AIES-L1
(DRAFT)

What is the Annual Integrated Economic Survey?

The **Annual Integrated Economic Survey (AIES)** is a re-engineered survey designed to integrate and replace seven mandatory business surveys into a streamlined single survey. The new format simplifies reporting by consolidating all necessary questions into one convenient platform, requiring you to answer only industry-specific content that directly relates to your company's activities.

With key data items standardized across all sectors, the Annual Integrated Economic Survey offers a holistic annual picture of the U.S. economy. Your valuable data serve as a critical input in calculating the Gross Domestic Product (GDP), empowering policymakers and businesses, including your own, to make informed and data-driven decisions.

How do I know this is a legitimate government survey?

This survey has been approved by the Office of Management and Budget (OMB). The eight-digit OMB approval number is 0607-1024 and appears in the lower left corner of each reporting screen. Without this approval, we could not conduct this survey. We are conducting this survey under the authority of Title 13, United States Code, Sections 131 and 182.

How long will it take to complete the survey?

We estimate the Annual Integrated Economic Survey will take an average of 2 hours 15 minutes to complete. Factors such as company size, complexity, and activity will affect your actual time to complete the survey. This estimate includes the time to review instructions, search existing data sources, gather and maintain the data needed, and complete and review the survey.

Will my response be confidential?

Yes. The U.S. Census Bureau is required by law to keep your response confidential (Title 13, U.S. Code, Section 9). The Census Bureau is not permitted to publicly release your responses in a way that could identify your business, organization, or institution. Per the Federal Cybersecurity Enhancement Act of 2015, your data are protected from cybersecurity risks through screening of the systems that transmit data.

Am I required to fill out the survey?

Yes. Your business is required by law (Title 13, U.S. Code, Sections 224 and 225) to respond to this survey.

How will the Census Bureau use the information I provide?

By law, the Census Bureau can only use your business data to produce statistics.

What is the Annual Integrated Economic Survey?

The **Annual Integrated Economic Survey (AIES)** is a re-engineered survey designed to integrate and replace seven mandatory business surveys into a streamlined single survey. The new format simplifies reporting by consolidating all necessary questions into one convenient platform, requiring you to answer only industry-specific content that directly relates to your company's activities.

With key data items standardized across all sectors, the AIES offers a holistic annual picture of the U.S. economy. Your valuable data serve as a critical input in calculating the Gross Domestic Product (GDP), empowering policymakers and businesses, including your own, to make informed and data-driven decisions.

How do I know this is a legitimate government survey?

This survey has been approved by the Office of Management and Budget (OMB). The eight-digit OMB approval number is 0607-1024 and appears in the lower left corner of each reporting screen. Without this approval, we could not conduct this survey. We are conducting this survey under the authority of Title 13, United States Code, Sections 131 and 182.

How long will it take to complete the survey?

We estimate the Annual Integrated Economic Survey will take an average of 2 hours 15 minutes to complete. Factors such as company size, complexity, and activity will affect your actual time to complete the survey. This estimate includes the time to review instructions, search existing data sources, gather and maintain the data needed, and complete and review the survey.

Will my response be confidential?

Yes. The U.S. Census Bureau is required by law to keep your response confidential (Title 13, U.S. Code, Section 9). The Census Bureau is not permitted to publicly release your responses in a way that could identify your business, organization, or institution. What is the Annual Integrated Economic Survey?

The **Annual Integrated Economic Survey (AIES)** is a re-engineered survey designed to integrate and replace seven mandatory business surveys into a streamlined single survey. The new format simplifies reporting by consolidating all necessary questions into one convenient platform, requiring you to answer only industry-specific content that directly relates to your company's activities.

With key data items standardized across all sectors, the AIES offers a holistic annual picture of the U.S. economy. Your valuable data serve as a critical input in calculating the Gross Domestic Product (GDP), empowering policymakers and businesses, including your own, to make informed and data-driven decisions.

How do I know this is a legitimate government survey?

This survey has been approved by the Office of Management and Budget (OMB). The eight-digit OMB approval number is 0607-1024 and appears in the lower left corner of each reporting screen. Without this approval, we could not conduct this survey. We are conducting this survey under the authority of Title 13, United States Code, Sections 131 and 182.

How long will it take to complete the survey?

We estimate the Annual Integrated Economic Survey will take an average of 2 hours 15 minutes to complete. Factors such as company size, complexity, and activity will affect your actual time to complete the survey. This estimate includes the time to review instructions, search existing data sources, gather and maintain the data needed, and complete and review the survey.

Will my response be confidential?

Yes. The U.S. Census Bureau is required by law to keep your response confidential (Title 13, U.S. Code, Section 9). The Census Bureau is not permitted to publicly release your responses in a way that could identify your business, organization, or institution. Per the Federal Cybersecurity Enhancement Act of 2015, your data are protected from cybersecurity risks through screening of the systems that transmit data.

Any data not submitted to the U.S. Census Bureau will not be counted as a response.

-
1. Access your Census Bureau account at <https://portal.census.gov> and locate your survey under "My Surveys."
 2. Click on "REPORT NOW" to begin or resume reporting.
 3. Submit your responses once you reach the end of the reporting instrument.
 4. For assistance with reporting, please view our [FAQs](#) as well as our [how-to videos](#).
-

If you recently reported, you can verify your filing status by clicking on "Options" and then "Filing Status." Look for an entry under the "Date Received" column.

YOUR RESPONSE IS REQUIRED BY LAW and will be kept strictly **CONFIDENTIAL**. The U.S. Census Bureau is authorized to collect this information under Title 13, United States Code (Sections 131 and 182). The same law requires that you respond (Sections 224 and 225) and assures the confidentiality of the information you provide (Section 9). The Census Bureau is not permitted to publicly release your responses in a way that could identify your business, organization, or institution, and uses your responses only to produce statistics.

Please do not reply directly to this automated email. For additional information about the survey, please visit <https://census.gov/aies/information>. An Account Manager has been assigned to help your company complete the survey. You can reach out directly by phone to <account manager name> at <account manager's number> or send a secure message after logging into the portal linked above. For a preview of the questions in this survey, visit <https://census.gov/aies/questionspreview>.

Thank you in advance for your time and participation, and for helping the U.S. Census Bureau measure America's people and economy.

Sincerely,

Lisa E. Donaldson
Chief, Economy-Wide Statistics Division
