osteopathic Physician	DO
Pharmacy	Doctorate (non-MD or Ph.D)
Physician Assistant	Master's
Physician Assistant	Doctorate (non-MD or Ph.D)
Public Health	Master's
Public Health	Doctorate (non-MD or Ph.D)
Registered Nurse	Associate's
Registered Nurse	Bachelor's
Registered Nurse	Master's
Social Work	Master's

Section 8: Applicant Data Transfer in BMISS

Overview: The NHHSP Analyst can upload the applicant CSV file for initial review in BMISS through the NHHSP Applicant Data Transfer page within BMISS Intranet.

Please note that this initial process of CSV data upload will only result in creating Tasks within Task Manager and does not create the official NHHSP participant profile and corresponding financial obligations in BMISS. Further steps are needed within the submission of the New NHHSP Award in order to create the NHHSP participant profile and financial obligations.

Business Rules: Analyst must have BMISS Intranet access and a NHHSP Reviewer role

Steps:

1. NHHSP Analyst navigates to the NHHSP Application Data Transfer page in the following location within BMISS Intranet: Programs > NHHSP > Applicant Data Transfer

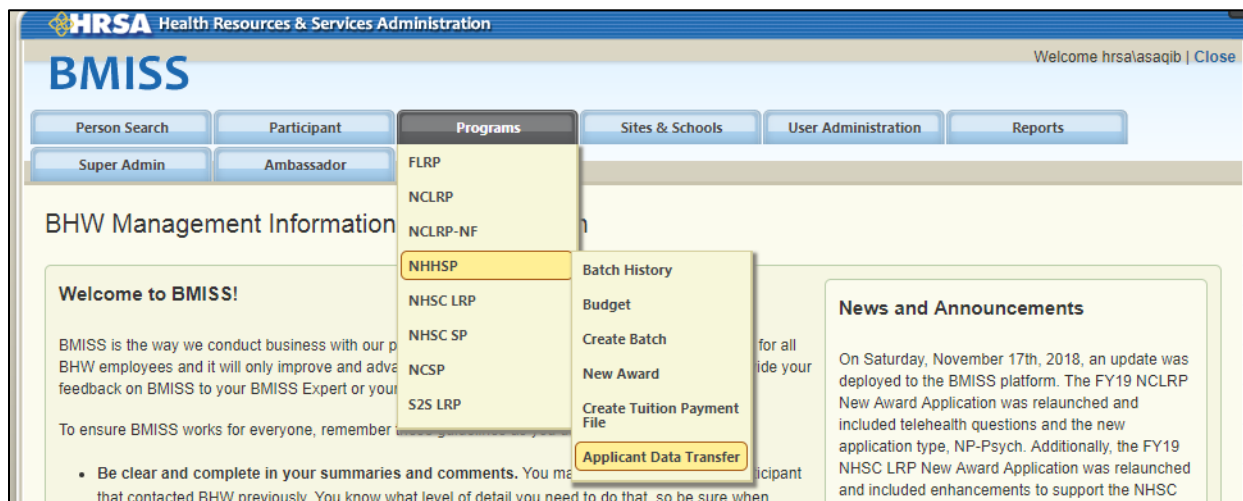

Figure 9: Applicant Data Transfer Navigation

2. A manual CSV upload feature is available in which the analyst can select a file from their local machine or network to upload awardee data to the page for review. A data table with the following columns headers, that are a subset of the data from the CSV, will populate the associated data in the table with the CSV uploaded data:
 - Checkbox (Select All and select individual rows)
 - Rank
 - First Name
 - Last Name
 - Degree
 - Discipline
 - Flagged

	5	Hakeem	Olajuwon	MD	Allopathic Physician	
	6	Steph	Curry	MD	Allopathic Physician	
	7	James	Harden	Master's	Nurse Practitioner	

Submit

Figure 11: Successful CSV Upload

Bureau of Health Workforce

NHHSP Applicant Information Screen User Guide

- After the analyst clicks on the Submit button a pop-up will display to confirm that the specific rows selected are correct and that Tasks should be created for the awardee(s).

The screenshot shows the 'NHHSP Applicant Data Transfer' interface. At the top, a green banner indicates 'File name: good-data.csv successfully loaded.' Below this, a note states 'Please note: The following file type(s)'. A 'Choose File' button is present, with 'No file chosen' text. A table lists applicants with columns for selection, rank, first name, last name, degree, discipline, and a 'Flagged' status. Two rows (Rank 1 and 2) are selected. A yellow 'Submit' button is at the bottom left. A modal window titled 'NHHSP Award Task Kick Off' is open, displaying a 'WARNING' and asking 'Are you sure you want to create tasks for the 2 awardee(s) selected?'. It has 'Yes' and 'No' buttons.

	Rank	First Name	Last Name	Degree	Discipline	Flagged
<input checked="" type="checkbox"/>	1	John	Smith	MD	Allopathic Physician	
<input checked="" type="checkbox"/>	2	Jane	Doe	MD	Allopathic Physician	
<input type="checkbox"/>	3	Larry	Warner	MD	Allopathic Physician	
<input type="checkbox"/>	4	David	James	MD	Allopathic Physician	
<input type="checkbox"/>	5	Hakeem	Olajuwon	MD	Allopathic Physician	
<input type="checkbox"/>	6	Steph	Curry	MD	Allopathic Physician	
<input type="checkbox"/>	7	James	Harden	Master's	Nurse Practitioner	

Figure 12: Applicant Data Transfer Submission

- A banner message will be displayed to confirm successful submission and task creation for the awardee(s) selected. Additionally, a flag will be displayed for each row. The analyst can click on the View Details button next to the flag to review the reason for the flag, which in this case will be to indicate that a Task now exists for the awardee and the analyst will now be unable to select and re-submit that row to create another Task.

The screenshot shows the 'NHHSP Applicant Data Transfer' interface after successful submission. A green banner at the top states '2 of 2 task(s) created successfully.' Below this, a note says 'Please note: The following file type(s) are suitable for upload: csv'. There are 'Choose File' and 'Upload' buttons. The table from Figure 12 is shown, but now the 'Flagged' column has red flags for the first two rows, each with a 'View Details' button. A 'Submit' button is at the bottom left.

	Rank	First Name	Last Name	Degree	Discipline	Flagged
<input type="checkbox"/>	1	John	Smith	MD	Allopathic Physician	View Details
<input type="checkbox"/>	2	Jane	Doe	MD	Allopathic Physician	View Details

Figure 14: CSV Data Failed Submission Banner

Section 9: Applicant Data Transfer – Validation Flags

Overview: The NHHSP Applicant Data Transfer page has a Flagged column designated to display warnings and errors for each of the individual rows of data. For each flag the analyst can click on the View Details button to view a pop-up with information about the reason for the flag. Additionally, banner error messages can be displayed at the top of the page when an error occurs after the analyst either uploads a CSV to the page or after a failed submission of selected data rows occurs. The analyst is able to update the CSV data and upload the file again, or request that the Grantee, (POL) make the correction and resubmit the file, so the analyst can repeat the import/upload process.

Business Rules: Analyst must have BMISS Intranet access and a NHHSP Reviewer role

CSV Validation Examples:

1. An error banner message will be displayed if any individual row does not included the required number of comma separated values. In this case those specific rows will be identified by the row number within the CSV file and will not be uploaded to the table on the page for possible selection and submission.

NHHSP Applicant Data Transfer

 Row number 1, has less data than expected. Please correct the row in the csv file and attempt to upload again.

Please note: The following file type(s) are suitable for upload: csv

4. A warning flag will be displayed if the CSV has a row with a SSN that already exists within BMISS for a participant. However, in this case this flag only acts as a warning and the analyst will still be able to select that particular row for submission to create a Task.

The screenshot shows the 'NHHSP Applicant Data Transfer' interface. A red banner at the top left states: 'Row number 1, has'. A modal window titled 'Flag Reasons' is open, displaying the message: 'Flag reason(s) A Participant with the same SSN already exists in our system'. Below the modal, a table lists applicants. The first two rows are highlighted in blue and have red flag icons in the 'Flagged' column. The first row is: Rank 2, First Name Steph, Last Name Curry, Degree Master's, Discipline Nurse Practitioner. The second row is: Rank 7, First Name John, Last Name Smith, Degree Master's, Discipline Nurse Practitioner. A 'Submit' button is at the bottom left.

5. If two awardee rows within the same CSV have the same SSN an error flag will be displayed for both and the analyst will not be able to select either until the CSV is updated and re-uploaded.

The screenshot shows the 'NHHSP Applicant Data Transfer' interface. A modal window titled 'Flag Reasons' is open, displaying the message: 'Flag reason(s): Duplicated Social Security Number within the csv file.' The background interface includes a 'Please note: The following' section with a 'Choose File' button and 'No file chosen' text. Below this is a table with columns for selection, rank, and applicant details. The table has two rows with rank 7, both of which have a red flag icon in the selection column. The first row is for 'Steph Curry' (Master's Nurse Practitioner) and the second is for 'John Smith' (Master's Nurse Practitioner). Each row has a 'View Details' button. A 'Submit' button is at the bottom left.

Figure 21: Continuation Without Participant Flag

Section 10: Applicant Data Transfer – Continuations

Overview: A 'Continuations Years Requested' field is included within each row of the CSV file. In the event that the value for this field is 1, 2, or 3 (NULL(blank) is allowed, but 0 is not) and the awardee requesting the continuation is an existing participant within BMISS, a flag will be displayed in the Applicant Data Transfer page for that row. The analyst will not be able to submit that row to create a Task for a New NHHSP Award. However, the View Details pop-up will contain a 'Create Continuation' link that will redirect the analyst to the continuation page in which the analyst can enter the required data to submit the continuation request.

Business Rules: Analyst must have BMISS Intranet access and a NHHSP Reviewer role

Steps:

1. Analyst clicks on the 'Create Continuation' link within the View Details pop-up.

The screenshot shows a web application interface for managing applicant data. It features a table with columns: Rank, First Name, Last Name, Degree, Discipline, and Flagged. The first row is highlighted, and a 'View Details' button is visible. A pop-up window titled 'Flag Reasons' is open, displaying the following text: 'This individual is requesting a continuation. Please use the **Create Continuation** page to make the request'. The pop-up also includes a 'Submit' button and a 'View Details' button. The bottom right corner of the interface displays the text 'BMISS 10.9.0-SNAPSHOT'.

Section 11: Task Dashboard

Overview: The Task Dashboard will contain all of the individual NHHSP Tasks created from the Applicant Data Transfer page. Analysts can Run each task to auto-populate the CSV data for that awardee in the New NHHSP Award page.

Business Rules: Analyst must have BMISS Intranet access and a NHHSP Reviewer role

Steps:

1. Analyst navigates to Task Dashboard by clicking on the Task Dashboard link in the top right corner of the BMISS Intranet portal.
2. Within Task Dashboard the analyst navigates to the NHHSP Tasks by clicking on Filter by Process > Application Review > NHHSP Award Review > NHHSP Analyst Review.
3. Click on the Run button for the specific Task that needs to be run.

Section 12: New NHHSP Award - Upload Supporting Documents

Overview: Once the analyst has navigated to the New NHHSP Awards Screen, the first section at the top of the page will request that the analyst upload the required supporting documents. These include the following:

- Contract
- Award Letter
- W-4 Form

Business Rules:

- Analyst must have BMISS Intranet access and a NHHSP Reviewer role.
- The system shall only accept documents in PDF format.
- The system shall require all three documents to be uploaded in order for analyst to submit the page for participant conversion.
- The system shall allow the analyst to view the uploaded documents by clicking on the document name.

Steps:

1. Analyst selects Browse under the document they wish to upload.
2. Analyst selects the appropriate document.
3. Analyst clicks the Upload button
4. The system displays the date, time, document, and document type at the top of the page (see screenshot on the next page).
5. Analyst repeats these steps for all three documents.
6. Analyst scrolls down to the next section: *Personal Information*.

The screenshot shows a web interface titled "New NHHSP Awards". Below the title is a section labeled "Supporting Documents" with a downward arrow icon. Inside this section, it states "No documents have been uploaded." and provides a note: "Please note: The following file types are suitable for upload: pdf". There are three rows, each for a different document type: "Contract", "Award Letter", and "W-4 Form". Each row contains a "Choose File" button, the text "No file chosen", and a yellow "Upload" button.

Section 13: New NHHSP Award - Personal Information

Overview: After uploading the required supporting documents, the analyst will review data auto-uploaded from the CSV and subsequent Task in the Personal Information section. For any missing data the analyst can enter in the applicant's personal information. This is divided into four sections of Full Name, Phone and Email, Home Address, and Mailing Address. This information is needed for creating the participant profile in BMISS.

Business Rules: System shall require the analyst to enter all required fields (fields with an *)

Steps:

1. Analyst reviews all data auto-uploaded from the CSV and selected Task
2. Analyst enters data manually for any missing required fields

Section 14: New NHHSP Award - School Information

Overview: The School Information section includes a read only University Details from CSV section of data that can be used by the analyst to manually search and add a School ID # within the School Details section. The Degree Details section has fields that can be auto-uploaded from the CSV or can be manually updated as well by the analyst. The School ID, Discipline, Degree, and Cohort fields are required to do a verification that a DCW exists within BMISS in order to process a NHHSP award calculation.

Business Rules: System shall require the analyst to enter all required fields (fields with an *)

Steps:

1. Analyst reviews the read only data in the University Details from CSV section and can use this to search BMISS for the associated School ID #.

- The analyst can click on the School Search link to open a separate BMISS tab to perform a search.

The screenshot shows a web interface with a 'School Search' link highlighted by a red box and a red arrow pointing to it. Below the link is a 'School Details' section with a 'School ID #' field, an 'Update School' button, and labels for 'School ID:', 'Name:', and 'State:'. To the right is a 'Degree Details' section with fields for 'Cohort *' (2019), 'Year In School *' (2), 'Graduation Date *' (05/24/2022), 'Discipline *' (Nurse Practitioner), and 'Degree *' (Master's).

Figure 30: School Search Link

- Enter the corresponding school, program, discipline, and degree details to perform a school search. Copy the School ID to be entered in the previous page.

The screenshot shows the 'Search Schools' page. The 'School Search' section has fields for 'School Name' (University of Virginia), 'School ID', 'State or Territory' (Select), 'Has Degrees for Year' (Select), 'Program' (NHHSP), 'Discipline' (Nurse Practitioner), and 'Degree' (Select). There are 'Search' and 'Clear' buttons. Below is the 'Search Results' section with a table of results. A red box highlights the School ID '622' in the first column of the table, with a red arrow pointing to it. An 'Add New School' button is in the top right of the results section.

School ID	School Name	Most Recent Accreditation	State
520	Virginia Commonwealth University - School of Nursing	2019	Virginia
622	University of Virginia - School of Nursing	2019	Virginia
1084	West Virginia University - School of Nursing	2019	West Virginia
3256	West Virginia University Institute of Technology	2019	West Virginia

Figure 31: School ID

- Enter the School ID # and click Update School. The School ID, Name, and State fields should be displayed, along with a banner message at the top of the page.

Section 15: New NHHSP Award - Financial Information

Overview: The CSV file does not include any data fields for the Financial Information section and will require that the analyst manually input this section data.

Business Rules: System shall require the analyst to enter all required fields (fields with an *).

Steps:

1. Analyst enters data manually for the Financial Information section

The screenshot displays a web form titled "Financial Information" with a dropdown arrow. It is divided into two main sections: "Banking Information" and "W-4 Information".

Banking Information:

- Bank Name *: Bank of America
- Account Type *: Checking (dropdown menu)
- Routing Number *: 011103093
- Account Number *: 234564433

W-4 Information:

- Allowance Quantity *: 1
- Withholding Amount *: \$0.00
- ☐ Tax Exempt
- Marriage Status *: Single Person (dropdown menu)

Figure 34: Financial Information

Section 16: New NHHSP Award - Award Information

Overview: The Award Information section is intended to determine the award breakdown and total for the participant. The Requested Funding Start Date, Requested Funding End Date, and In State / Out of State selection can be auto-populated from the CSV data or can be manually updated by the analyst. Additionally, the analyst will need to select a Fiscal Year and Funding Type to determine the source of funding, and the specific years to fund the award. The system will validate to confirm that an existing approved DCW is available in BMISS that matches the School/Discipline/Degree/Cohort combination selected previously, and will then auto-calculate the award. The award can be dynamically updated if the analyst changes the values for In State / Out of State selection or the specific years funded.

Business Rules:

- System shall require the analyst to enter all required fields (fields with an *)
- Fiscal Year and Funding Type must have sufficient budget for the award
- The Requested Funding Start Date must start on or after 07/01/YYYY
- The Requested Funding End Date must be after the Requested Funding Start Date and must end on 06/30/YYYY
- The Years with Funding Requested table will start with the selected Year in School value and will have a maximum of four (4) years total. This table will have four rows for selection but will disable any rows beyond four years
- The Years with Funding Requested selected must begin with the first year available and must be consecutive
- The Verified Start Date will default to 07/01/YYYY
- The Verified End Date will default to 06/30/YYYY

Steps:

1. Analyst reviews or selects values for all required fields:
 - Fiscal Year and Funding Type
 - Requested Funding Start Date
 - Requested Funding End Date
 - In State / Out of State

The screenshot displays the 'Award Information' form. It includes a 'Rank' field with the value '2'. The 'Fiscal Year and Funding Type' is set to '2019 NHHSP'. Below this, it shows the '2019 NHHSP Available Balance: \$792,126.31'. The 'Funding Years Information' section contains a 'Year in school' field with the value '2', a 'Requested funding Start Date' field with the value '07/01/2019', and a 'Requested funding End Date' field with the value '06/30/2021'. At the bottom, there are radio buttons for 'In State' (selected) and 'Out of State'.

Section 17: New NHHSP Award - Preview PAW

Overview: After the auto-generated Award calculations are complete the system will enable a Preview PAW button below the Award Breakdown. The analyst will be able to click on that button and download an auto-generated PDF version of the NHHSP PAW in order to review the full break down of the award and the DCW values that contributed to the Tuition, Stipend, and ORCs. Additionally, the PAW will reflect the number of years of funding requested and will have a separate column of award data for each year requested.

Business Rules: The Preview PAW functionality will be enabled once the Award calculation criteria are complete.

Steps:

1. Ensure that all criteria for the Award calculations are complete and click on the enabled Preview PAW button.

Section 18: New NHHSP Award - Save and Close

Overview: The system will allow the analyst to save the New NHHSP Award page prior to submission without having all of the required fields completed. The analyst will then be able to return to complete and submit at a later date by navigating to the Task Dashboard and selecting Run for the given Task.

Business Rules:

- The Save functionality is only available for Tasks within Task Dashboard and will not be available if an analyst creates a New NHHSP Award manually (Programs > NHHSP > New Award)
- Data must be entered into one or more of the fields within the New NHHSP Award page to enable Save

Steps:

1. Analyst clicks on the Save and Close button

Figure 41: Save and Close

2. The analyst is redirected to Task Dashboard. The analyst can navigate back to Task Dashboard at any time and click on the Run button to continue making updates and submit the Task

Figure 42: Run Task

Section 19: New NHHSP Award - Cancel Award Task

Overview: Analysts are able to cancel NHHSP Award Tasks and remove them from the Task Dashboard.

Business Rules: Analysts can only cancel existing Tasks

Steps:

1. Analyst clicks on the Cancel Award button on the New NHHSP Award page

The screenshot shows a web form titled "Comments" with a dropdown arrow. Below the title, it says "There are no existing comments." and "New Comments *". There is a large text input area. At the bottom of the form, there are three buttons: "Submit", "Save and Close", and "Cancel Award". A red arrow points to the "Cancel Award" button.

Figure 43: Cancel Award

2. A confirmation pop-up is displayed and the analyst can click Yes to cancel the Award Task and remove it from Task Dashboard

The screenshot shows the same web form as Figure 43, but with a confirmation pop-up displayed. The pop-up has a title bar that says "Cancel NHHSP Award Task. A comment is required for cancelling the award." and a close button. The main content of the pop-up says "WARNING" and "Are you sure you want to cancel this award?". There are two buttons at the bottom of the pop-up: "Yes" (highlighted in yellow) and "No". The background form is dimmed.

Section 20: New NHHSP Award - Submit Applicant Data

Overview: When the analyst is ready to submit the New NHHSP Award data to create the Participant Profile and Financial Obligation they will be required to enter in comments, select Submit, and confirm.

Business Rules:

1. Analyst must enter comments to Submit.
2. After the analyst selects Submit, the system shall ask the analyst to Confirm Award.
3. When confirming, the system shall display all information as “Read Only.”
4. When confirming after selecting Submit, the analyst can select to go back and edit any information. The analyst will need to then Submit again.
5. Analyst must select Confirm Award in order for the applicant information to be saved in BMISS.

Steps:

1. Analyst enters in comments
2. Analyst selects Submit

Section 21: New NHHSP Award - Manual Input of Applicant Data

Overview: Analysts are also able to manually enter and submit New NHHSP Award data in order to create a Participant Profile and Obligation without uploading a CSV in the NHHSP Applicant Data Transfer page.

Business Rules:

- System shall require the analyst to enter all required fields (fields with an *)
- The analyst will not be able to Save data through this process since it is not a Task within Task Dashboard

Steps:

1. Analyst navigates to the New NHHSP Award screen (Programs > NHHSP > New Award)
2. Analyst manually enters all required fields and uploads documents
3. Analyst submits data for participant conversion

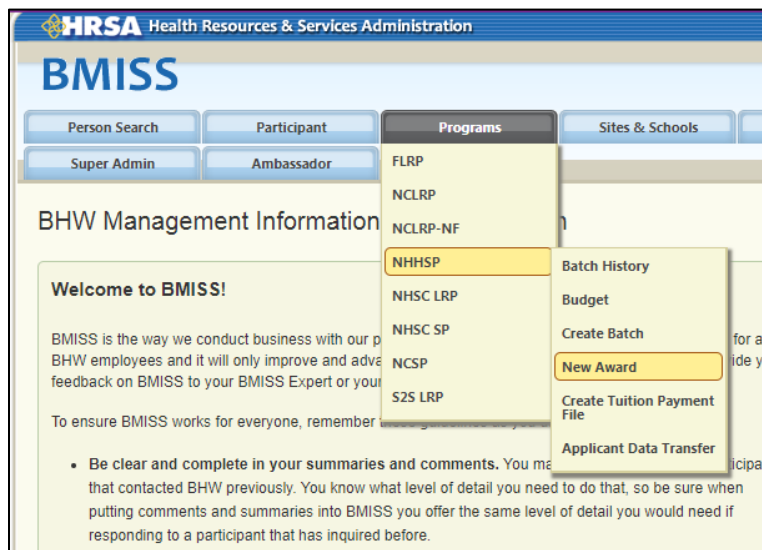

Figure 48: New NHHSP Award Navigation for Manual Input

Section 22: NHHSP Participant Profile and Obligation

Overview: Once all NHHSP Applicant information has been submitted and confirmed, a participant profile will automatically be created for the person based on the information that was entered. The analyst will be automatically taken to the person's participant profile page upon submission of the applicant information. The applicant will not have been awarded and converted to participant at this point, although their participant profile will have been created. The applicant will be ready for batching after submission of applicant information.

Business Rules:

- Basic participant information will be captured at the top of the page within the header section
- System will pre-populate the person's information on their participant profile page based on the information that was entered on the New NHHSP Award screen

Steps:

1. The analyst will be automatically redirected to the Participant Profile after submitting the New NHHSP Award data. Additionally the analyst can navigate to this page through a Participant Search (Participant > Participant Search)

The screenshot displays the BMISS (Bureau of Health Workforce Management Information System) interface. At the top, the HRSA logo and "Health Resources & Services Administration" are visible. The main header shows "BMISS" and a welcome message "Welcome hrsalasaqib | Close". Below the header is a navigation bar with buttons for "Person Search", "Participant", "Programs", "Sites & Schools", "User Administration", "Reports", "Super Admin", and "Ambassador".

The main content area shows the "Participant Profile" for "Smith, John". The profile details are as follows:

Smith, John		HPSAs	
ID Number:	1119552087	Phone:	5713457777
Program:	NHHSP	Graduation Date:	05/24/2022
Discipline:	Nurse Practitioner	Address:	771 lucky dr suite 2 centreville, VA 22052 United States
Specialty:		Budget Type:	NHHSP
Status:		Service:	2Yr Full Time 2019
		Estimated End Date:	
		PDF Profile:	View

Below the profile details is a "Participant Profile" sidebar with options: "Overview", "Inquiries", "Personal Information" (selected), "Education Information", "Program Information", "Professional Information", and "Financial Information".

The "Personal Information" section is titled "Personal Information" and includes a green checkmark message: "Participant has been successfully created and award has been sent to the obligation pool." Below this is a tabbed interface with "Name", "Contact", and "Other" tabs. The "Name" tab is active, showing a form with "Last *" and "First *" fields, both containing the values "Smith" and "John" respectively. A note indicates "* Required Field".

Section 23: Resolving Issues

Please follow the instructions to resolve any problems a NHHSP Analyst might have:

For Technical Issues:

When a technical issue is encountered, e.g. Analyst cannot upload the supporting documents, the issue should be logged in JIRA with a detailed description of the problem. At this point, the BMISS Production Support Team would define and resolve the issue as well as notify the analyst of the resolution.

Logging Issues:

- When logging tickets into JIRA:
 - Log tickets as a Defect within the BMISS DBO Partners (BDP) project
 - Attach a screenshot to the ticket (if applicable)
 - Include the following details in the *Description* section:
- The page that the issue was found on = New *NHHSP Award Screen*
- Applicant information: BMISS unique ID, email, phone number, and Full name
- The Web Browser the analyst was using
- The frequency of the issue
