# Introduction to the FISAP

## *The legal reason you must complete the Application to Participate*

For a school to participate in the Campus-Based programs it is required to file an application by the deadline date of October 1, 2026. Annual deadlines for the Campus-Based programs are published in the Federal Register and made available from the [Campus-Based deadlines](#) page of the Knowledge Center website. It is important to note that if the U.S. Department of Education (the Department) does not receive a completed application by the published deadline date, you cannot be assured that your school will be allocated funds for any of the Campus-Based programs. The regulatory and statutory citations are Perkins Loan (34 CFR 673.3) (20 U.S.C. 1087bb), FWS (34 CFR 673.3) (42 U.S.C. 2752), and FSEOG (34 CFR 673.3) (20 U.S.C. 1070b-3).

## *The legal reason you must complete the Fiscal Operations Report*

Federal regulations state that if you spent Campus-Based program funds in 2025–26 or have a Perkins Loan Fund, you must submit a Fiscal Operations Report. The regulatory and statutory citations are as follows: Perkins Loan (34 CFR 674.19), FWS (34 CFR 675.19), and FSEOG (34 CFR 676.19), (20 U.S.C.1094).

## *Disclosure of estimated burden*

According to the Paperwork Reduction Act of 1995, no persons are required to respond to a collection of information unless such collection displays a valid OMB control number. The valid OMB control number for this information collection is 1845-0030. Public reporting burden for this collection of information is estimated to average 24 hours per response, including time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information. Responding to this collection is mandatory in accordance with 34 CFR 674.19 (Perkins Loan), 34 CFR 675.19 (FWS), and 34 CFR 676.19 and 20 U.S.C. 1094 (FSEOG). If you have comments or concerns regarding the status of your individual submission of this form, please contact the FSA Partner and School Relations Center directly at 1-800-848-0978 or email [CODSupport@ed.gov](mailto:CODSupport@ed.gov).

## *What is the FISAP?*

The FISAP contains two sections:

- the Application to Participate in the Campus-Based programs (FSEOG and FWS) for the award year July 1, 2027 through June 30, 2028, and
- the Fiscal Operations Report for program participation and continued service of the Perkins Loan Portfolio during the award year July 1, 2025 through June 30, 2026.

## *What do these programs provide?*

All programs provide funds (in different ways) to students with financial need to help pay postsecondary education costs.

The FSEOG Program offers grants to the neediest students, and the FWS Program provides part-time employment for students. Each program has a CFDA number. (“CFDA” is the acronym for the Catalog of Federal Domestic Assistance, which describes all federal programs.) For Perkins, the number is CFDA#84.038; for FSEOG, it is CFDA#84.007; and for FWS, it is CFDA#84.033.

The authority to award new Perkins Loans to students has expired and no further disbursements were permitted after June 30, 2018. Schools are permitted to continue servicing their Perkins Loan portfolio and must continue to report information about their Perkins Loan program on its annual FISAP.

### *What should new applicants do to participate in the Campus-Based programs?*

If your school is a first-time participant or does not possess a current Program Participation Agreement (PPA) for the Title IV programs, apply for participation to the Department’s School Eligibility Service Group (SESG). Schools must use the online application available at <https://eligcert.ed.gov>. Once your school answers the initial application questions and prints and submits them to the School Participation Division (SPD) for your school’s home state, the SPD will provide your school with an OPEID number that gives your school access to complete the E-application.

Your school does not need to establish eligibility before filing the FISAP by the October 1, 2026 deadline. However, if your school wishes to participate in the Campus-Based programs in the 2027–28 award year, it must have an OPEID number to submit a FISAP to apply for funds before the deadline.

Also, your school will not receive any Campus-Based funds until it is certified by the Department as eligible to participate in the Federal Student Aid programs.

### *What sections of the FISAP are required to be completed?*

It depends. The FISAP collects data to apply for funds and to report expenditure of funds previously received. The data collected is for two separate award years: an application for funds for 2027–28 (Part II) and the Fiscal Operations Report for funds received in 2025–26 (Parts III–VI). To decide what parts must be completed, you must know which programs your school participated in for the reporting year of 2025–26 and what programs your school is requesting to participate in for the 2027–28 award year. See below to determine what Parts your school must complete:

- **Part I:** Identifying Information, Certification and Warning– to be completed by all schools submitting the FISAP.
- **Part II: Application to Participate**– complete only if applying for FSEOG or FWS funds for the 2027–28 award year.
- **Part III: Fiscal Operations Report for the Perkins Loan Program**– complete if your school has ever awarded Perkins Loan funds and has not liquidated, or is in the process of liquidating its Perkins Loan Fund and Portfolio.
- **Part IV: Fiscal Operations Report for the FSEOG Program**– complete if your school received FSEOG for the 2025–26 award year.
- **Part V: Fiscal Operations Report for the FWS Program**– complete if your school received FWS for the 2025–26 award year.
- **Part VI: Fiscal Operations Report Program Summary**– complete if your school had any FSEOG or FWS expenditures for the 2025–26 award year.

## *I am reporting for more than one institution. Can I complete one FISAP to cover funding for multiple institutions?*

Institutions with unique six-digit OPEID numbers (the school’s OPEID minus the last two digits of “00”)<sup>1</sup> that are **NOT affiliated through administrative control or ownership** must file separate FISAPs and the data for those institutions must not be duplicated in any other FISAP.

Institutions with unique six-digit OPEID numbers that are under the same administrative control or ownership have the following FISAP reporting options:

1. Each institution may complete a separate FISAP. (Any data entered in a school’s FISAP must not be duplicated in any other school’s FISAP.) For improved efficiency and oversight of Title IV processing, this method of reporting is preferred by the Department. OR,
2. An institution may complete one FISAP for multiple institutions. The reporting institution must include in the FISAP the name, address, and unique six-digit OPEID of each eligible institution for which the FISAP contains information. The reporting institution must also list the individual

---

<sup>1</sup> An institution’s unique six-digit OPEID number (the school’s OPEID minus the last two digits of “00”) is the one associated with what is commonly called the “main campus.” The first digit is always zero (0) and the last two digits are always zero (00).

When assigned a value other than “00” (e.g. 01, 02, etc.), the last two digits of the OPEID identify additional locations of a main campus. If an institution has more than 99 additional locations, the first digit of the OPEID is incremented from 0 to 1. If an institution has more than 199 additional campus locations, the first digit of the OPEID is incremented from 0 to 2, etc.

amount(s) of the 2025–26 FSEOG and FWS authorizations that were provided to each additional institution for which it is reporting.

Campus-Based funds are awarded to the reporting institution (the institution filing the FISAP) and that reporting institution must ensure that funds are made reasonably available to all qualifying students at each eligible institution for which it has requested funds, as well as each additional location listed in its Program Participation Agreement (PPA).

**Note:** The reporting institution must be able to provide all FISAP data separately for each institution if required to do so by an audit or program review. Also, all additional institutions listed must possess a current Program Participation Agreement (PPA) that demonstrates eligibility to participate in the Campus-Based program(s) for which it receives an allocation.

In Part I, Section A., Field 5 of the FISAP, schools must indicate whether their FISAP includes data for more than one eligible institution. See the field-by-field instructions for Part I for detailed reporting instructions.

Funding requests and reporting, the Waiver Request for the Underuse of Funds (Part II, Section C, field 6) indicated on the 2027–28 FISAP, and the FWS Community Service Waiver submitted through the COD System, are all applicable to both the reporting institution and the Additional Institutions reported on the FISAP (Part I, Section A, field 5).

To qualify for a Title III waiver of the non-federal share requirement of Campus-Based funds or for its own Campus-Based funding, an institution (one having a unique six-digit OPEID with a two-digit extension of “00”) must complete its own annual FISAP.

### ***My school has recently consolidated with another school. How should we complete the FISAP?***

If your school has recently undergone a merger that has been approved by the Department, Part II of the FISAP (the Application to Participate), to include Sections A, D, E, and F, should be completed using consolidated figures that reflect the data of both/all schools that have merged. This consolidated reporting of Part II is necessary (even if the merger was not executed during the reporting year in question) so that the FWS and FSEOG funding formula for the application year may accurately assess your school’s need for funding based on its new student population.

If the schools that have been absorbed/consolidated due to the merger also participated in Campus-Based prior to the merger, Part II, Sections A, D, E, and F of their FISAP should **not** include any data in these Sections since it will be included in Part II of the standing school’s FISAP. Part II, Sections A, D, E, and F should be filled in with zeros for the absorbed/consolidated schools.

All schools involved in the merger that received FWS and/or FSEOG funding for the reporting year, and/or continued to service their Perkins Loan Portfolio, must file Parts III through VI (the Fiscal Operations Report) of the FISAP separately.

## *What general instructions should I follow when I complete the FISAP?*

Refer to these instructions as you complete your FISAP to make sure you have reported information correctly.

Use actual figures, unless estimates are requested.

When a dollar amount is requested, use whole dollars only. Round to the nearest dollar. **Do not report cents.** The COD System will not accept cents. Examples:

If the actual amount in your records is \$175.49, report \$175.

If the actual amount in your records is \$175.50, report \$176.

**Do not enter negative amounts.** FISAP data entry will accept only positive amounts. (Most calculations are performed by the system.)

Complete only those items that pertain to your school.

## *How do cross-over payment periods affect FISAP reporting?*

A cross-over payment period is a payment period that includes both June 30 and July 1; i.e., it crosses the change in award years. However, the funds are expended from either one award year or the other. FISAP reporting is based on the funds expended from a specific award year, not how your school's payment periods are structured.

**Example:** If a Federal Pell Grant award for the 2026 summer was paid to a student with funds from the 2026–27 award year authorization for that program, report that amount in the FISAP to be filed next year (due by October 1, 2027) and not on this FISAP.

Therefore, in Part II, Section E, Field 23 of the FISAP you are to report the total amount expended against your Federal Pell Grant 2025–26 award year authorization. This amount should agree with the final cumulative expenditures for the 2025–26 award year as entered in G5.

## *How do I report transfers of FWS and FSEOG between programs and funds carried forward or carried back?*

As published in the [Federal Student Aid Handbook](#), Volume 6, Managing Campus-Based Programs, there are provisions for transferring funds between FWS and FSEOG programs and carrying forward or back FWS or FSEOG funds between award years.

**Rules of Transfer:** Funds can be transferred between FWS and FSEOG up to 25%. These funds must be used in that same year. If any of the transferred funds are not used in that year, the remaining amount must be transferred back to the original program and reflected appropriately on the FISAP as funds used in the original program. Those funds may not be carried over to the next year.

**Rules of Carry Forward:** FWS and/or FSEOG funds can be carried forward to the next award year up to 10%. The funds carried forward from the previous year and must be spent prior to spending the current year's funds.

**Rules of Carry Back:** FWS and/or FSEOG funds can be carried back to the previous award year up to 10%. The funds must be carried back and spent prior to program close out of funds for that prior year.

One of the misconceptions of the Campus-Based programs is that money is actually moved from one program to the other (in the case of transfers) or between years (in the case of carries) within G5. Instead, funds must be drawn down from the originating award and year in G5 and then disbursed in the appropriate program the funds are being transferred to, or award year that the funds are being carried forward or back to. The requirement for institutions is to accurately report how the funds were used on the FISAP.

#### *How do I submit my FISAP data?*

You must submit your FISAP through the COD website: <https://cod.ed.gov>. At that site, you are also able to submit FISAP corrections and view communications from the Department.

To submit your FISAP through COD, you must have access to the COD System with one of the following user role types:

- School User 4-View/Update
- School Administrator-View/Update
- School User 6-View/Update
- Third party Servicer User 4-View/Update
- Third Party Servicer Administrator-View/Update

If you do not have access to the COD System, or you need to have a user role type added to your account, please contact your Destination Point Administrator (DPA).

**Note:** If you are a new Destination Point Administrator at your school you must go to <https://fsawebenroll.ed.gov/PMEnroll/index.jsp> to enroll or call FPS/SAIG Technical Support 1-800-330-5947 for assistance.

#### *What Does the Department of Education do with the FISAP information I submit?*

The Department uses the information you provide in the Application to Participate and in the Fiscal Operations Report to determine the amount of funds you will receive for each Campus-Based program. You must provide accurate data. If you do not, you might not receive all the funds to which you are

entitled, or you might be required to return funds you were not entitled to receive. You must retain accurate and verifiable records for program review and audit purposes.

### *Who can sign the FISAP?*

The CEO (e.g., President, Chancellor, Director, Owner) as designated in a school's Program Participation Agreement (PPA) is the **ONLY** person authorized to sign the FISAP and other Campus-Based forms.

### *How do I know the Department of Education has received my FISAP?*

The status of a FISAP submission can be viewed at the "FISAP Dashboard" and the "Submission Log" on the COD website.

### *What if I need to make corrections to my FISAP after the December 15<sup>th</sup> deadline for corrections?*

If changes to FISAP data are needed after the December 15<sup>th</sup> deadline, they must be submitted through the "Change Request" process after December 15<sup>th</sup>.

The following items are **not** considered after the December 15<sup>th</sup> deadline:

- Increase in Requests for Funds in Part II, Section A
- Increase in Administrative Cost Allowance (ACA) amount spent in Part IV, Section D, field 15, and Part V, Section D, field 15

If you find your school requires a change to submitted FISAP data after the FISAP correction deadline, please review the annual Electronic Announcement that is posted in November, "Subject: FISAP Edit Corrections Due December 15<sup>th</sup>" for instructions on how to submit a FISAP change request.

### *When will I hear from the Department about my school's award amounts?*

As noted in the deadline dates chart above, the Department will notify you of your tentative 2027–28 award amount(s) by February 1, 2027 and your final award amount(s) by April 1, 2027 (pending Congressional-approval of an appropriations bill).

Review your tentative award worksheet carefully and contact the FSA Partner and School Relations Center if you have any concerns. **DO NOT wait until the final award has been generated before communicating a concern with your award amounts.** Increases or decreases in the amounts awarded from year to year can occur due to inevitable fluctuations in the data reported in Part II. However, more significant changes to award amounts may be an indicator of inconsistent Part II reporting or a possible typo or error in a certain field or section. It is critical to catch such errors before final awards are generated, at which point increases can no longer be considered.

# Part I : Identifying Information, Certification and Warning

## *Who must complete Part I?*

All schools must complete Part I and must submit the signed copy of the certification and signature pages.

## *Section A. Identifying Information*

### **1(a). Name and address of school**

If your school currently participates in the Campus-Based programs, the COD System automatically provides your school's name and address on the FISAP as it is listed in our files. You will need to verify this data for accuracy and make any corrections necessary. You can update your school's information by going to <https://eligcert.ed.gov/>.

If your school is a new applicant, you will need to enter the school's name and address. The address must be the school's street address. **Do not enter** a P.O. Box, an administrative entity location, or the address of the corporation that controls the school.

If the school in this field is a new applicant for 2027–28, but its students were included in the 2026–27 application filed last year by a different institution, identify that institution's name, address, and OPEID on the FISAP "Additional Information" screen. Also, enter a brief explanation about how the students came to be counted at different institutions.

### **1(b). Mailing address (if different from 1(a))**

If your school currently participates in the Campus-Based programs, the COD System automatically provides your school's mailing address on the FISAP as it is listed in our files. You will need to verify this data for accuracy and make any corrections necessary.

If your school is a new applicant, you will need to enter the school's mailing address if it is different from the address in Field 1(a). You may enter a P.O. Box or an administrative entity location. However, if your school uses the services of a private firm to administer the Campus-Based programs, enter that firm's address in Field 7. **Do not** report that firm's address here.

The following are the only permissible characters to use in this field: upper and lower case letters (A-Z), numbers (0-9), periods (.), apostrophes ('), dashes (-), number signs (#), at (@), percent signs (%), ampersands (&), slashes (/), or blanks (spaces). Use street address abbreviations such as APT (apartment) or AVE (Avenue) if the address extends beyond the space provided.

### **2. OPEID Number**

The COD System automatically provides your school's OPEID on the FISAP as it is listed in our files.

### 3. Type of school

Select the type of school that best describes your school. If your school has recently applied for a conversion or change in ownership, report your school's current, approved type (as designated on its Program Participation Agreement). Valid selections are:

- Public
- Private/Non-Profit
- Proprietary (with the following sub-types):
  - Art
  - Business
  - Cosmetology
  - Trade and Technical
  - Other

**Note:** Only proprietary schools are required to enter a sub-type. If your school is “public” or “private non-profit,” **do not** try to select a proprietary sub-type.

### 4. Length/type of longest program

Select the number from the drop-down box that best describes the length of your school's longest program.

A school that offers both baccalaureate degree and graduate degree programs should select the ‘5 years or more’ option. A school that offers **only** graduate degree programs should select the ‘post-baccalaureate only’ option.

**Note:** If you are preparing this FISAP on behalf of two or more schools with different program types or lengths, for fields 3 and 4, enter information representing the *highest percentage* of enrolled students reported in Part II, Section D.

### 5. Additional Institutions

The COD System will automatically provide the first line with the OPEID of the reporting institution.

To enter additional eligible institutions for which data is being reported on this FISAP, use the “Add” button. Upon clicking the button, a new line will be displayed to enter the OPEID of an additional institution.

The COD System will provide the first and last two digits of the OPEID with zeros (see footnote to question on page 8 “Can I complete one FISAP to cover funding for all institutions?”). If the OPEID is valid, the COD System will provide the institution name, address, city, state and zip code. If the OPEID number is not valid, an error message will display. **Do not report an OPEID for an additional location.**

Next, enter the amount(s) of FSEOG and FWS that were allocated to this institution for the 2025–26 year.

You may repeat this process to include all additional eligible institutions for which you are reporting.

The total of the FSEOG and FWS award amounts listed for all eligible institutions included on the FISAP should be equal to the final adjusted FSEOG and FWS authorization amounts that are reported in Parts **IV** and **V**, field 1.

If you need to delete an institution from the list, select “Remove”.

You may only request funds and report data for additional eligible institutions if the institutions are ***affiliated with the reporting institution through administrative control or ownership***. If an additional eligible institution is NOT affiliated with the reporting institution through administrative control or ownership, a separate FISAP must be filed for that institution and the data must not be duplicated in any other FISAP. See page 7 for more explanation about reporting on behalf of additional institutions.

If the reporting institution entered in Field 1(a) is a new applicant for 2027–28 but its students were included in a 2026–27 FISAP last year by a different institution, identify that institution’s name, address and OPEID on the FISAP “Additional Information” screen. Also provide a brief explanation about how the students came to be counted at different institutions.

The PDF version of the FISAP (accessible from the “FISAP Dashboard” page in the COD System), may not list all additional institutions that were entered in Field 5. To access your school’s complete list of additional institutions, click the “Additional Institutions” link.

## **6. Financial Aid Administrator**

If your school currently participates in the Campus-Based programs, the COD System will automatically provide the name, telephone number, and email address of your school’s financial aid administrator as it is in our records. You must verify this data for accuracy and make any corrections necessary.

If your school is a new applicant, you will need to enter all the Financial Aid Administrator (FAA) information in Field 6.

**Note:** The Department uses the FAA’s email address to communicate with the school about Campus-Based program issues.

## **7. Name and address of private financial aid consultant firm, if any**

If your school uses the services of a private firm to administer the Campus-Based programs, you must complete this field. **Do not** include private CPAs or billing and collection agencies.

### ***Section B. Certification and Warning***

## **8. Chief Executive Officer (CEO) (e.g. President, Chancellor, Director, Owner)**

All entries must be completed in this section. Your school’s CEO must sign here to certify that the school complies with the anti-lobbying requirements and that the FISAP data is “true and accurate.” The certifying official must be aware that the information in this FISAP is subject to audit and program review. Providing false or misleading information may result in criminal penalties.

**Reminder:** The CEO (e.g., President, Chancellor, Director, Owner) as designated in a school’s Program Participation Agreement (PPA) is the only person authorized to sign Campus-Based forms.

### ***FISAP signature requirements***

The CEO must provide an original signature on the printed form that must be mailed or delivered by the October 1, 2026 deadline date to the address below. Print out these pages by clicking the Signature Page link from the “FISAP Dashboard” page in the COD System.

**Change of CEO:** The CEO’s name and contact information from the school’s current PPA will be prepopulated on the signature page. If the information is no longer up to date and a new CEO will sign the FISAP, the outdated information should be crossed out and the current CEO contact and signature should be written in. Please note that the signature will NOT be accepted unless an update is also made to the PPA designating the new CEO. Upon receipt, the signature page may be marked as invalid until the PPA update is confirmed. For faster processing, it is recommended to provide documentation of the PPA update (showing the submission date and CEO change), along with the signature page.

For standard mail, send the signature pages to:

FISAP Administrator  
U.S. Department of Education  
P.O. Box 1130  
Fairfax, VA 22038

For Overnight Mail or Courier, send the signature pages to:

FISAP Administrator  
U.S. Department of Education  
4050 Legato Rd #1100  
Fairfax, VA 22033

Since the CEO is signing off on the accuracy of the data being reported on the FISAP, the FISAP signature pages that are received by the Department *prior* to the actual FISAP submission are not valid and will not be accepted. Consequently, the school will need to provide a new signature page after the FISAP has been submitted in the COD System.

The status of a FISAP signature submission can be viewed at the “FISAP Dashboard” and the “Submission Log” in the COD System. Currently, the FISAP signature page is required only once per year with the original FISAP submission. Additional signature pages are not required for subsequent FISAP corrections at this time.

### ***Lobbying certification***

The full text of the lobbying certification will be displayed and printed as part of the Signature/Certification and Warning page.

## *Electronic submission of the Lobbying Form (SF-LLL)*

If your school received \$100,000 or more for FSEOG and/or FWS AND your school performs lobbying activities, you must submit Standard Form-LLL Disclosure of Lobbying Activities signed by your institution's CEO, when you submit your FISAP signature page.

The Lobbying Form must be submitted electronically in the COD System; however, a hard copy of the signed signature page must be mailed.

Mail the signed Lobbying Form signature page to the following address:

For standard mail, send the signature page to:

FISAP Administrator  
U.S. Department of Education  
P.O. Box 1130  
Fairfax, VA 22038

For Overnight Mail or Courier, send the signature page to:

FISAP Administrator  
U.S. Department of Education  
4050 Legato Rd #1100  
Fairfax, VA 22033

**Reminder:** The CEO (e.g., President, Chancellor, Director, Owner) as designated in a school's Program Participation Agreement (PPA) is the **only** person authorized to sign Campus-Based forms.

## Part II : Application to Participate

### *Who must complete Part III?*

All schools must complete Part II to request Campus-Based funds for the 2027–28 award year.

Current legislation and regulations contain formulas that use the information provided in Part II to determine the amount of funds your school is eligible to receive for the 2027–28 application year.

### *Section A. Request for Funds for the 2027–28 Award Year*

**Your school will not be awarded more than the amount(s) it requests in Section A.** If you do not enter an amount, your school will not receive any funds for that program. The amount you request should represent the maximum amount your school believes it needs. Do not request more federal funds for a program than you expect to use. Unexpended balances from the previous year indicate requests were over-estimated and should be reduced.

**Note:** If your Program Participation Agreement does not reflect eligibility for a Campus-Based program, you will not be able to request funds for that program.

The authority to award or disburse additional Perkins Loans has expired. You will no longer be able to enter a request in Section A., Field 1 for a Federal Perkins Loan Level of Expenditure (LOE) or Field 2 for a Federal Perkins Loan Federal Capital Contribution (FCC). Schools are permitted to charge the Fund for permissible collections costs as described in 647.47 without having a LOE.

#### **1. Federal Perkins Loan Level of Expenditures (LOE)**

You cannot enter any data in this field. No new Perkins Loan awards or disbursements have been permitted after June 30, 2018.

#### **2. Federal Perkins Loan Federal Capital Contribution (FCC)**

You cannot enter any data in this field because Congress no longer authorizes any FCC for the Perkins Loan Program.

#### **3. FSEOG federal funds**

Enter the amount of federal dollars your school wants for awards to students and for administrative costs. Ask only for what you think you can spend.

The request amount submitted on the previous year's FISAP (if applicable) will automatically populate and can be adjusted as needed.

Valid amounts are 000000000-999999999. This field can be blank.

#### **4. FWS federal funds**

Enter the amount of federal dollars your school wants for awards to students, for expenditures for the Job Location and Development Program (JLD), and for administrative costs. Ask only for what you think you can spend.

The request amount submitted on the previous year's FISAP (if applicable) will automatically populate and can be adjusted as needed. Valid amounts are 000000000-999999999. This field can be blank.

#### ***Section B. Federal Perkins Loan Program Liquidation Request***

##### **5. My school wishes to liquidate its Federal Perkins Loan Program portfolio**

If your school wishes to liquidate its Federal Perkins Loan Program portfolio, select “yes”. To begin the liquidation process, you then must electronically submit your school's intent to liquidate using the COD System. As part of the process, you must either assign all outstanding loans to the Department or purchase them, and you will be required to return to the Department the federal share of the remaining cash on hand. Please refer to guidance provided on the Campus-Based Processing Information page on the Knowledge Center website or contact the FSA Partner and School Relations Center at 1-800-848-0978 or [CODSupport@ed.gov](mailto:CODSupport@ed.gov).

#### ***Section C. Waiver Request for the Underuse of Funds***

If your school has returned more than 10 percent (10%) of its FSEOG or FWS allocation for the 2025–26 award year, your school's 2027–28 allocation for that program will automatically be reduced by the amount of the 2025–26 funds returned. You may, however, request a waiver of this underuse penalty by selecting “yes” in Field 6. Then, using the FISAP “Validation” screen, you must explain the circumstances that caused your school's allocation to be underused. Click the plus sign (+) to ‘Provide Additional Information’ under edit number 02090 from the Validation screen. You must include the name of each program for which you are requesting a waiver and explain how the circumstances were beyond your school's control and are not expected to recur. All waiver requests must be submitted to the Department by midnight February 1, 2027. Waiver requests received after this deadline will not be accepted. A Department review panel will consider each waiver request. Schools should receive their waiver approval or denial decisions in March 2027.

##### **6. My school wishes to apply for a waiver of the penalty for the underuse of funds and will provide, on the Validation screen, a written explanation of the circumstances.**

Indicate your school wishes to request a waiver of the penalty for the underuse of funds by selecting “yes”. If you select “yes,” you must read the notice and follow its instructions.

#### ***Section D. Information on Enrollment***

A traditional calendar means your school has academic terms that are quarters, trimesters, or semesters *and* only one admission period during each academic term.

If your school has a traditional calendar, select “Traditional” and report enrollment in field 7 or 8.

A non-traditional calendar means your school admits a new group of students monthly, or more frequently, into a majority of its eligible programs—even if those students enroll on a quarter, trimester, or semester basis.

If your school has a non-traditional calendar, select “Non-Traditional” and report enrollment in fields 9 through 21.

Classify a student as an undergraduate or graduate student according to the instructions in Part II, Section F below. If a student enrolled as an undergraduate during an earlier term in 2025–26 but enrolled as a graduate student in a subsequent term in 2025–26, report the student as a graduate student in Section D.

**Note:** If your school does not have graduate level programs (programs higher than a bachelor’s degree) do not report graduate student data.

### *Fields 7. & 8. Information on enrollment for a school with a traditional calendar*

Schools that operate on a traditional academic calendar, or that have a majority of their eligible programs operating on a traditional calendar, must enter an unduplicated number of all postsecondary students enrolled (full time and less than full time) for the twelve-month period ending June 30, 2026. “Unduplicated” means each student is counted/reported only **ONCE**, regardless of how many terms a student is enrolled.

**Note:** For further explanation concerning “full time and less than full time” enrollment, please review Enrollment Status in Volume 1, Chapter 1, of the [Federal Student Aid Handbook](#) available on the [Knowledge Center website](#).

A student is not enrolled if he or she did not attend any classes.

Field 7 or Field 8 must include all postsecondary students enrolled in at least one undergraduate or graduate/professional course that met one of the following criteria:

- Creditable toward a degree or certificate
- Listed as an undergraduate or graduate/professional course in the school’s catalog
- Offered as an elective or required course as part of the undergraduate or graduate/professional curriculum
- Required as a remedial course as part of the student’s degree or certificate program
- Otherwise considered by the school to be an undergraduate or graduate/ professional course

Do not include:

- Students who were exclusively auditing a class or classes, or otherwise were enrolled in a class or classes that do not count for any undergraduate or graduate credit.
- High School students who are enrolled in postsecondary classes and are not “regular” students. (refer below to the instructions for Section F for the definition of a “regular” student).

**Column (a).** Report the number of students enrolled in undergraduate classes.

**Column (b).** Report the number of students enrolled in graduate/professional classes

### **7. Total number of students, 2025–26**

When you report the number of students your school enrolled at any time during the twelve-month period July 1, 2025 through June 30, 2026, **count each student only ONCE.**

Report the number of students in the appropriate boxes (“Undergraduate” or “Graduate/Professional”).

Valid entries are 0000000-9999999. This field can be blank.

### **8. Estimated number of students, 2026–27**

If your school has a traditional calendar and had no enrollment in 2025–26 but will have enrollment in 2026–27, report the estimated *unduplicated* numbers expected to enroll at any time during 2026–27. **Count each student only ONCE.**

Report the number of students in the appropriate boxes (“Undergraduate” or “Graduate/Professional”).

Valid entries are 0000000-9999999. This field can be blank.

### **9. – 21. Information on enrollment for a school with a non-traditional calendar**

Complete fields 9-20 if most of your school’s eligible programs operate on a non-traditional calendar.

As mentioned at the beginning of Section D, a non-traditional calendar means your school admits a new group of students monthly, or more frequently, into a majority of its eligible programs—even if those students attend classes on a quarter, trimester, or semester basis.

Include only postsecondary students who were enrolled in **Campus-Based eligible** educational or instructional programs during any month from July 1, 2025 through June 30, 2026.

In each field in **column (a)** (for undergraduate students) and **column (c)** (for graduate students), enter the number of students who were enrolled in the previous month and who were still enrolled on the first day of the month for which you are entering information. For example, if you are completing Field 14(a), include any undergraduate students enrolled in November (fields 13(a) and 13(b)) who were still enrolled on December 1.

In each field in **column (b)** (for undergraduate students) and **column (d)** (for graduate students), enter the number of new starts. New starts are students who begin at any time during the month and include students who were enrolled in the previous year and are re-enrolling at the school after a break in enrollment.

Once an undergraduate student is reported in Field 9(a) or in fields 9(b) through 19(b), the undergraduate student must be reported in fields 10(a) through 20(a) for any succeeding months through June 30, 2026 during which the undergraduate student was enrolled at the school. This is also applicable to graduate students reported in columns (c) and (d).

**Example:** Suppose you had 100 continuing graduate students who were enrolled as of July 1, 2025 (Field 9(c)), and 50 new graduate students who enrolled during July (Field 9(d)). If all those graduate students were still enrolled as of August 1, 2025, you would show 150 continuing graduate students in Field 10(c). If you also had 75 new graduate students during the month of August—Field 10(d)—you would add those to the 150 continuing graduate students for a total of 225 continuing graduate students for September 1, 2025—Field 11(c). This example assumes all 225 graduate students continued to be enrolled as of September 1, 2025.

In each column, Field 21 is the sum of fields 9 through 20. The COD System automatically calculates the sum of each column.

Remember that the amounts in Field 21 columns (a) and (c) and Field 21 columns (b) and (d) will not be the total number of undergraduate and graduate students at your school, because you have students duplicated in those totals. Rather, the totals represent the number of **months** all your undergraduate and graduate students were enrolled.

Valid entries for these fields are 0000000-9999999. These fields cannot be blank.

### ***Section E. Assessments and Expenditures***

#### **22. Total tuition and fees for the award year July 1, 2025 through June 30, 2026**

***The tuition and fees revenue you enter here must be only for those students reported in Section D.*** Do not include tuition and fees revenue collected from individuals not meeting Section D’s description of an enrolled student. If a student enrolled as an undergraduate during an earlier term in 2025–26 but enrolled as a graduate student in a subsequent term in 2025–26, divide the tuition and fees revenue between columns (a) (undergraduate) and (b) (graduate) in proportion to the time spent in each type of class.

To complete Field 22, you will need to determine the amount of tuition and fees assessed (***whether or not you collected tuition and/or fees***) and subtract from it the amount refunded to students.

“Tuition and fees assessed” means:

- amounts you charged and collected;
- amounts you charged but did not collect;
- remissions or waivers of costs (for example, your school waives a book fee for all low-income students); and
- the types of fees included in the cost of attendance, as allowed under Part F, Section 472(1) of the Higher Education Act of 1965, as amended.

If you charged a total fee for tuition and room and board, do not count the cost of room and board. Allot a reasonable amount to “tuition.”

Every student has a tuition and fee value associated with attendance at your school.

**What to exclude:** Exclude any fees you assess to all students but that all students are not required to pay (example: life and medical insurance for students).

**What to do with terms/programs that cross award years:** If an academic term extended beyond June 30, 2026, but the majority of the term took place in award year 2025–26, include the tuition and fees assessment for that term in Field 22. If the majority of an academic term did **not** take place in 2025–26, do not include that term’s tuition and fees in Field 22; instead, report that amount on next year’s FISAP.

If a student paid for a complete program of study and that program occurred in two award years, prorate if possible, the tuition and fees that apply to award year 2025–26. If proration is not possible, you may include in Field 22 the total tuition and fees assessed, but you must report that total the same way for all students and for each succeeding year. Thus, if you do not prorate, you must choose either the first or the second year of the program when reporting the total tuition and fees your students were charged. You must then always use that year for all your students.

**Example:** Suppose you have 1,000 new students who enrolled in 2025–26, and they paid their tuition and fees up front. You decide you want to report that amount here, even though the students will continue in 2026–27. Therefore, you cannot *also* report tuition and fees for those 1,000 students for the second year of study. For 2026–27, you can report tuition and fees only for students who began enrollment in 2026–27.

Valid amounts are 0000000000-9999999999. This field cannot be blank.

### **23. Total Federal Pell Grant expenditures for the 2025–26 award year**

The Department collects this information because it considers these expenditures a resource when determining the amount of FSEOG funds awarded your school.

Report the total amount expended against your Federal Pell Grant 2025–26 award year authorization. This amount should agree with the final cumulative expenditures for the 2025–26 award year as entered in G5.

**Note:** It is important that you only include in Field 23 the Federal Pell Grant expenditures made from your 2025–26 award year authorization for that program. For example, if a Federal Pell Grant award for the 2026 summer was paid to a student with funds from the 2026–27 award year authorization for that program, report that amount in the FISAP to be filed next year (due by October 1, 2027) and not on this FISAP.

Any Pell expenditure adjustments you make for the 2025–26 award year in G5 after filing this FISAP must also be made in Field 23 when you submit your edit corrections, due by December 15, 2026.

Valid amounts are 0000000000-9999999999. This field cannot be blank.

### **24. Total expended for state grants and scholarships made to undergraduates for the award year July 1, 2025 to June 30, 2026**

You cannot enter any data in this field.

## ***Section F. Information on Eligible Aid Applicants Enrolled in Your School for Award Year 2025–26***

Report the number of eligible aid applicants *enrolled* at your school in award year 2025–26 who applied for financial aid for that year. (Whether those applicants received aid is immaterial.) To obtain reports through EDEXpress for only those students who enrolled at your school, see Appendix B. Use the following definitions—and subsequent income cell placement information—when completing Section F.

**Regular student:** A student enrolled at an institution of higher education in 2025–26 for the purpose of obtaining a degree, certificate, or other recognized educational credential.

**Enrolled student:** A student who meets all the criteria in the instructions for Section D. A person is not enrolled if he or she did not attend any classes.

**Independent student:** A student who meets at least one of the criteria outlined in Step 3, page 5 of the [2025–26 FAFSA®](#) form is considered to be an Independent student. A student who does not meet at least one of the criteria is a dependent student.

**Undergraduate student without a baccalaureate or first professional degree:** A regular student who has never earned a baccalaureate degree or a first professional degree but is enrolled in an undergraduate course of study that usually does not exceed four academic years at an institution of higher education. This category includes students enrolled in a four- to five-year academic program designed to lead to a first degree. A student enrolled in a program of any other length is considered an undergraduate student only for the first four academic years of that program.

**Undergraduate student with a baccalaureate or first professional degree:** A regular student who has already received a baccalaureate degree (or its equivalent) or a first professional degree but is enrolled in an undergraduate course of study at an institution of higher education and meets the remaining criteria specified in the preceding paragraph.

**Graduate/Professional student:** A regular student who:

- is enrolled in a program or course of study above the baccalaureate level at an institution of higher education or is enrolled in a program leading to a first professional degree;
- has completed the equivalent of at least three years of full-time study at an institution of higher education, either prior to entering the program or as part of the program; and
- is not receiving *Title IV* aid as an undergraduate student for the same period of enrollment.

**Eligible aid applicant:** A regular student who:

- was enrolled in at least one credit of a *Title IV*-eligible degree-seeking academic or training program, or an approved program listed on your schools' Eligibility and Certification Approval Report (ECAR) during award year 2025–26,
- met citizenship or residency requirements for award year 2025–26, and
- applied for financial aid for award year 2025–26 using the 2025–26 Free Application for Federal Student Aid (FAFSA®) form and has an "official" 2025–26 Student Aid Index (SAI) calculated by

the FAFSA Processing System (FPS).

Any student meeting the above criteria is to be included as an eligible aid applicant. You must include students **for whom you had no funds to award** and students who you determined **did not need funds**.

If a student was an undergraduate during an earlier term in 2025–26 but a graduate student in a subsequent term in 2025–26, report the student as a graduate student in sections D and F. In Section E, Field 22, however, divide the tuition and fees revenue between columns (a) (undergraduate) and (b) (graduate) in proportion to the time the student spent in each type of class.

If during 2025–26 a student was an undergraduate during an earlier term, later received a baccalaureate degree, and was subsequently enrolled in an undergraduate course of study, that student must be reflected in column (b) if he or she was dependent or in column (d) if he or she was independent.

**Categorizing 2025–26 Eligible Aid Applicants for Entry in Part II, Section F, fields 25-40:** In fields 25 through 39, columns (a) through (e), report all eligible aid applicants according to each applicant’s correct category. Include applicants who were eligible but who did not receive aid.

In each column, Field 40 is the sum of fields 25 through 39. However, students reported in Field 25 *must not* be included in the entries for fields 26 through 39.

**Note:** You may use the 2025–26 EDEExpress software to access the FISAP Eligible Dependent and Eligible Independent student reports that list students by income range and enrollment status. See Appendix B: How to Print FISAP Reports using 2025–26 EDEExpress.

### **25. Students with a Maximum Pell Indicator of 1, 2, or 3**

An applicant who meets certain tax filing, income, and poverty guideline criteria for their state of legal residence will qualify for a Maximum Pell Grant. When one of those criteria are met, the FPS assigns a Maximum Pell Indicator of either 1, 2, or 3 and a corresponding SAI of less than or equal to zero.

Not every student with a negative or zero SAI will have a Maximum Pell Indicator of 1, 2, or 3. To determine which students have received a Maximum Pell Indicator of 1, 2, or 3, check the ISIR containing the official SAI and the FPS-processed data.

In Field 25, report **only** those students whose output documents show a Maximum Pell Indicator of 1, 2, or 3 on the ISIR

Valid amounts are 0000000-9999999. This field cannot be blank.

### **Fields 26. – 39.**

In these fields, determining the proper income category, or cell, for an eligible aid applicant depends on the income used to calculate that applicant’s SAI for 2025–26. That income was (or would have been, in the case of applicants who received no aid) the basis for any Campus-Based funds awarded to the applicant.

Use the FISAP Total Income, one of the intermediate computed values on the ISIR, to determine the proper cell for each student. For dependent students, FISAP Total Income is the sum of Parent Total Income and Student Total Income. For independent students, the FISAP Total Income will equal the Student Total Income. **Remember, extract this information only from the ISIRs of students who enrolled in your school.**

You might need to correct or adjust a student's income information and recalculate the SAI. If so, you must use that corrected or adjusted information when determining the proper income cell for a student. In such a case, to determine the income cell for a dependent student, you must use the student's **and** parents' base year incomes, as reported on the ISIR.

Do not report Maximum Pell Indicator 1, 2, or 3 students here; report them in Field 25.

Valid amounts are 0000000-9999999. This field cannot be blank.

#### **Field 40.**

In each column, Field 40 is the sum of fields 25 through 39. ***This field is automatically calculated.***

## Part **III**: Federal Perkins Loan Program Fiscal Operations Report

### *Who Must Complete Part **III**?*

You must complete Part **III** if:

- your school has ever awarded Perkins Loan funds and has not liquidated its portfolio and Perkins Loan Fund; or
- your school has started the liquidation process but has not officially completed liquidation of its portfolio and Perkins Loan Fund.

If your school is in the process of liquidating its Fund, the liquidation process is not complete until you have:

- assigned all outstanding loans to the Department, or purchased them;
- completed the required audit;
- returned to the Department the federal share of cash on hand in the portfolio;
- reported all these activities on a “final” FISAP through Phase 4 of the Final Closeout process within the COD System; and
- received a Federal Perkins Loan Portfolio Liquidation Letter of Completion from the Department.

**Note:** For information about the Perkins Liquidation process, please refer to guidance provided on the [Campus-Based Processing](#) page of the [Knowledge Center website](#) or contact the FSA Partner and School Relations Center at 1-800-848-0978 or [CODSupport@ed.gov](mailto:CODSupport@ed.gov).

### *What will I need to complete Part **III**?*

You will need your Perkins Loan Program Account Ledgers. Please realize that your accounting ledger will not match the field numbers in Section A. Therefore, do not simply transfer data from a ledger number that matches a field number—the data will not correspond.

### *General instructions for Part **III***

**Section A** requests cumulative fund data. When reporting data for unduplicated students, count each student only ONCE, regardless of the number of transactions the student has in any field.

**Note:** Perkins Loan principal cancellation data is collected in Part **III**, Section A. Further definition and explanation are available in Volume 6, Chapter 5 of the [Federal Student Aid Handbook](#) available on the Knowledge Center website.

**Section B** requests the annual fund activity.

**Section C** requests the cumulative repayment information.

**Sections D and E** collect cohort default rate (CDR) data.

**Note:** The regulations at 34 CFR 674.5 state the method for calculating a school’s Perkins Loan Program CDR and the penalties that apply if the CDR meets or exceeds 50% for each of the three most recent award years. Upon notification by the Department, a school is ineligible to participate in the Perkins Loan Program and its Perkins Loan portfolio must be liquidated and any outstanding loans must be assigned to the Department. A school may appeal a notification of ineligibility within 30 days of its receipt.

The following information also must be reported in Part III, as applicable:

- Amounts received under the Department of Defense Educational Loan Repayment Program (10 U.S.C. 2172)
- Amounts received from the consolidation of a Federal Perkins Loan
- Amounts received under subtitle D of Title I of the National Community Service Act of 1990, Subpart D

**General Reminder regarding the National Student Loan Data System (NSLDS) and the Federal Perkins Loan Program:** All Federal Perkins Loans must be regularly reported/updated to NSLDS. Information on reporting requirements, technical documents, and assistance can be found in the [NSLDS Reference Materials section](#) on the Knowledge Center website.

**FUND REPAYMENTS ARE DUE** when your school is in the process of liquidating the Fund or when the Department notifies your school that the Federal share of any amounts collected for the 2025–26 award year are due.

To return Federal Perkins Loan Program Funds to the Department, schools should use the Department’s G5 website (<https://G5.ed.gov/>) to electronically refund money for the following purposes:

- Returning the Federal Share of the Perkins Loan Fund cash on hand, and/or;
- Closing out its Fund and returning the Federal Share at the end of the school’s liquidation process.
- For further detail on returning Federal Perkins Loan Program Funds to the Department, refer to guidance provided on the Knowledge Center website.

## *Section A. Fiscal Report (Cumulative) as of June 30, 2026*

### **1.1 Cash on hand and in depository as of 6/30/2026**

**Column (c).** Report the total cash you had on hand and in depository as of June 30, 2026. Include reimbursements the school made to the Fund of interest and principal the borrower did not pay because he or she received a repayment incentive discount.

Reduce the amount reported as cash on hand by the full amount of any loan payments you returned to borrowers because of the following circumstances:

- You received payments from those borrowers on or after the date they became totally and permanently disabled but before their loans were assigned to the Department, *and*
- The Department has discharged those loans during the award year because of the borrowers’

total and permanent disability.

You **cannot** enter a negative amount in Field 1.1. The authority to award new Federal Perkins Loans to students has expired and no further disbursements were permitted after June 30, 2018. Deposits of additional Institutional Capital Contribution (ICC) to the Fund are not permitted for any reason. Previously, when a school's expenditures exceeded the amount of cash on hand in the Fund or additional funds were needed for making Perkins loans, the school was required to deposit an additional ICC into the Fund in the form of a short-term, no interest loan. The additional ICC should have been reported in Field 29.1 and repayments of the ICC to the school in Field 30.1. However, with the expiration of the authority to make new loans, short-term loans are no longer allowed and schools that have made short-term loans in the past must repay themselves as soon as possible.

Valid amounts are 000000000-999999999. This field cannot be blank.

### 1.2 Cash on hand and in depository as of 10/31/2026

**Note:** Completion of this field is not possible before October 31, 2026.

**Column (a).** When you are verifying Part III, Section A as part of the edit corrections you submit by December 15 (or the last business day prior to December 15 if it falls on a weekend), report the total cash you had on hand and in depository as of October 31, 2026. You cannot report this entry as a negative amount. (See Field 1.1 instructions above.)

Valid amounts are 000000000-999999999. This field is blank if the system date is before October 31, 2025.

### 2. Funds receivable from federal government

**Column (c).** You cannot enter any data in this field.

### 3. Funds receivable from school

**Column (c).** You cannot enter any data in this field.

### 4. Funds advanced to students

**Column (b).** Report the unduplicated, CUMULATIVE number of borrowers who received their loans on or before September 30, 2018.

Section C is an analysis of the repayment status for all past and current National Defense/Direct Student Loan and Federal Perkins Loan borrowers as of June 30, 2026 at your school. **Count the number of borrowers and not the number of loans made.**

In fields 1.1 through 5.4, each borrower is counted **only once**. That is, when a borrower has more than one loan and falls into more than one category in Section C, the dollars should be reported in the appropriate fields. The borrower, however, should be reported only once in column (b), in the field for the loan where the borrower’s principal amount outstanding is the **greatest**.

In column (b), the sum of fields 1.1, 2, 3, 4, 5.1, 5.2, 5.3, and 5.4 equals Field 4, column (b) of Part III, Section A of the Fiscal Operations Report.

The following instructions are basic to each column:

**Column (a).** Report the amount paid into the Loan Fund to purchase loans.

This entry will be used for liquidation purposes.

Before a school can have a fully liquidated Perkins Loan portfolio, all loans with a principal amount outstanding at the school must either be assigned to the Department or fully retired, including loans the school is purchasing.

The Perkins Loan Assignment and Liquidation Guide can be found in guidance provided on the [Campus-Based Processing Information](#) on the [Knowledge Center website](#) at or contact the FSA Partner & School Relations Center at 1-800-848-0978 or [CODSupport@ed.gov](mailto:CODSupport@ed.gov).

For questions concerning payments received at the school after the loan is assigned to the Department, follow instructions in the [Total and Permanent Disability Discharge Assignment Guide for Federal Perkins Loans](#) or contact the Nelnet Total and Permanent Disability Servicer in Denver, CO at 1-888-303-7818 or [disabilityinformation@nelnet.net](mailto:disabilityinformation@nelnet.net).

**Note:** Assigning a loan to the Department for total and permanent disability is a two-step process. The first step is the approval of the disability claim. The Loan Holder Notification (LHN) file is the primary form of communication of TPD discharge information between the Nelnet Total and Permanent Disability Servicer and your school. Your school will receive notification of the approval of the disability claim in the LHN file and notification to submit the loan for assignment for non-Veterans TPD discharged loans. The second step is the submission of the loan for assignment. The school must receive both confirmation of the approval of the disability claim AND confirmation of acceptance of the loan for assignment. If you have questions about the acceptance of a loan assigned for TPD, you may contact the Nelnet Total and Permanent Disability Servicer in Denver, CO at 1-888-303-7818 or send an email to [disabilityinformation@nelnet.net](mailto:disabilityinformation@nelnet.net). Please see the [Total and Permanent Disability Discharge Assignment Guide for Federal Perkins Loans](#) for complete instructions.

- For loans made on or after October 1, 1980, but before July 1, 1987, a grace period is 6 consecutive months, starting from the date the borrower ceased to be at least a half-time student at a postsecondary school.

### *Cohort Default Rate (Sections D and E)*

If your school had fewer than 30 borrowers who entered repayment in the 2024–25 award year, complete Section E. If your school had 30 or more borrowers who entered repayment in the 2024–25 award year, complete Section D.

For the purpose of calculating the cohort default rate:

- a borrower has entered repayment the day after the borrower’s initial grace period ended, or the day the borrower waived the initial grace period. This date does not change if a deferment or a cancellation is granted after the borrower has entered repayment.
- a loan is in default if the borrower failed to make an installment payment when due or to comply with the other terms of the promissory note, and this situation has existed for at least 240 days for loans with monthly payment installments or at least 270 days for loans with less frequent payment installments.
- a loan is still considered to be in default even if the school, its owner, agency, contractor, employee, or any other entity or individual affiliated with the school makes a payment to prevent the borrower from defaulting.
- a loan is not considered to be in default only if the borrower has:
  - made six voluntary consecutive payments;
  - voluntarily made all payments currently due;
  - repaid the loan in full;
  - rehabilitated the loan or had it canceled;
  - received a deferment or forbearance on the loan based on a condition that began before the loan became 240 days past due;

- received a discharge because of death, permanent and total disability, bankruptcy, or because of a closed school; or
- repaid the loan in full in accordance with Section 674.33(a) or Section 674.47(h)
- a loan assigned to the Department of Education is still considered part of the cohort default rate calculation, unless the loan has been assigned because of a total and permanent disability cancellation.

This field will be automatically populated with the amount submitted on the previous year's FISAP and ***should not be adjusted*** (unless last year's entry was incorrect, and you are making a correction).

If the entry here is different from the one in Part **IV**, Field 5 of your 2024–25 Fiscal Operations Report, you must submit a revised 2024–25 Fiscal Operations Report.

Valid amounts are 000000000-999999999. This field cannot be blank.

### **10. Additional 2025–26 funds carried back and spent for 2025 summer enrollment**

If you report in Field 9 the maximum 10 percent carry back amount, report here any additional amount of your 2025–26 FSEOG allocation that you carried back and spent for awards to students for payment periods that began on or after May 1, 2025 but that ended prior to July 1, 2025.

If the entry here is different from the one in Part IV, Field 6 of your 2024–25 Fiscal Operations Report, you must submit a revised 2024–25 Fiscal Operations Report.

Valid amounts are 000000000-999999999. This field cannot be blank.

### **11. Total federal funds available for 2025–26 FSEOG**

Field 11 equals the sum of fields 1, 2, 3, 5, 6 and 7 **minus** the sum of fields 4, 8, 9 and 10. *This field is automatically calculated.*

### **Section C. Funds to FSEOG Recipients**

DO NOT include in either Field 12 or 13 below any non-federal funds in excess of the required 25 percent non-federal share.

### **12. Total funds to FSEOG recipients**

The amount reported must consist of the required 25 percent non-federal plus 75 percent federal shares, unless your school has been granted a waiver of the institutional match requirement for 2025–26. In that case, report whatever federal funds your school expended, plus any optional institutional match that may have been contributed (not to exceed 25 percent).

Field 12 equals Field 13 plus Field 14.

Valid amounts are: 000000000-999999999. This field cannot be blank.

### **13. Non-federal share of funds to FSEOG recipients**

For non-federal funds to be reported in this field, the recipients of these monies must have also received some federal funds from the FSEOG Program in the 2025–26 award year.

Field 13, which is automatically calculated, must be 25 percent of Field 12, unless your school has been granted a waiver of the institutional-match requirement for 2025–26. In that case, you can report less than 25 percent. **Schools must not enter any school expenditures that exceed the 25 percent requirement.**

Your school must provide the non-federal share from its own resources, which might include school grants and scholarships, tuition or fee waivers, state scholarships, or foundation or other charitable organization funds. You can use one of three methods to provide the non-federal share; these are discussed in Volume 6, Chapter 1, “FSEOG Non-federal Share,” of the [Federal Student Aid Handbook](#) available on the [Knowledge Center website](#).

Although Field 13 is automatically calculated, you must know how the total is derived so you can determine what to enter in fields 13(a) and 13(b). Therefore, perform the following steps:

- Divide the total federal FSEOG funds expended for FSEOG recipients by 75.
- Take that result and multiply it by 25. You will then have your school's FSEOG non-federal matching requirement.

**Note:** Do NOT simply take 25 percent of the total federal FSEOG funds expended or 25 percent of your FSEOG award—neither is an accurate calculation of your non-federal matching requirement.

Once you have determined the FSEOG non-federal matching requirement, you must break down that amount for fields 13(a) and 13(b).

### **13(a). Cash outlay contributed**

If some or all of your non-federal share consisted of a cash outlay by your school, enter the amount contributed.

Valid amounts are 000000000-999999999. This field cannot be blank.

### **13(b). Other resources designated**

If some or all of your non-federal share consisted of one of the other types of school resources listed above, enter the amount designated.

Valid amounts are 000000000-999999999. This field cannot be blank.

Field 13 must equal Field 13(a) plus Field 13(b).

## ***Section D. Federal Funds Spent for FSEOG Program***

### **14. Federal share of funds to FSEOG recipients**

Report the amount of FSEOG federal funds expended for students, plus any FWS federal funds transferred into FSEOG and spent for FSEOGs.

Field 14 must equal 75 percent of Field 12, unless your school has an approved waiver of the institutional match requirement for 2025–26. In that case, report whatever federal funds your school expended.

Valid amounts are 000000000-999999999. This field cannot be blank.

## 15. Administrative cost allowance claimed

Use the Administrative Cost Allowance Worksheet - Part VI, Section B, steps 1 and 2 to see how your Administrative Cost Allowance (ACA) is calculated.

Report how much ACA you claimed in the FSEOG Program.

The amount in Field 15 must be the same as the amount in Part VI, Section B, Field 23(b). This amount could include funds claimed for any or all of the three programs.

**Note:** Remember that your ACA comes from your FSEOG and FWS program allocations and therefore should be budgeted in advance as part of those allocations. ***The ACA is not a supplemental amount from the Department.***

For more information on calculating the ACA, see the instructions that follow for Part VI, as well as Volume 6, Chapter 1 of the [Federal Student Aid Handbook](#) available on the [Knowledge Center website](#).

Valid amounts are 000000000-999999999. This field cannot be blank.

## 16. Federal funds spent for FSEOG

Field 16 equals Field 14 plus Field 15. ***This field is automatically calculated.***

### *Section E. Use of FSEOG Authorization*

## 17. Expended FSEOG authorization

Field 17 equals the sum of fields 4, 8, 9, 10, and 16 minus the sum of fields 2, 3, 5, 6, and 7. ***This field is automatically calculated.***

The amount in Field 17 must agree with your final FSEOG draw downs in G5. Also, this amount cannot exceed your authorization in Field 1.

## 18. Unexpended FSEOG authorization

Field 18 equals Field 1 minus Field 17. This field is automatically calculated. **The resulting amount will ultimately be deducted from your G5 grantee account.**

The Department of Education will not accept a negative amount in this field. An excess expenditure must be charged to institutional funds; however, the excess institutional share is not entered in this report.

**Note:** Unless your school has received an underuse waiver, a penalty will be assessed against your school's 2027–28 FSEOG allocation if the amount in Field 18 plus any other amounts you previously returned to the Department are greater than 10 percent of your combined 2025–26

initial plus supplemental allocations. The penalty consists of a reduction in your 2027–28 FSEOG allocation by an amount equal to the total amount you did not spend in 2025–26.

Valid amounts are 000000000-999999999. This field cannot be blank.

### ***Section F. Information about FSEOG Disaster-Affected Students***

An eligible school is permitted to make FSEOG awards to “disaster-affected students.” An eligible school must be located in a county or parish that was designated by the Federal Emergency Management Agency (FEMA) for major disaster assistance as a result of a major disaster as defined under the Robert T. Stafford Disaster Relief and Emergency Assistance Act (42 U.S.C. 5170 and 5191).

Include in this section only those FSEOG disbursements made to affected students as a direct result of the disaster. Do NOT include FSEOG disbursements that would have been made to students regardless of the disaster.

FEMA designated disaster jurisdictions can be found at the FEMA website: <https://www.fema.gov> under “Disaster Designations.”

**Note:** You need to spend all 2024–25 funds carried forward before spending any funds from the 2025–26 award year.

## 8. 2025–26 funds carried forward to be spent in 2026–27

Report any amount of your 2025–26 FWS allocation that you carried forward to spend in award year 2026–27. The maximum amount you could have carried forward to be spent is 10 percent of the sum of your 2025–26 original and supplemental FWS allocations.

## 11. Total federal funds available for 2025–26 FWS

Field 11 equals the sum of fields 1, 2, 3, 5, 6, and 7 **minus** the sum of fields 4(a), 4(b), 4(c), 8, 9, and 10. ***This field is automatically calculated.***

### ***Section C. Total Compensation for FWS***

Use this section to report the total FWS compensation earned in award year 2025–26, both federal and institutional shares. This amount reflects gross compensation, including tax and other withholdings.

Total FWS compensation earned means all types of FWS work, whether or not that work qualifies as community service employment. For more on community service activities and reporting those earnings, see the instructions for Section G.

## **12. Total earned compensation for FWS Program**

In Field 12, the FWS total earned compensation (federal and non-federal share) is reported for all students for the 2025–26 award year.

Any FWS earned compensation paid to students employed as reading or mathematics tutors of children or while employed in family literacy activities must be reported in Field 12(a) for on-campus employment or in Field 12(b) for off-campus employment at public or private nonprofit agencies. (Any amounts earned for these activities are reported, whether or not the activities qualify as community service work.)

Any FWS payments made to disaster-affected students who were unable to continue working under the FWS program as a result of a major disaster must be reported in Field 12(a) for on-campus employment or in Field 12(b) for off-campus employment at public or private nonprofit agencies.

Field 12 equals fields 12(a) plus 12(b) plus 12(c) plus 12(d). ***This field is automatically calculated.***

### **12(a) On-campus earned compensation**

Report the earned compensation for on-campus employment.

Valid amounts are 000000000-999999999. This field cannot be blank.

### **12(b) Off-campus earned compensation for public non-profit agencies, excluding amounts reported in Field 12(c)**

Report the earned compensation for off-campus employment at public or private nonprofit agencies, excluding expenditures required to be reported in Field 12(c).

Valid amounts are 000000000-999999999. This field cannot be blank.

### **12(c) Off-campus earned compensation for agencies that were unable to pay regular non-federal share and had a federal share up to 90 percent**

Report the earned compensation for off-campus employment at public or private nonprofit agencies that were unable to pay the regular non-federal share and that had a federal share not exceeding 90 percent.

Valid amounts are 000000000-999999999. This field cannot be blank.

### **12(d) Off-campus earned compensation for private for-profit organizations**

Report the earned compensation for off-campus employment in the private for-profit sector.

Valid amounts are 000000000-999999999. This field cannot be blank.

### **13. Total institutional share of earned compensation**

Report the total institutional share of all earned compensation. The minimum required institutional share varies by type of employment and is the complement of each federal share percentage reflected in Field 14.

The institutional share consists of the amounts your school has contributed and the amounts any off-campus employer has contributed.

If the institutional share of student compensation was paid in kind (examples include a tuition waiver and room and board), you must convert the in-kind compensation to cash value.

Field 13 must equal Field 12 minus Field 14.

Valid amounts are 000000000-999999999. This field cannot be blank.

### ***Section D. Funds Spent from Federal Share of FWS***

#### **14. Total federal share of FWS earned compensation**

In Field 14, the federal share of the FWS total earned compensation paid to all students for the 2025–26 award year is reported.

Field 14 equals fields 14(a) plus 14(b) plus 14(c) plus 14(d). ***This field is automatically calculated.***

#### **14(a) Federal share paid at a rate up to 75 percent**

Report the federal share of compensation earned at the maximum 75 percent rate: applies to on-campus employment or off- campus employment at public or private nonprofit agencies.

Also include the federal share of any payments disbursed to disaster- affected students for the period in which they were prevented from fulfilling their FWS work obligations.

Valid amounts are 000000000-999999999. This field cannot be blank.

#### **14(b) Federal share paid at a rate up to 100 percent for waivers of non- Federal share**

Report the federal share of compensation earned at the maximum 100 percent rate: applies to on-campus employment or off- campus employment at public or private nonprofit agencies. Report here the federal share of compensation FWS students earned while employed as reading or mathematics tutors of children or while employed in family literacy activities.

If your school is designated as Title III eligible and had an approved waiver of the non-federal share, report your federal share here.

Valid amounts are 000000000-999999999. This field cannot be blank.

**14(c) Federal share paid at a rate up to 90 percent for agencies that were unable to pay regular non-federal share**

Report the federal share of compensation earned at the maximum 90 percent rate: applies to off-campus employment at public or private nonprofit agencies unable to pay the regular non-federal share.

The 90 percent federal share is limited to no more than 10 percent of the students paid under the FWS Program for the 2025–26 award year.

For example, if you had 10 students who earned FWS compensation in 2025–26, 10 percent of those students equals one student. Therefore, you could fund only one student at the 90 percent federal share. If you wanted to fund two or more students, you would have to fund them at the 75 percent federal share amount, not at the 90 percent federal share amount.

**Note:** This 10 percent limit does not include students whose FWS wages have been exempted from the full non-federal share requirement (generally 25 percent) because those students were employed as reading or mathematics tutors of children or were employed in family literacy activities. See Volume 6 of the [Federal Student Aid Handbook](#) available at the [Knowledge Center website](#) for more information.

Valid amounts are 000000000-999999999. This field cannot be blank.

**14(d) Federal share paid at a rate up to 50 percent for off-campus, private for-profit organizations**

Report the federal share of compensation earned at the maximum 50 percent rate: applies to off-campus employment in the private for-profit sector.

This amount may not exceed 25 percent of the sum of your 2025–26 original plus supplemental authorizations.

For example, if the FWS award is \$10,000, the amount you report here cannot exceed 25 percent of this amount, or \$2,500.

Valid amounts are 000000000-999999999. This field cannot be blank.

**15. Administrative cost allowance claimed**

Use the Administrative Cost Allowance Worksheet - Part VI, Section B, steps 1 and 2 to calculate your Administrative Cost Allowance (ACA).

Report how much ACA you claimed in the FWS Program.

The amount reported in Field 15 will automatically populate in Part VI, Section B, Field 23(c).

**Note:** Remember that your ACA comes from your FSEOG and FWS program allocations and therefore should be budgeted in advance as part of those allocations. **The ACA is not a supplemental amount from the Department.**

For more information on calculating the ACA, see the instructions for Part VI, as well as Volume 6, Chapter 1 of the [Federal Student Aid Handbook](#) available at the [Knowledge Center website](#).

Valid amounts are 000000000-999999999. This field cannot be blank.

#### **16. Federal share of Job Location and Development (JLD) Program expenditures**

Report the federal share of the total amount spent for the Job Location and Development (JLD) Program. The total amount of FWS federal funds spent for the JLD Program must not exceed the lesser of \$75,000 or 10 percent of the sum of your 2025–26 original and supplemental FWS allocations.

For more information on the JLD Program see Volume 6 of the [Federal Student Aid Handbook](#) available on the [Knowledge Center website](#).

If you used FWS federal funds to operate the JLD Program, the amount reported in this field must not exceed 80 percent of the amount reported in Section F, Field 20.

Valid amounts are 000000000-999999999. This field cannot be blank.

#### **17. Total federal funds spent for FWS**

Field 17 equals the sum of fields 14 through 16. ***This field is automatically calculated.***

### ***Section E. Use of FWS Authorization***

This section shows how your expended and unexpended authorization amounts were derived.

#### **18. Expended FWS authorization**

Field 18 equals the sum of fields 4(a), 4(b), 4(c), 8, 9, 10, and 17 **minus** the sum of fields 2, 3, 5, 6, and 7. ***This field is automatically calculated.***

The amount in Field 18 must agree with your final FWS draw downs in G5. Also, this amount cannot exceed your authorization in Field 1.

## 19. Unexpended FWS authorization

Field 19 equals Field 1 minus Field 18. This field is automatically calculated. **This amount will ultimately be deducted from your G5 grantee account.**

Any calculation that results in a negative figure will not be accepted for transmission to ED. An excess expenditure must be charged to the school share of earned compensation.

**Note:** Unless your school requests and receives an underuse waiver, a penalty will be assessed against your school's 2027–28 FWS allocation if the amount in Field 19 plus any other amounts you previously returned to ED are more than 10 percent of your combined 2025–26 initial plus supplemental allocations. The penalty consists of a reduction in your 2027–28 FWS allocation by an amount equal to the total amount you did not spend in 2025–26.

## *Section F. Information About the Job Location and Development (JLD) Program*

### 20. Total expenditures for the JLD Program

Report the total amount spent (federal and institutional share) to establish, maintain, or expand the Job Location and Development (JLD) Program.

Valid amounts are 000000000-999999999. This field cannot be blank.

### 21. Institutional expenditures for the JLD Program

Report the total amount of institutional funds spent. If your expenditures were paid in kind (for example, staff salaries, related travel, or printing and mailing costs), convert those contributions to their cash values.

If you used federal funds to operate the JLD Program, the amount reported in this field must be at least 20 percent of the amount reported in Field 20.

Valid amounts are 000000000-999999999. This field cannot be blank.

### 22. Number of students for who jobs were located or developed

Report the number of students for whom you developed or located jobs through the JLD Program and who had earnings through JLD placement in award year 2025–26.

Valid amounts are 0000000-9999999. This field cannot be blank.

### 23. Total earnings of the students in Field 22 above

Report the total amount earned in 2025–26 by the students reported in Field 22. If you do not know their actual wages, report a reasonable estimate.

Valid amounts are 000000000-999999999. This field cannot be blank.

### ***Section G. Information About FWS Students Employed in Community Service Activities***

Your school is required to use at least 7 percent of its FWS allocation to employ students in community service jobs, unless your school received a Community Service Waiver from the Department. The information you report in Section G will determine whether your school has met this requirement for the 2025–26 award year.

**Attention Work Colleges:** Do not include Work College Community Service expenditures in this total. Report Work Colleges expenditures separately on the Work Colleges Program Expenditure Report.

If your school also received reallocated supplemental FWS federal funds, this section determines whether your school used those funds only to pay students in community service jobs, as is required.

The minimum amount of FWS federal funds the school must expend on community service jobs for an award year is one of the following two amounts, ***whichever is greater:***

7 percent of the sum of:

- your original FWS allocation **plus**
- your FWS supplemental allocation (if any), **minus**
- any amount of FWS federal funds you returned through the reallocation process, **OR**

100 percent of your FWS supplemental allocation (if any).

The most basic requirement of community service employment is that the activities involved must be open and accessible to the community. “Open and accessible” means the service is publicized to the community and the general public has access to the service. For information on the kinds of activities that qualify as community service employment, see Volume 6 of the [Federal Student Aid Handbook](#) available on the Knowledge Center website.

You will include in this section information on any funds spent to compensate students employed in jobs that satisfy these criteria.

Regulations at 34 CFR 675.18(g) set forth the community service expenditure requirements under the Federal Work-Study Program that a school must meet unless it is granted a waiver of the community service expenditure requirements. An annual Electronic Announcement posted in March, Subject: Federal Work-Study Program Community Service Waiver Requests, explains the penalties associated with failure to meet the community service expenditure requirements.

**Note:** Because Section G collects information on all types of community service, you might duplicate some of the information you report here in sections H, I and J.

#### **24. Number of students in community service employment**

Report the number of students employed during the 2025–26 award year in FWS jobs that met the definition of community service in the Higher Education Act of 1965, as amended, Part C, Section 441(c). For a discussion of community service, see Volume 6 of the [Federal Student Aid Handbook](#) available on the [Knowledge Center website](#).

Valid entries are 0000000-9999999. This field cannot be blank.

#### **25. Federal share of community service earned compensation**

Enter the federal share of compensation earned in FWS community service jobs during the 2025–26 award year.

This amount must not exceed 75 percent of the total earned compensation for community service (the sum of fields 25 and 26), unless the institutional-share requirements have been waived, or unless an off-campus agency qualified for a 90 percent federal share.

For example, if the total earned compensation for community service is \$10,000, then Field 25 should be \$7,500 ( $\$10,000 \times .75$ ). Field 26 should be \$2,500 ( $\$10,000 \times .25$ ). If the school has an approved waiver of the institutional share, Field 25 could be \$10,000 and Field 26 could be \$0.

Valid amounts are 000000000-999999999. This field cannot be blank.

#### **26. Non-federal share of community service earned compensation**

Report the non-federal (school plus off- campus employer) share of compensation students earned while employed in community service jobs.

Do not report any contributions in excess of the required minimum non-federal share.

Valid amounts are 000000000-999999999. This field cannot be blank.

### ***Section H. Information about FWS Students Employed as Reading Tutors of Children or Employed in Family Literacy Activities***

At least one of the FWS students your school employs must:

- work as a reading tutor for children who are preschool age or are in elementary school or
- perform family literacy activities in a family literacy project that provides services to families with preschool age children or elementary school children.

For this section, report information about students employed in these types of activities whether or not those activities qualify as community service employment. The information you report here could, however, also be part of the information you report in Section G, if the reading tutoring for children or the family literacy activities were open and accessible to the community. As mentioned in Section G, a service is considered open and accessible if it is publicized to the community and the general public uses the service.

This information will be used to determine whether your school met the requirement to employ one or more students in at least one reading tutoring project as a reading tutor of children or in a family literacy project performing family literacy activities.

Further, this information will be used to determine whether your school met one of the requirements for receiving reallocated supplemental FWS funds, if you requested such funds. That requirement is that you must, as part of your community service activities, spend at least 5 percent of your original plus supplemental FWS allocations to pay students employed as reading tutors of children or employed in family literacy activities.

### **27. Number of FWS students employed as reading tutors of children or employed in family literacy activities**

Report the number of FWS students employed during the 2025–26 award year as reading tutors of children or employed in family literacy activities.

The reading tutoring must be provided to preschool age children or children who are in elementary school. The family literacy activities must be in a family literacy project that provides services to families with preschool age children or children who are in elementary school.

The FWS student must perform the work for the school itself; for a federal, state, or local public agency; or for a private nonprofit organization.

Valid entries are 0000000-9999999. This field cannot be blank.

### **28. Federal share of earned compensation for FWS students employed as reading tutors of children or employed in family literacy activities**

Enter the federal share of compensation earned by FWS students employed during the 2025–26 award year as reading tutors of children or employed in family literacy activities.

The federal share can be as high as 100 percent; your school is not required to ask the Department for a waiver of the FWS institutional-share requirements. Your school has the option, however, of continuing to provide an institutional share and determining the amount of that share.

### **28(a) Amount of the federal share in Field 28 spent on community service employment**

Report the amount of the federal share entered in Field 28 that was spent on community service employment. To qualify as community service employment, the reading tutoring for children or family literacy activities must have been open and accessible to the community. As mentioned earlier, service is considered open and accessible if it is publicized to the community and the general public has access to that service.

Valid amounts are 000000000-999999999. This field cannot be blank.

### **29. Total earned compensation for FWS students employed as reading tutors of children or employed in family literacy activities**

Report the total compensation FWS students earned during the 2025–26 award year while employed as reading tutors of children or while employed in family literacy activities. Any non-federal share of this compensation would come from your school and/or private nonprofit organizations.

Valid entries are 000000000-999999999. This field cannot be blank.

### ***Section I. Information about FWS Students Employed as Mathematics Tutors of Children***

For this section, you report information about students employed in this activity *whether or not* that activity qualifies as community service employment.

The information you report here could, however, also be part of the information you reported in Section G, if the mathematics tutoring for children was “open and accessible” to the community, as defined in Section G.

### **30. Number of FWS students employed as mathematics tutors of children**

Report the number of FWS students employed during the 2025–26 award year as mathematics tutors of children. The mathematics tutoring must be provided to students from the elementary through ninth-grade levels. The FWS student must perform the work for the school itself; for a federal, state, or local public agency; or for a private nonprofit organization.

Valid amounts are 0000000-9999999. This field cannot be blank.

### **31. Federal share of earned compensation for FWS students employed as mathematics tutors of children**

Enter the federal share of compensation FWS students earned during the 2025–26 award year while employed as mathematics tutors of children.

The federal share can be as high as 100 percent; your school is not required to ask the Department for a waiver of the FWS institutional-share requirements. Your school has the option, however, of continuing to provide an institutional share and determining the amount of that share.

Valid amounts are 000000000-999999999. This field cannot be blank.

### **32. Total earned compensation for FWS students employed as mathematics tutors of children**

Report the total compensation FWS students earned during the 2025–26 award year while employed as mathematics tutors of children.

Valid amounts are 000000000-999999999. This field cannot be blank.

### **35. Total spent for students in civic education and participation activities.**

Report the total compensation FWS students received during the 2025–26 award year while engaged in civic education and participation activities.

Valid amounts are 000000000-999999999. This field cannot be blank.

## *Section K. Information about FWS Disaster-Affected Students*

Under certain limited circumstances, an eligible school is allowed to make FWS payments to a “disaster-affected student” who is unable to continue working under the FWS Program. An eligible school must be located in a county or parish that was designated by the Federal Emergency Management Agency (FEMA) for major disaster assistance as a result of a major disaster as defined under the Robert T. Stafford Disaster Relief and Emergency Assistance Act (42 U.S.C. 5122(2)).

Valid amounts are 000000000-999999999. This field cannot be blank.

## Part **VI**: Program Summary the Fiscal Operations Report

### *Who must complete Part **VI**?*

If you participated in the Federal Perkins Loan, FSEOG, or FWS Program in the 2025–26 award year, you must complete this section.

### *What do I need to complete Part **VI**?*

You will need data from parts **III**, **IV**, and **V** of this FISAP and from your school's records.

### *General instructions for Part **VI**, Section A*

Report the distribution of aid recipients and the amounts spent during the 2025–26 award year —by taxable and untaxed income levels— for undergraduate dependent students (fields 1 through 11), undergraduate independent students (fields 12 through 22), and/or graduate/professional students (Field 23). Definitions for types of students are found in Part **II**, Section F of these instructions.

In **column (c)** (FSEOG recipients), and **column (e)** (FWS recipients), report the students' academic category (e.g. undergraduate or graduate, dependent or independent) that applied when they received the FSEOG or FWS award. If a student received FSEOG or FWS **in more than one academic category** in 2025–26 (e.g., as an undergraduate one term and graduate in another, dependent in one term and independent in another), they should be reported in the category in which they were enrolled during the **final term** of the 2025–26 academic year (or the final month of the training program, for schools with a non-traditional calendar).

In **column (g)** (unduplicated recipients), report each student only once, even if a student received both FSEOG and FWS. If a student received FSEOG and FWS in more than one academic category (as described above), report that student in column (g) according to the students' status in the **final term** (or month) of the 2025–26 academic year.

Students reported in fields 1 through 23 will be **all** students, whether full time or part time.

Students entered in Field 25 are those students from fields 1 through 23 who are enrolled less than full time.

In **25(c)** (less-than-full-time FSEOG recipients), and **25(e)** (less-than-full-time FWS recipients), report students who were enrolled less-than-full-time when they received their FSEOG or FWS award. If they received FSEOG or FWS while enrolled both as a full-time student one term, and less-than-full-time in another term during the 2025–26 academic year, **report them according to their highest enrollment level achieved** (i.e. do not include them in Field 25).

Do not include students in 25(g) (unduplicated recipients) if they were enrolled full-time at any point during the 2025–26 academic year. Those students should not be included in the unduplicated count for 25(g), even if they were previously reported in 25(c) or 25(e)), as a less-than-full-time FSEOG or FWS recipient.

**Note:** For further explanation concerning “full time and less than full time” enrollment, please review Enrollment Status in Chapter 1, Volume 1 of the [Federal Student Aid Handbook](#) available on the [Knowledge Center website](#).

Students entered in Field 26 are those students from fields 1 through 23 with a Maximum Pell Indicator of either 1, 2, or 3.

The entries in column (g) are unduplicated counts, and for most schools, are *not* the sum of columns (a), (c), and (e). Column (g) represents a head count of enrolled students; each student is counted only *once*. If a student received funds from more than one program, you would nevertheless report that student only once in this column. For example, a student who received both FWS and FSEOG is counted only once in the unduplicated column.

Placing students into the correct income categories for fields 1 through 22 is done in the same way as for “eligible aid applicants” in Part II, Section F.

Students with a Maximum Pell Indicator of 1, 2, and 3 should be included in fields 1 through 23. Maximum Pell Indicator 1 students should be assigned a value of \$0 income and reported accordingly (in the lowest income category). To place a student with a Maximum Pell Indicator of 2 or 3 into the appropriate income category, use the FISAP Total Income value on the ISIR.

**UPDATE:** In some cases, FISAP Total Income is not returned on the ISIR. Specifically, this impacts students with a Maximum Pell Indicator of 2 or 3 whose SAIs were not calculated using Formulas A, B, or C. This issue will be resolved in the 2026-27 FAFSA® release. In the interim, please refer to Formulas A and B in the [2025–26 Student Aid Index \(SAI\) and Pell Grant Eligibility Guide](#) to determine the appropriate value for FISAP Total Income. FISAP Total Income is the sum of Parent Total Income (Field 3) plus Student Total Income (Field 22) for dependent students (Formula A); and Student Total Income (Field 3) for independent students (Formula B).

If it is not feasible for your school to manually derive the FISAP Total Income value for all ISIRs on which it is blank, as an alternative you may simply use the Adjusted Gross Income (AGI) field. Please use whatever method best allows your school to assign students into an appropriate income range with as much accuracy as possible.

**Note:** You may use the 2025–26 EExpress software to assist you with basic information to help you complete the income grid in Part VI, Section A. of the FISAP. See Appendix B: How to Print FISAP Reports using 2025–26 EExpress.

You cannot enter any data in columns a or b because you weren’t authorized to make any new Perkins loans or make any disbursements on Perkins loans in the 2025–26 Award Year.

Valid entries are 0000000-9999999. This field cannot be blank.

## **24. Total (fields 1–23)**

The COD website will automatically calculate Field 24 totals for columns (c), (d), (e), (f), and (g).

In **column (d)**, the total FSEOG amount spent equals Part IV, Section C, Field 12.

The total amount of FSEOG funds spent comprises expenditures made from these sources:

- FSEOG federal funds,
- FWS funds transferred to FSEOG, and
- Non-federal share.

Under the “Individual FSEOG Recipient Basis” and “Fund-Specific Basis” methods of providing the required non-federal share, you must report, for each FSEOG recipient, the appropriate 25 percent non-federal and 75 percent federal shares, unless your school has been granted a waiver of the institutional match requirement for 2025–26. In that case, report whatever federal funds your school expended.

Under the “Aggregate Basis” method, however, each FSEOG recipient will not have received the 25 percent non-federal share. Therefore, you must only ensure that the sum of all funds awarded to FSEOG recipients in the 2025–26 award year comprises 75 percent FSEOG federal funds and 25 percent non-federal resources.

**Example:** If you had awarded a total of \$60,000 to FSEOG recipients in 2025–26, \$45,000 must have come from FSEOG federal funds, and \$15,000 must have come from non-federal resources. If there are 100 FSEOG recipients, the entire \$15,000 non-federal resource requirement could be met by awarding that amount to just four FSEOG recipients, if you chose. You would then break down and report the \$15,000 according to the appropriate income levels of the four FSEOG recipients.

For more information on the methods of providing the non-federal share, refer to “FSEOG Non-federal Share” in Volume 6, Chapter 1 of the [Federal Student Aid Handbook](#) available on the [Knowledge Center website](#).

In **column (f)**, the total FWS funds to students equals Part **V**, Section C, Field 12.

The total amount of FWS funds spent comprises expenditures made from these sources:

- FWS federal funds,
- FSEOG funds transferred to FWS, and
- Non-federal share

**Column (g)**. This column contains the total unduplicated number of recipients in columns (c) and (e). See Section A. general instructions at the beginning of Part **VI** instructions for a discussion of unduplicated recipients.

Valid entries are 0000000-9999999. This field cannot be blank.

### *Section B. Calculating the Administrative Cost Allowance*

This worksheet is automatically calculated for you, based on other FISAP fields you have completed.

You may charge the administrative cost allowance (ACA) against FWS and/or FSEOG programs from which you awarded funds to students during the 2025–26 award year. Because there was no authority to award Perkins Loan Program funds during the 2025–26 award year, ACA cannot be charged against your Perkins Loan Program.

All ACA funds claimed for the 2025–26 award year must be for administrative expenses that were incurred during the 2025–26 award year (July 1, 2025 to June 30, 2026). ACA must be reported accordingly on the Fiscal Operations Report in Part IV and/or Part V by the October

1, 2026 FISAP submission deadline. Attempts to update the FISAP with new or increased claims of ACA expenditures after the December 15<sup>th</sup> correction deadline will be denied.

**Note:** Remember that your ACA comes from your Campus-Based program allocations and therefore should be budgeted in advance as part of those allocations. **The ACA is not a supplemental amount from the Department.**

For more information on calculating the ACA, see Volume 6, Chapter 1 of the available on the [Knowledge Center website](#).

**Step 3, Field 23** - Once the total ACA is computed, you may charge this amount, at your school's discretion, to available Campus-Based program funds, as described above.

Retain a copy of the worksheet for audit and program review purposes.

## Appendix A: How to Receive Designation as an Eligible Institution to Receive a Waiver of the FWS/FSEOG Institutional-Share Requirement

In order to receive a waiver of the Federal Work Study (FWS) and Federal Supplemental Educational Opportunity Grant (FSEOG) non-federal share requirement, a school must first be designated as an eligible Title III institution by the Department of Education's Office of Postsecondary Education Institutional Service OPE/IS office.

OPE/IS has automated its designation process by using existing data to determine an institution's eligibility for Title III programs each year.

Once the annual review process is complete, institutions may verify their Title III eligibility status by going to the Application on the OPE/IS website (<https://www2.ed.gov/about/offices/list/ope/itudes/eligibility.html>). Institutions that are determined to be eligible to apply for a Title III grant program automatically receive the waiver of the non-federal share requirement for the Campus-Based Programs for the following award year. ***Waivers of the non-federal share requirement are valid for one year only.***

The Department will inform each institution's financial aid administrator that the institution has been granted a Title III waiver for the non-federal share requirement for the FWS and FSEOG programs. A school receiving a Title III waiver still has the option of providing an institutional share and determining the amount of that share.

Institutions that are not designated as eligible for a Title III program may have the option to submit OPE/IS a waiver application requesting reconsideration of their eligibility by the specified deadline.

In some instances, an institution that has been designated as a Historically Black College and University (HBCU) or as a Tribally Controlled College and University (TCCU) may not meet all statutory requirements to be eligible to apply for a Title III grant program; however, these institutions still qualify for a waiver of the non-federal share requirement on the basis of their designation as an HBCU or TCCU.

If you have questions regarding your Title III eligibility, contact:

U.S. Department of Education  
OPE Higher Education Programs Institutional Service  
400 Maryland Avenue  
Washington, DC 20202

Program Officer:

Nemeka Mason-Clerc  
Email: [nemeka.mason@ed.gov](mailto:nemeka.mason@ed.gov)

Or go to the website at: <https://www2.ed.gov/about/offices/list/ope/itudes/eligibility.html>

**Clarification:** To qualify for a Title III waiver of the non-federal share requirement of Campus-Based funds or for its own Campus-Based funding, an institution (one having a unique six-digit OPEID with a two-digit extension of “00”) must complete its own annual FISAP. Branch or location campuses (those with an eight-digit OPEID that does NOT end in “00”) do not qualify to file a FISAP but may receive Campus-Based funding through their main campus.

Eligibility for Title III programs is determined by the Office of Postsecondary Education (OPE) at the location level (eight-digit OPEID), while Campus-Based funds are awarded at the main campus level (six-digit OPEID) only. The Title III waiver of the non-federal share requirement is authorized for use only by the campuses that have been designated by OPE as eligible to participate in a Title III program. The institutional match must be provided for any portion of a school’s FSEOG and FWS funds expended at a main, location, or branch campus that has not been designated as Title III-eligible.

## Appendix B: How to Print FISAP Reports using 2025–26 EDEXpress

Both the EDEXpress Packaging module and the Application module enable you to print detailed reports of student information in your EDEXpress database that can help you prepare different sections of the FISAP (Fiscal Operations Report and Application to Participate for Funds).

The reports distinguish between dependent or independent students pursuing an undergraduate/baccalaureate degree who already have a prior degree and those who do not have a prior degree.

The FISAP–Eligible Dependent Students and FISAP–Eligible Independent Students reports in EDEXpress use income ranges that correspond to Part II, Section F of the FISAP. The FISAP–Dependent Student Summary and FISAP–Independent Summary reports use income ranges that correspond to the Income Grid section of the Program Summary (Part VI) portion of the FISAP.

The following instructions for printing the EDEXpress FISAP reports are from the EDEXpress 2025–26 Release 1.0 Desk Reference. EDEXpress software and manuals are available on the [Software and Other Tools page](#) on the Knowledge Center website.

If you need assistance using the EDEXpress software, please contact the FPS/SAIG Technical Support Center at 1-800-330-5947.

For schools using other financial aid software applications, please contact the appropriate vendor for information and assistance.

To prepare your data and print FISAP reports using the Application module:

1. Import all 2025–26 ISIR files you have received from the FPS. The ISIR transaction you identify as the active transaction on the ISIR Review tab is used by EDEXpress to extract FISAP-related information for the reports, such as Total Income.
2. Review the demographic (Demo tab) records of all student records in your database and verify Enrollment Status values.
  - o Delete records for students who did not attend your school.
  - o Try printing the Student Summary report (**Print, Global**) for multiple students with a query attached that identifies records with a blank Enrollment Status field value. Access the student records that print on the report and either update the missing value or delete the record.
  - o Verify Enrollment Status values are accurate for the remaining students in your database. You may need to consult internal enrollment rosters for this information.
  - o Use Global Multiple Entry (**Edit, Global** under the **Multiple Entry** menu) to review and update the Enrollment Status for multiple student records at once, if needed.

3. Review the ISIR selected as the active transaction for your students via the ISIR Review option.
  - o The Active Transaction field on the ISIR Review option defaults to the highest valid ISIR transaction you have imported for the student.
  - o To review the current active transaction selections for ISIRs in your database, print the List-Processed ISIRs report (**Print, Application**). Prior to printing the report, select **Active** for the Transaction Preference field on the print dialog box. To modify the active transaction selected on the ISIR Review tab for a student change the transaction number listed in the Inactive Transaction to Display field to the ISIR transaction you want to base the FISAP report calculations on, then click **Process, Activate Transaction**. You cannot activate rejected ISIR transactions.
4. To print the FISAP reports after you have completed the steps above, select the **Print Reports** icon from the left navigation bar, then under the **Application Processing** section select the FISAP report you wish to print (expand the menu by clicking the “+” next to “Application Processing” if needed). Options include the **FISAP–Eligible Dependent Students, FISAP–Eligible Independent Students, FISAP–Dependent Student Summary, or FISAP–Independent Student Summary** reports.
5. Select **Single** as the Report option if it is not already selected.
6. Choose where to send the report: **File, Printer, or Screen**, as well as whether you want output in PDF or HTML format. If you want to send the report to a file, click the **File** button and type a name for the file, then click **Open**.

If you chose File as your output destination, no paper copy is printed (the information is printed to the file in the format you designate). To print a paper copy, locate the file, open it using a compatible program (such as Adobe Reader for PDF files or an FSA-supported browser for HTML files), and print it.

You can also password-protect import reports printed to a file by entering a password in the Password and Verify Password fields. The printed file is encrypted in PDF or ZIP format, depending on the report format selected. To print a paper copy, repeat the print process and select Printer as your output destination.

If you chose **Screen** as your output destination, no paper copy prints. Use the **scroll bars** to view the report and click **Close** when you are finished. To print a paper copy, click the **Print** button to print from the screen.

7. (Optional) Select the **Print Details** checkbox if you want the report to display each student ID for each income category.
8. Click the **PRINT** button.
9. Repeat steps 4-8 as needed to print each FISAP report.
