

## NSF I-Corps Post-Course Survey Overview

Pursuant to 5 CFR 1320.5(b), an agency may not conduct or sponsor, and a person is not required to respond to, an information collection unless it displays a valid OMB control number. The OMB control number for this collection is 3145-0267.

Congratulations on completing the course! Thank you for completing this course evaluation! The feedback you offer through course evaluations will be used in a number of important ways:

- Instructors think about how to improve the courses they teach.
- NSF considers the effectiveness of the program as well as the instructors.

When filling out the survey, please consider the following:

- Specific, constructive comments are more useful than less specific ones
- Your responses are confidential. Comments you enter are provided to reviewers just as you wrote them; other results are aggregated.

Public reporting burden for this collection of information is estimated as 10 minutes per response, including the time for reviewing instructions.

Send comments regarding this burden estimate and any other aspect of this collection of information, including suggestions for reducing this burden, to: Suzanne H. Plimpton, Reports Clearance Officer, National Science Foundation, 2415 Eisenhower Ave., Suite W18200, Alexandria, VA 22314; telephone (703) 292-7556; or send email to [splimpto@nsf.gov](mailto:splimpto@nsf.gov).
