PAPERWORK REDUCTION ACT (PRA) OF 1995 (Public Law 104-13) STATEMENT OF PUBLIC BURDEN: The purpose of this information collection is to measure how the STAR program is achieving the goal of sustained psychosocial well-being of ORR-eligible clients whose experience of trauma is impeding their ability to function effectively at home, school, work and/or in social settings. Public reporting burden for this collection of information is estimated to average 3 hours per grantee, including the time for reviewing instructions, gathering and maintaining the data needed, and reviewing the collection of information. This collection of information is required to retain a benefit (Immigration and Nationality Act (INA)). An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information subject to the requirements of the PRA of 1995, unless it displays a currently valid OMB control number. If you have any comments on this collection of information, please contact Maggie Barnard at Margaret.Barnard@acf.hhs.gov.

Section 2: Individual Client Demographics and Outcomes (cont.): Safety & Wellness Benchmarks

ORR requires quarterly assessments of each client using the Safety & Wellness Benchmarks. Enter the average score across all enrolled clients.

- o Indicate clients average Safety & Wellness Benchmarks score at intake and most recent assessment. If the client has not been enrolled long enough to receive a second assessment, please do not add a score for them. For continuing clients, use their intake score from when they entered the program, and their most recent score during this reporting period. Assess all enrolled clients quarterly and/or at case closure, whichever is sooner.
- o For adults (ages 18+): Include Mental Health, Relationship Safety, and Self-Efficacy score
- o For children and youth (under age 18): Include Mental Health and Relationship Safety score
- o Calculate the 'average score change' by calculating each individual's score change, then averaging the sum.
