What you need to know about documentation

- You must provide original documentation or copies certified by the agency that issued them.
- We cannot accept photocopies or notarized copies.
- We cannot accept a receipt showing you applied for the document.
- Acceptable documents must be unexpired, show name, date of birth or age.
- We may use one document for two purposes. For example, we may use a U.S. passport as proof of both citizenship and identity.
- If U.S. citizenship has not already been established with us, we will need to see proof of citizenship.

Social Security Number Documentation

If the document you provide as evidence of a legal name change does not give us enough information to identify you in our records or if you changed your name more than two years ago (four years ago if you are under 18 years of age), you must show us an identity document in your prior name (as shown in our records). We will accept an identity document in your old name that has expired.

If you do not have an identity document in your prior name, we may accept an unexpired identity document in your new name, as long as we can properly establish your identity in our records.

Unauthenticated U.S. Replacement Self - U.S. Documentation – Name Change

Online Social Security Number Application

A red asterisk (*) indicates a required field.

What you need to know about documentation

- You must provide original documentation or copies certified by the agency that issued them.
- We cannot accept photocopies or notarized copies.
- We cannot accept a receipt showing you applied for the document.
- Acceptable documents must be unexpired, show name, date of birth or age.
- We may use one document for two purposes. For example, we may use a U.S. passport as proof of both citizenship and identity.
- If U.S. citizenship has not already been established with us, we will need to see proof of citizenship.

Social Security Number Documentation

If the document you provide as evidence of a legal name change does not give us enough information to identify you in our records or if you changed your name more than two years ago (four years ago if you are under 18 years of age), you must show us an identity document in your prior name (as shown in our records). We will accept an identity document in your old name that has expired.

If you do not have an identity document in your prior name, we may accept an unexpired identity document in your new name, as long as we can properly establish your identity in our records.
