The valid OMB number is 0535-0088. The time required to complete this information collection is estimated to average 20 minutes per response, including the time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information.

Earlier this season you gave a representative from our office information about the corn acreage on your farming operation. We are now collecting information to help determine corn production in (Your State) and the United States.

_____*

1. Now I want to update this corn acreage information. What is the current number of corn acres you planted for all purposes on all the land you operate in the tract?..... **ACRES**
2. What are the total acres of corn to be harvested for grain or seed on all the land you operate in the tract? (If total equals zero, end interview)..... **ACRES**

105	_____
102	_____

Notes:

- For the Sample Field(s) in the tract, complete Table A for the corn field(s) based off the cardinal directions indicated on the label (e.g., northern most field)
- Select corn field regardless if the field is intended to be harvested for grain/seed or other use.
