Requirement

A third-party servicer is an entity or individual that administers any aspect of an institution's participation in the Title IV programs, including, but not limited to, services and functions necessary:

- For the institution to remain eligible to participate in the Title IV programs,
- To determine a student's eligibility for Title IV funds,
- To account for Title IV funds,
- To deliver Title IV funds to students, or
- To perform any other aspect of the administration of the Title IV programs.

In making a determination as to whether or not an entity or individual is considered a third-party servicer, the Department looks at each case individually and focuses on the specific service(s) or function(s) being performed at that institution, as opposed to a title that the entity may be using or a generic description of the types of services provided. Servicers often offer multiple versions of a product or service and frequently customize a product or service based on an institution's unique needs. It is possible for an entity to be considered a third-party servicer at one institution and not at another depending on the specific services or functions that the entity performs at each institution.

Submission of this inquiry and any supporting documentation is required if you contract with an institution to perform functions or services related to an institution's Title IV eligibility, the eligibility of the institution's academic programs, or a student's Title IV eligibility.

Certification

- I hereby certify that, to the best of my knowledge, and belief, all information in this document is true and correct. I understand that if my company/organization provides false or misleading information, the U.S. Department of Education considers this to be a breach of the fiduciary standard of conduct and may terminate the servicer's eligibility to contract with any institution to administer any aspect of an institution's participation in the Title IV, HEA programs. I also understand that providing false or misleading information on this form is a violation of the United States Criminal Code, Title 18, Section 1001 and may result in a fine of up to \$250,000 for an individual or \$500,000 for an organization, and/or imprisonment for up to five years, or both, for misinformation that is material to receipt and stewardship of federal student financial aid funds.
- I agree to comply with all statutory provisions applicable to Title IV of the HEA, all regulatory provisions prescribed under that statutory authority, and all special arrangements, agreements, limitations, suspensions, and terminations entered into under the authority of Title IV of the HEA.
- I also agree to refer to the Office of Inspector General of the U.S. Department of Education for investigation any information indicating there is reasonable cause to believe that the institution might have engaged in fraud or other criminal misconduct in connection with the institution's administration of any Title IV, HEA program or an applicant for Title IV, HEA program assistance might have engaged in fraud or other criminal misconduct in connection with his or her application.
- I understand that access to information in Department systems may only be used for the Title IV function or service that is being performed. The data contained in Department systems such as the National Student Loan Data System (NSLDS), the Common Origination and Disbursement (COD) System, or the Central Processing System (CPS) are confidential and are protected by the Privacy Act of 1974, as amended, and other applicable statutes, and regulations. Failure to comply with Department access and user requirements may result in the organization or individual losing access to Department systems and/or being subject to sanctions, including, but not limited to, the initiation of a limitation, suspension, or termination action or a debarment proceeding against the individual, the institution, and/or third-party servicer.
