The Training Provider also agrees to the following terms and conditions outlined in Sections B through H below, in addition to what is already listed in this agreement. Authorizing Official Initial Here	
Part VII: SECTION B-GENERAL	
	1. The Training Provider understands, while a student's enrollment in a program to continue their education meets the requirements for payment, the primary focus of the VET TEC 2.0 program is for Veteran graduates to obtain employment in the field of study within 180 days of completing the program and the high-tech program is designed to achieve this employment goal.
	2. Training Providers recognize and acknowledge they have an obligation to support Vet Tec 2.0 students in securing and maintaining employment following program completion.
	3. Training Providers acknowledge that VA reserves the authority to suspend or disapprove a program if the graduates are not predominantly employed in positions related to their field of study.
	4. Training Providers acknowledge that VA reserves the authority to limit, suspend or disapprove a program if VA observes a pattern of students entering continuing education instead of obtaining employment within the field of study.
	5. VET TEC 2.0 students must be enrolled in a term that begins on or after July 1, 2026, and on or before September 30, 2027; not more than 4,000 individuals may participate in the VET TEC 2.0 program in any fiscal year. Note: By Law, the number of participants who may participate in the program per fiscal year is limited and subject to change by Congress. (38 U.S. Code 3699C(a)(2)).
	6. The program of education is delivered directly by the institution itself, rather than outsourced to or provided by another entity through a contractual agreement or other arrangement.
	7. The Training Provider when requesting approval for new programs will provide the job placement rate of graduates who secured employment in the field of study of the high technology program within the milestone of 180 days of completing the program.
	8. The program(s) for which the Training Provider is seeking approval cannot lead to a standard college degree.
	9. The program for which the Training Provider is seeking approval must be a minimum of 6 weeks long and cannot exceed 28 weeks in length; self-paced and open enrollment programs are ineligible for approval under the VET TEC 2.0 program.
	10. The tuition and fees charges for a program at a proprietary institution cannot exceed the private school tuition and fees cap established by VA for the academic year in which enrollees enter the VET TEC 2.0 approved program. See Post-9/11 GI Bill (Chapter 33) Rates Veterans Affairs for private school academic year caps. Tuition and fee charges at a public institution cannot exceed the institution's in-state tuition and fee rate.
	11. Instructors teaching the high technology programs are experts based on industry certification and/or the following capabilities reflecting teaching proficiency and real-world experience in their respective fields: • Identifying Workforce Needs: Instructors must show they can identify professions that need employees, adapt programs to meet current market demands, and pinpoint employers likely to hire program graduates. • Teaching Effectiveness: Instructors must prove their ability to effectively teach the skills offered to Veterans enrolled in the program. • Relevant Industry Experience: Instructors need to provide evidence of their practical experience in the industries related to the training programs. • Demonstrated Expertise: Instructors must also demonstrate their expertise in the specific fields covered by the programs. This rule does not apply to tuition, fees, or other charges paid through a compliant institutionally funded payment plan that requires the outstanding balance is paid no later than 180 days after the end of the relevant term, quarter, semester, or enrollment period, and is paid in full before students can begin training for the next term or other enrollment period beginning on or after the expiration date of the payment plan. 85/15 Waiver: The waiver process is an exception to the general rule, which aims to prevent programs from specifically targeting Veterans' benefits and to ensure program quality by requiring a mix of students from the general population. The waiver process is as follows: • VA will waive the 85% enrollment restriction for Preferred Providers. • VA may waive the 85% enrollment restriction if it is determined to be in the interest of both the Veteran and the Federal Government. • VA must prescribe regulations detailing the criteria and process for granting such waivers. • If a waiver is granted VA must submit a report to the Committees on Veterans Affairs of the Senate and House of Representatives within 30 days of issuing the waiver. • The report must explain the rationale for granting the waiver and how it serves the interests of both the Veteran and the Federal Government.

Tuition and fees paid to any public institution cannot exceed the institution's in-state tuition and fee rate. • Monthly Housing Allowance (MHA): A monthly housing allowance is paid by VA directly to the Veteran depending on if they are attending in-residence or online and is always paid in arrears. - o When there is a break in training (such as a holiday break) greater than 7 consecutive calendar days, MHA payments are not authorized for the break period. During the month(s) in which a break occurs, the Veteran will receive a pro-rated MHA payment. • Books and Supplies Stipend: A books and supplies is paid by VA directly to the Veteran on or after the first day of a term or other enrollment period. VA PAYMENT SCHEDULE: Section 212 authorizes VA to pay mandatory tuition and fees to the Training Provider based on the following milestones: • 25% of the submitted tuition and fees will be paid upon receipt of the initial Enrollment Certification for the Veteran. - o The Veteran must attend at least one day of class in order to meet the VA's definition of "initial enrollment". - o Enrollment Certifications cannot be submitted more than 30 days prior to the student's start date. - o If it is subsequently determined that the student did not attend any class sessions, a debt will be created for the tuition and fees paid regardless of the school's published refund policy. • 25% of the submitted tuition and fees will be paid upon the Veteran's successful completion of the program: - o Successful completion of the program means that the Veteran has successfully completed all required training and has received a graduation certificate from the Training Provider. • 50% of the submitted tuition and fees will be paid once the Veteran meets one of three milestones: - o The graduate finds employment in their field of study within 180 days after graduation and works for at least 180 days in that employment. - o The graduate is hired by, and remains employed by, the Training Provider for at least one year. - o The graduate enrolls in a new program to continue their education in the same field with the same or different Training Provider.. RELEASE OF FINAL PAYMENT: Once one of the milestones listed above are met regarding the 50% final payment schedule, in order for VA to release the final tuition and fees payment, both the Veteran and the Training Provider will need to certify that the Veteran has achieved the milestone within the field of study using VA Form 22-10299, Veterans Employment Through High Technology Education Courses (VET TEC 2.0) Employment Certification. • The VA Form 22-10299 should be submitted by the Training Provider; not the student. • VA will only extend the 180-day requirement milestone to find employment if the Veteran is called to Active Duty or for extenuating circumstances, VA will evaluate such circumstances on a case-by-case basis. The 180-day period will be extended by the length of the call-up when less than 90-days.

In no case will any termination be effective, nor will any terminations be attempted outside of these stated requirements. Should the Training Provider terminate this participation agreement:</i> - o <i>The Training Provider remains obligated to complete the training of all Veterans currently enrolled in the program ("teach-out").</i> - o VA will continue to pay for all Veterans currently enrolled in the formerly approved program. - o VA will terminate the Training Provider's access to the Enrollment Manager system; the Training Provider then will need to report all enrollment changes to VETTEC.VBABUF@va.gov. - o VA will not make any payments for any future Veterans with the terminated Training Provider.
	Part VII: SECTION F-AMENDMENTS TO THIS AGREEMENT
	Amendments to this agreement must be made in writing and signed by an authorized representative of the Training Provider and VA official. Oral or unilateral amendments will not be valid. Terminations may only be carried out unilaterally if done in accordance with the terms outlined in this agreement.
	Part VII: SECTION G-DISPUTES WITH THIS AGREEMENT
	Should disagreements arise as to the interpretation of the provisions of this agreement that cannot be resolved between the Training Provider and the VET TEC 2.0 Education Liaison Representative, the area(s) of disagreement will be reduced to writing by each party and presented to the ELR Supervisor and Team Chief for resolution. If settlement cannot be reached at this level, the disagreement will be raised to the Executive Director of Education Services of VA for final resolution.
	Part VII: SECTION H-DECISION REVIEW/APEAL PROCESS
	• VA shall establish and maintain a review process for Training Providers that have been determined not to meet certain requirements in order to be approved under the VET TEC 2.0 program. This provision aims to create a formal mechanism for Training Providers to appeal decisions that affect their eligibility to provide VA-approved education programs and ensures congressional oversight of the process through required reporting. - o VA will allow Training Providers to request a review of such determinations. - o VA has the option to consult with state approving agencies (SAAs) regarding the review process or specific review. - o VA will report to the Senate and House Committees on Veterans' Affairs within 180 days of establishing or revising this process. • Training Providers that request a review/appeal of the approval decision are given a limited window of opportunity to provide context or explanations for their circumstances: - o The Training Provider must submit their request for review within 30 days after the start of the term, quarter, or semester affected by the determination. - o The Training Provider is allowed to submit any information they believe is relevant to their case. - o This can include information they think VA should have considered when making the original determination. - o The Training Provider can present mitigating circumstances that may explain or justify their situation.
