

Attachment 2A | Required to Collect 2024

CDC's National Program of Cancer Registries: Required Status Table for cancers diagnosed on January 1, 2024 and later*
List approved: 06/14/2023

Item #	Item Name	Collection Requirement
10	Record Type	Required
20	Patient ID Number	Required
40	Registry ID	Required
50	NAACCR Record Version	Required
60	Tumor Record Number	Required
70	Addr at DX--City	Required
80	Addr at DX--State	Required
81	State at DX Geocode 1970/80/90	Historically collected and currently transmitted when available
82	State at DX Geocode 2000	Derived
83	State at DX Geocode 2010	Derived
84	State at DX Geocode 2020	Derived
86	Geocoding Quality Code	Derived, when available
87	Geocoding Quality Code Detail	Derived, when available
89	County at DX Analysis	Derived
90	County at DX Reported	Required
94	County at DX Geocode 1970/80/90	Historically collected and currently transmitted when available
95	County at DX Geocode2000	Derived
96	County at DX Geocode2010	Derived
97	County at DX Geocode2020	Derived
100	Addr at DX--Postal Code	Required
110	Census Tract 1970/80/90	Historically collected and currently transmitted when available
120	Census Cod Sys 1970/80/90	Historically collected and currently transmitted when available
125	Census Tract 2020	Derived
130	Census Tract 2000	Historically collected and currently transmitted
135	Census Tract 2010	Required
145	Census Tr Poverty Indict	Derived
160	Race 1	Required
161	Race 2	Required
162	Race 3	Required
163	Race 4	Required
164	Race 5	Required
190	Spanish/Hispanic Origin	Required
191	NHIA Derived Hisp Origin	Derived
192	IHS Link	Required, when available
193	Race--NAPIIA(derived API)	Required
194	IHS Purchased/Referred Care Delivery Area	Derived
220	Sex	Required
230	Age at Diagnosis	Required
240	Date of Birth	Required
252	Birthplace--State	Required, when available
254	Birthplace--Country	Required, when available
270	Census Occ Code 1970-2000	Required, when available
272	Census Ind Code 2010 CDC	Required, when available
280	Census Ind Code 1970-2000	Required, when available
282	Census Occ Code 2010 CDC	Required, when available
284	Urban Indian Organization (UIO)	Derived
285	Urban Indian Organization (UIO) Service Area	Derived
290	Occupation Source	Required, when available
300	Industry Source	Required, when available
310	Text--Usual Occupation	Required, when available
320	Text--Usual Industry	Required, when available
330	Census Occ/Ind Sys 70-00	Required, when available

CDC's National Program of Cancer Registries: Required Status Table for cancers diagnosed on January 1, 2024 and later*
List approved: 06/14/2023

Item #	Item Name	Collection Requirement
339	RUCA 2000	Derived
341	RUCA 2010	Derived
344	Tobacco Use Smoking Status	Required, when available
345	URIC 2000	Derived
346	URIC 2010	Derived
364	Census Tr Cert 1970/80/90	Historically collected and currently transmitted when available
365	Census Tr Certainty 2000	Historically collected and currently transmitted
366	GIS Coordinate Quality	Required, when available
367	Census Tr Certainty 2010	Required
369	Census Tract Certainty 2020	Derived
380	Sequence Number--Central	Required
390	Date of Diagnosis	Required
400	Primary Site	Required
410	Laterality	Required
420	Histology (92-00) ICD-O-2	Historically collected and currently transmitted
430	Behavior (92-00) ICD-O-2	Historically collected and currently transmitted
440	Grade	Historically collected and currently transmitted
441	Grade Path Value	Historically collected and currently transmitted when available
449	Grade Path System	Historically collected and currently transmitted when available
450	Site Coding Sys--Current	Required
470	Morph Coding Sys--Current	Required
490	Diagnostic Confirmation	Required
500	Type of Reporting Source	Required
501	Casefinding Source	Required, when available
522	Histologic Type ICD-O-3	Required
523	Behavior Code ICD-O-3	Required
530	EDP MDE Link Date	Required, site specific
531	EDP MDE Link	Required, site specific
540	Reporting Facility	Required
545	NPI--Reporting Facility	Required, when available
580	Date of 1st Contact	Required, when available
610	Class of Case	Required
630	Primary Payer at DX	Required, when available
756	Tumor Size Summary	Required
759	SEER Summary Stage 2000	Historically collected and currently transmitted
760	SEER Summary Stage 1977	Historically collected and currently transmitted
764	Summary Stage 2018	Required
820	Regional Nodes Positive	Required
830	Regional Nodes Examined	Required
995	AJCC ID	Derived
1068	Grade Post Therapy Clin (yc)	Required, when available
1182	Lymphovascular Invasion	Required, when available
1200	RX Date Surgery	Required, when available
1210	RX Date Radiation	Required, when available
1220	RX Date Chemo	Required, when available
1230	RX Date Hormone	Required, when available
1240	RX Date BRM	Required, when available
1250	RX Date Other	Required, when available
1260	Date Initial RX SEER	Required, when available
1270	Date 1st Crs RX CoC	Required, when available
1285	RX Summ--Treatment Status	Required
1290	RX Summ--Surg Prim Site 03-2022	Historically collected and currently transmitted
1291	RX Summ--Surg Prim Site 2023	Required
1292	RX Summ--Scope Reg LN Sur	Required

CDC's National Program of Cancer Registries: Required Status Table for cancers diagnosed on January 1, 2024 and later*
List approved: 06/14/2023

Item #	Item Name	Collection Requirement
1294	RX Summ--Surg Oth Reg/Dis	Required
1340	Reason for No Surgery	Required
1360	RX Summ--Radiation	Historically collected and currently transmitted
1380	RX Summ--Surg/Rad Seq	Required
1390	RX Summ--Chemo	Required
1400	RX Summ--Hormone	Required
1410	RX Summ--BRM	Required
1420	RX Summ--Other	Required
1430	Reason for No Radiation	Required
1460	RX Coding System--Current	Required
1506	Phase I Radiation Treatment Modality	Required
1570	Rad--Regional RX Modality	Historically collected and currently transmitted
1639	RX Summ--Systemic/Sur Seq	Required
1750	Date of Last Contact	Required
1760	Vital Status	Required
1762	Vital Status Recode	Derived
1775	Record Number Recode	Derived
1782	Surv-Date Active Followup	Derived
1783	Surv-Flag Active Followup	Derived
1784	Surv-Mos Active Followup	Derived
1785	Surv-Date Presumed Alive	Derived
1786	Surv-Flag Presumed Alive	Derived
1787	Surv-Mos Presumed Alive	Derived
1788	Surv-Date DX Recode	Derived
1790	Follow-Up Source	Required, when available
1791	Follow-up Source Central	Required
1910	Cause of Death	Required
1914	SEER Cause Specific COD	Derived
1915	SEER Other COD	Derived
1920	ICD Revision Number	Required
1942	Place of Death--State	Required
1944	Place of Death--Country	Required, when available
1975	Derived Summary Grade	Derived
1990	Over-ride Age/Site/Morph	Required
2000	Over-ride SeqNo/DxConf	Required
2010	Over-ride Site/Lat/SeqNo	Required
2020	Over-ride Surg/DxConf	Required
2030	Over-ride Site/Type	Required
2040	Over-ride Histology	Required
2050	Over-ride Report Source	Required
2060	Over-ride Ill-define Site	Required
2070	Over-ride Leuk, Lymphoma	Required
2071	Over-ride Site/Behavior	Required
2074	Over-ride Site/Lat/Morph	Required
2078	Over-ride Name/Sex	Required
2110	Date Case Report Exported	Required
2111	Date Case Report Received	Required
2112	Date Case Report Loaded	Required
2113	Date Tumor Record Availbl	Required
2116	ICD-O-3 Conversion Flag	Required
2117	Schema ID Version Current	Derived
2118	Schema ID Version Original	Derived
2152	CoC Accredited Flag	Required
2158	AJCC Cancer Surveillance DLL Version Current	Derived

CDC's National Program of Cancer Registries: Required Status Table for cancers diagnosed on January 1, 2024 and later*
List approved: 06/14/2023

Item #	Item Name	Collection Requirement
2159	AJCC Cancer Surveillance DLL Version Original	Derived
2230	Name--Last	Required
2232	Name--Birth Surname	Required
2240	Name--First	Required
2250	Name--Middle	Required
2280	Name--Alias	Required
2300	Medical Record Number	Required
2315	Medicare Beneficiary Identifier	Required, when available
2320	Social Security Number	Required
2330	Addr at DX--No & Street	Required
2335	Addr at DX--Supplementl	Required
2352	Latitude	Required, when available
2354	Longitude	Required, when available
2380	DC State File Number	Required
2520	Text--DX Proc--PE	Required
2530	Text--DX Proc--X-ray/Scan	Required
2540	Text--DX Proc--Scopes	Required
2550	Text--DX Proc--Lab Tests	Required
2560	Text--DX Proc--Op	Required
2570	Text--DX Proc--Path	Required
2580	Text--Primary Site Title	Required
2590	Text--Histology Title	Required
2600	Text--Staging	Required
2610	RX Text--Surgery	Required
2620	RX Text--Radiation (Beam)	Required
2630	RX Text--Radiation Other	Required
2640	RX Text--Chemo	Required
2650	RX Text--Hormone	Required
2660	RX Text--BRM	Required
2670	RX Text--Other	Required
2800	CS Tumor Size	Historically collected and currently transmitted when available
2810	CS Extension	Historically collected and currently transmitted when available
2820	CS Tumor Size/Ext Eval	Historically collected and currently transmitted when available
2830	CS Lymph Nodes	Historically collected and currently transmitted when available
2840	CS Lymph Nodes Eval	Historically collected and currently transmitted when available
2850	CS Mets at DX	Historically collected and currently transmitted when available
2860	CS Mets Eval	Historically collected and currently transmitted when available
2861	CS Site-Specific Factor 7	Historically collected and currently transmitted when available
2862	CS Site-Specific Factor 8	Historically collected and currently transmitted when available
2863	CS Site-Specific Factor 9	Historically collected and currently transmitted when available
2864	CS Site-Specific Factor10	Historically collected and currently transmitted when available
2865	CS Site-Specific Factor11	Historically collected and currently transmitted when available
2866	CS Site-Specific Factor12	Historically collected and currently transmitted when available
2867	CS Site-Specific Factor13	Historically collected and currently transmitted when available
2868	CS Site-Specific Factor14	Historically collected and currently transmitted when available
2869	CS Site-Specific Factor15	Historically collected and currently transmitted when available
2870	CS Site-Specific Factor16	Historically collected and currently transmitted when available
2871	CS Site-Specific Factor17	Historically collected and currently transmitted when available
2879	CS Site-Specific Factor25	Historically collected and currently transmitted when available
2880	CS Site-Specific Factor 1	Historically collected and currently transmitted when available
2890	CS Site-Specific Factor 2	Historically collected and currently transmitted when available
2900	CS Site-Specific Factor 3	Historically collected and currently transmitted when available
2910	CS Site-Specific Factor 4	Historically collected and currently transmitted when available
2920	CS Site-Specific Factor 5	Historically collected and currently transmitted when available

CDC's National Program of Cancer Registries: Required Status Table for cancers diagnosed on January 1, 2024 and later*
List approved: 06/14/2023

Item #	Item Name	Collection Requirement
2930	CS Site-Specific Factor 6	Historically collected and currently transmitted when available
2935	CS Version Input Original	Required, when available
2936	CS Version Derived	Historically collected and currently transmitted when available
2937	CS Version Input Current	Required, when available
3020	Derived SS2000	Historically collected and currently transmitted when available
3050	Derived SS2000--Flag	Historically collected and currently transmitted when available
3170	RX Date Mst Defn Srg	Required, when available
3250	RX Summ--Transplnt/Endocr	Required
3300	RuralUrban Continuum 1993	Derived
3310	RuralUrban Continuum 2003	Derived
3312	RuralUrban Continuum 2013	Derived
3400	Derived AJCC-7 T	Historically collected and currently transmitted when available
3402	Derived AJCC-7 T Descript	Historically collected and currently transmitted when available
3410	Derived AJCC-7 N	Historically collected and currently transmitted when available
3412	Derived AJCC-7 N Descript	Historically collected and currently transmitted when available
3420	Derived AJCC-7 M	Historically collected and currently transmitted when available
3422	Derived AJCC-7 M Descript	Historically collected and currently transmitted when available
3430	Derived AJCC-7 Stage Grp	Historically collected and currently transmitted when available
3769	Over-ride CS 20	Historically collected and currently transmitted
3800	Schema ID	Derived
3816	Brain Molecular Markers	Required, site specific
3817	Breslow Tumor Thickness	Required, site specific
3827	Estrogen Receptor Summary	Required, site specific
3829	Esophagus and EGJ Tumor Epicenter	Required, site specific
3835	Fibrosis Score	Required, site specific
3838	Gleason Patterns Clinical	Required, site specific
3839	Gleason Patterns Pathological	Required, site specific
3840	Gleason Score Clinical	Required, site specific
3841	Gleason Score Pathological	Required, site specific
3842	Gleason Tertiary Pattern	Required, site specific; when available
3843	Grade Clinical	Required
3844	Grade Pathological	Required
3845	Grade Post Therapy Path (yp)	Required, when available
3855	HER2 Overall Summary	Required, site specific
3890	Microsatellite Instability (MSI)	Required, site specific; when available
3915	Progesterone Receptor Summary	Required, site specific
3920	PSA (Prostatic Specific Antigen) Lab Value	Required, site specific
3926	Schema Discriminator 1	Required, site specific
3927	Schema Discriminator 2	Required, site specific
3932	LDH Lab Value	Required, site specific
3956	p16	Required, site specific
3960	Histologic Subtype	Required, site specific; when available
3964	Brain Primary Tumor Location	Required, site specific
