

AESDirect User Guide

**The complete guide to filing Electronic
Export Information in the Automated
Commercial Environment (ACE) AESDirect**

Last updated August 18th, 2025

About the Automated Export System (AES) and the Data

The AES is the primary instrument used for collecting export trade data, which are used by the Census Bureau for statistical purposes. The AES record provides the means for collecting data on U.S. exports. Public Law 107-228 of the Foreign Trade Relations Act of 2003 authorizes this collection. Title 13, U.S.C., Chapter 9, Sections 301-307, mandates the collection of these data. The data collected in the AES is confidential under Section 301(g), which prohibits public disclosure of export data collected by the Census Bureau unless the Secretary of Commerce determines that such exemption would be contrary to the national interest. The regulatory provisions detailing the mandatory reporting of these data are contained in the Foreign Trade Regulations (FTR), Title 15, Code of Federal Regulations (CFR), Part 30.

The official export statistics collected from these tools provide the basic component for the compilation of the U.S. position on merchandise trade. These data are an essential component of the monthly totals provided in the U.S. International Trade in Goods and Services (FT900) press release, a principal economic indicator and a primary component of the Gross Domestic Product.

In addition to developing the FT900, other federal agencies have used the data for export control purposes to detect and prevent the export of certain items by unauthorized parties or to unauthorized destinations or end users.

Burden Estimate

Public reporting burden for this collection of information is estimated to average approximately 3 minutes (.05 hour) per transaction for the Automated Export System, including the time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information. Send comments regarding this burden estimate or any other aspect of this collection of information, including suggestions for reducing this burden to: ECON Survey Comments 0607-0152, U.S. Census Bureau, 4600 Silver Hill Road, Washington, DC 20233. You may e-mail comments to EMD.askregs@census.gov. Be sure to use ECON Survey Comments 0607-0152 as the subject. This collection has been approved by the Office of Management and Budget (OMB). The eight-digit OMB approval number is 0607-0152. Without this approval we could not conduct this survey.

General Information on Shipments

Before learning to file Electronic Export Information (EEI) using AESDirect, here is some general information regarding EEI. We will refer to EEI as “Shipments” from this point forward.

Sections in each shipment

Shipment

Contains general shipment information.
(**Required** for all Shipments).

Parties

Contains information about the USPPI (the person or entity in the United States that receives the primary benefit, monetary or otherwise, from the export transaction), the Ultimate Consignee (the person or entity overseas who receives the product), and the Authorized Agent and Intermediate Consignee (if applicable).
(**Required** for all Shipments).

Commodities

Contains commodity information.
(**Required** for all Shipments).

Transportation

Contains transportation details for the shipment, including carrier information.
(**Required** for Mode of Transports: Vessel, Rail, Truck, Air)

Special Shipments

Routed export transactions - Transactions where the Foreign Principal Party in Interest (FPPI) authorizes a U.S. agent to facilitate export of items from the United States on its behalf and also prepare and file the shipment.

Shipments to Puerto Rico – The following is required:

- Port of unloading for vessel and air shipments
- Addresses should be listed with:
 - City – List municipality in Puerto Rico
 - State – Indicate Puerto Rico (PR)
 - Country – Indicate United States (U.S.)
 - Postal Code – Indicate a valid postal code in Puerto Rico

Shipments From Puerto Rico – The following is required:

- Port of unloading for vessel and air shipments
- Addresses should be listed with:
 - City – Indicate city of destination
 - Country – Indicate the country of destination

For **Transshipments** through Mexico, Canada or another foreign country, the mode of transportation is the mode of the carrier transporting the goods out of the United States.

Sold en Route - If the Ultimate Consignee is unknown at the time of export because your cargo will be sold while at sea, click the **Sold en Route** box. If selected, you must update all consignee information within **four** calendar days of the EEI transmission and approval by the AES.

Mail - If the carrier is the United States Postal Service (USPS), select “Mail” as the mode of transportation.

Parties Involved in an Export Transaction

- **U.S. Principal Party in Interest (USPPI)**

The USPPI is the person or entity in the United States that receives the primary benefit, monetary or otherwise, from the export transaction.

- **Ultimate Consignee**

The ultimate consignee is the person, party or designee that is located abroad and actually receives the export shipment. This may be the end-user or FPPI.

- **Foreign Principal Party in Interest (FPPI)**

The party abroad who purchases the goods for export or to whom final delivery or end-use of the goods will be made. This may be the ultimate consignee.

- **Intermediate Consignee**

The intermediate consignee is the person or entity in the foreign country that acts as an agent for the principal party in interest with the purpose of effecting delivery of items to the ultimate consignee.

- **Authorized Agent**

The person in the United States who is authorized by the principal party in interest to facilitate the movement of the cargo from the United States to the foreign destination and/or prepare and file the required documentation.

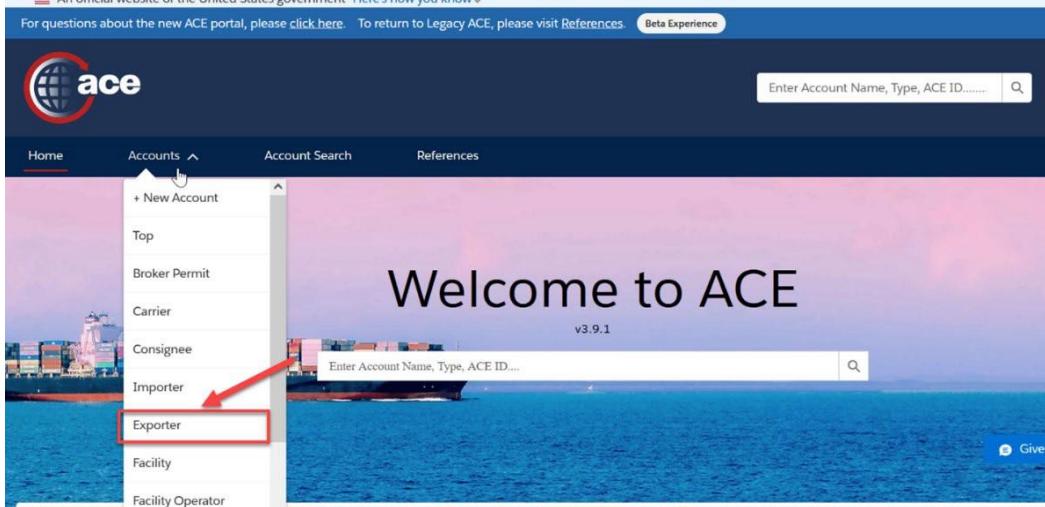

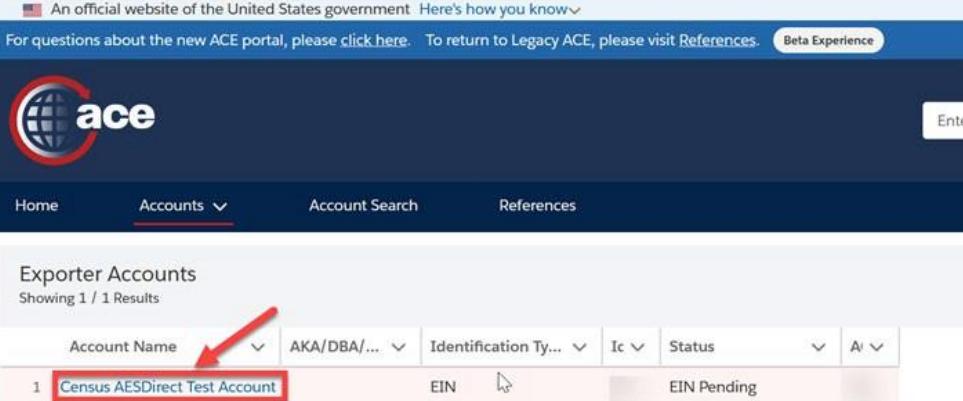

Getting Started with AESDirect

Note: Please disable your browser's pop-up blocker in order to access all of the features of the ACE Portal. For optimum performance, please use Microsoft Edge.

Log in to Account

Step	Action
1	Go to https://ace.cbp.gov .
2	Select Trade/PGA User Login.
3	Enter Email and Password for your ACE account. Select “Create Account” if you have not already created an account and follow the steps on screen.
4	Click Login .
5	Enter Security Token received in your email.

Accessing ACE AESDirect

Step	Action
1	 <p>Select “Exporter” under the “Accounts” drop-down menu</p>
2	 <p>Select the appropriate Exporter account by clicking the hyperlink for the account under the “Account Name” column.</p> <p>On the right side of the screen, select “Submit AES Filing” to launch AESDirect</p> <p>NOTE: Please disable or turn off your browser’s pop-up blocker to access the ACE AESDirect Filing Portal. If you do not disable your pop-up blocker, the portal will not open.</p>

AESDirect Interface

Colors and Symbols

- **RED asterisk** indicates a mandatory field (Required)
- **BLUE diamond** indicates a conditional field (May be required)
- **No asterisk** indicates an optional field (Not required)

Help

Available to the right of most fields to determine what is needed for each field and when fields are required.

Shipment Manager

The Shipment Manager is the first screen you see after logging in to ACE and accessing the AESDirect portal. This screen allows users to create, submit, and amend EEI and will show the high-level information on previously filed shipments. The information is listed under sortable columns which include:

- Filer ID
- Shipment ReferenceNumber/Count
- State
- Last Action
- ITN
- Last Updated
- Last Updated By
- Export Date
- USPPI
- USPPI ID
- Consignee
- Destination
- Shipment Action

Page Navigation

The Page Navigation feature allows users to navigate to the First, Last, Previous and Next pages. The filer can also type in the desired page number manually.

First	Previous	Page	1	of 5	Next	Last
-------	----------	------	---	------	------	------

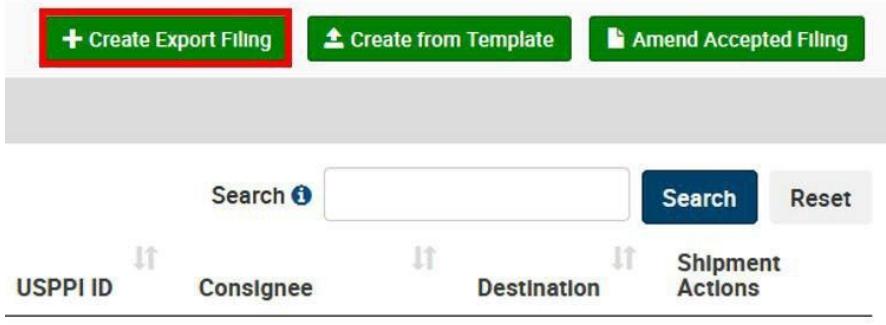

Show Filters

The Filter feature allows users to search for previously transmitted ACE AESDirect EEI based on one or more search criteria. These include USPPI Name, USPPI ID, Consignee Name, Country of Destination, Port of Export, Carrier SCAC/IATA, User Name, and Filings Updated in. Select Show Filters at the top of the screen to be able to access the filter criteria.

Create Export Filing

Step	Action
1	Log in to the ACE account.
2	Access ACE AESDirect.
3	 <p>Click Create Export Filing.</p>

The following sections provide instructions for completing each of the required sections, as well as definitions of all of the data fields for each section.

Step 1: Shipment

Step	Action
1	 <p>Select Step 1: Shipment</p>

2	<table border="1" style="width: 100%; border-collapse: collapse;"> <tr> <td style="width: 33%; padding: 5px;"> Email Response Address(es) * <input style="width: 100%; height: 20px; border: 1px solid #ccc; padding: 2px; margin-bottom: 5px;" type="text"/> ENTER COMMA (,) SEPARATED ADDRESSES </td> <td style="width: 33%; padding: 5px;"> Shipment Reference Number * <input style="width: 100%; height: 20px; border: 1px solid #ccc; padding: 2px; margin-bottom: 5px;" type="text"/> </td> <td style="width: 33%; padding: 5px;"> Filing Option * <input style="width: 100%; height: 20px; border: 1px solid #ccc; padding: 2px; margin-bottom: 5px;" type="text"/> 2 - PREDEPARTURE </td> </tr> <tr> <td style="padding: 5px;"> Mode of Transport (MOT) * <input style="width: 100%; height: 20px; border: 1px solid #ccc; padding: 2px; margin-bottom: 5px;" type="text"/> Please Select </td> <td style="padding: 5px;"> Port of Export * <input style="width: 100%; height: 20px; border: 1px solid #ccc; padding: 2px; margin-bottom: 5px;" type="text"/> Please Select </td> <td style="padding: 5px;"> Port of Unloading * <input style="width: 100%; height: 20px; border: 1px solid #ccc; padding: 2px; margin-bottom: 5px;" type="text"/> Please Select </td> </tr> <tr> <td style="padding: 5px;"> Departure Date * <input style="width: 100%; height: 20px; border: 1px solid #ccc; padding: 2px; margin-bottom: 5px;" type="text"/> MM/DD/YYYY </td> <td style="padding: 5px;"> Origin State * <input style="width: 100%; height: 20px; border: 1px solid #ccc; padding: 2px; margin-bottom: 5px;" type="text"/> Please Select </td> <td style="padding: 5px;"> Country of Destination * <input style="width: 100%; height: 20px; border: 1px solid #ccc; padding: 2px; margin-bottom: 5px;" type="text"/> Please Select </td> </tr> <tr> <td style="padding: 5px;"> Inbond Type * <input style="width: 100%; height: 20px; border: 1px solid #ccc; padding: 2px; margin-bottom: 5px;" type="text"/> 70 - MERCCHANDISE NOT SHIPPED INBOND </td> <td style="padding: 5px;"> Foreign Trade Zone * <input style="width: 100%; height: 20px; border: 1px solid #ccc; padding: 2px; margin-bottom: 5px;" type="text"/> </td> <td style="padding: 5px;"> Import Entry # * <input style="width: 100%; height: 20px; border: 1px solid #ccc; padding: 2px; margin-bottom: 5px;" type="text"/> </td> </tr> <tr> <td colspan="3" style="padding: 5px;"> Original ITN <input style="width: 100%; height: 20px; border: 1px solid #ccc; padding: 2px; margin-bottom: 5px;" type="text"/> </td> </tr> <tr> <td colspan="3" style="padding: 5px;"> Is this a Routed Transaction? Clear Shipment																															
Complete all of the shipment details as required.																															

Explanation of Data Fields for this section:

E-mail Response Address – This is where the AES Response will be sent. More than one e-mail address can be added if separated by commas.

Required: at least one e-mail

Shipment Reference Number – This is a unique identification number (1 - 17 alphanumeric characters) used to identify each shipment. The reuse of a Shipment Reference Number is prohibited. We recommend that you establish a unique format to create Shipment Reference Numbers and maintain a log of those already used.

Required: unique number used to identify each shipment; cannot be re-used

Filing Option – Select the filing option you wish to use for this EEI:
 2 – Predeparture
 4 – Postdeparture filing.

Required: state the filing option of this EEI

This field will default to Option 2. Postdeparture filing is only available with approved USSPPI IDs.

Mode of Transport (MOT) – The method by which goods arrive in or are exported from the United States by way of seaports, airports, or

Required: how the goods will be transported out of the U.S.

land border crossing points. Methods of transportation include vessel, air, truck, rail, or other.

For shipments crossing through Canada or Mexico to another destination, report the mode of transportation for the movement of the goods out of the United States.

Port of Export – Seaport or airport where the goods are loaded on the exporting carrier that is taking the goods out of the United States, or the port where the exports (by overland transportation) cross the U.S. border into a foreign country.

Port of Unlading – First port where the goods will be removed from the exporting carrier.

Departure Date - Report the date of export out of the U.S.

Origin State - Indicate where the goods begin their journey to the port of export. If a shipment is coming from more than one warehouse located in different states, provide the state with the commodity of greatest value. If this is unknown, provide the state where the commodities are consolidated for export.

Note: The Origin State and Step 2's State of Origin fields should match - both require reporting the location where goods begin their journey to the port of export.

Country of Destination - Country where the goods will be consumed, further processed, stored or manufactured as known at the time of export. For shipments with the ultimate destination of Puerto Rico, select 'Puerto Rico' from the drop-down.

Inbond Code – The code indicating whether the shipment is being transported under bond, and if so, the type of withdrawal.

Foreign Trade Zone (FTZ) - If goods are removed from a FTZ and not entered for consumption, report the FTZ identifier. This is the unique 9-digit alphanumeric identifier assigned by the Foreign Trade Zone Board that identifies the FTZ, subzone or site from which goods are withdrawn for export.

Import Entry # – If an Inbond Code is specified, report import entry number

Required: port where the goods are loaded on the exporting carrier

Conditional: required for all vessel shipments and air shipments between the U.S. and Puerto Rico.

Required: date leaving the U.S.

Required: state where the goods begin their journey to the port of export

Required: country where the goods will be consumed

Required: Inbond shipments may not require an AES filing per FTR 30.2(d)(1)

Conditional: only required if goods are removed from the FTZ and not entered for consumption

Conditional: only required if Inbond Code is reported

Original ITN -*Optional*

The Original ITN is the ITN associated with a previously filed shipment that is replaced or divided and for which additional shipment(s) must be filed. The original ITN field can be used in certain scenarios, such as, but not limited to, shipments sold en route or cargo split by the carrier where the succeeding parts of the shipment are not exported within the timeframes specified in FTR 30.28.

Is this a Routed Transaction?*Required: indicate Yes if routed or No if standard*

A shipment is considered “Routed” when the foreign principal party in interest (FPPI) authorizes a U.S. agent to facilitate the export of items, prepare and file the EEI on its behalf.

Are USPPI and Ultimate Consignee related?*Required: indicate Yes or No*

When USPPI and/or Ultimate Consignee owns directly or indirectly 10 percent or more of either party.

Does shipment contain hazardous material? Specify if there is any hazardous merchandise (as defined by the [Department of Transportation](#)).*Required: indicate Yes or No***Step 2: Parties**

Step	Action
1	<p>Step 1: Shipment Step 2: Parties Step 3: Commodities Step 4: Transportation</p> <p>Select Step 2: Parties</p>
2	<p>Complete all of the information for the involved parties in this transaction.</p> <p><i>NOTE: You will need at least one USPPI and one Ultimate Consignee for each transaction.</i></p>

USPPI (Mandatory)

The person or legal entity in the United States that receives the primary benefit, monetary or otherwise from the export transaction. Generally, that person or entity is the U.S. seller, manufacturer, or order party, or the foreign entity while in the United States when purchasing or obtaining the goods for export.

Explanation of Data Fields for this section

ID Number Type – Select either Employer Identification Number (EIN), DUNS or Foreign Entity ID (ex: passport number).

Required

ID Number – Employer Identification Number (EIN) or Foreign Entity ID (ex: passport number).

Required

Note: Foreign party must be in the US when goods are obtained for export.

Company Name - Provide the company's name.

Required

IRS Number - If you select 'DUNS' as the ID Number Type, then the EIN would also be required.

Conditional: required if ID Number Type is DUNS

First and Last Name - Provide the first and last name of the contact person. Names must have at least two letters and can not have special characters such as accents or punctuation.

Required: names must have at least two letter; special characters are not allowed

Phone Number - Provide the contact telephone number.

Required

Address of Origin - Line 1 - Indicate address (no P.O. box number) of the location from which the merchandise actually began its journey to the port of export.

Required

Example: Goods loaded in a truck at a warehouse in Georgia for transport to Florida to then be loaded on a vessel for export to a foreign country must show the address of the warehouse in Georgia.

For shipments of multiple cargo origins, report the address from where the commodity with the greatest value begins its export journey. If such information is not known, report the address in state where the merchandise is consolidated.

Address of Origin - Line 2 – Enter the second line of the address.

Optional

Postal Code of Origin - Enter the postal code for the address.

Required

City of Origin - Enter the city for the corresponding address.

Required

State of Origin - Enter the state for the corresponding address.

Required

Ultimate Consignee (mandatory)

The Ultimate Consignee section is always required. Please complete each data field as required.

Ultimate Consignee *

Explanation of Data Fields for this section

Sold en Route - If you do not know the ultimate consignee because your cargo will be sold while in transit, select 'Yes'.

Required: indicate yes or no

Input data as follows:

- City: City of First Port of Call
- Country: Country of First Port of Call (ISO Code)

Consignee information must be updated within four days of the EEI transmission and approval by the AES.

Consignee Type - Select Consignee Type based on the business function from consignee that applies most often. You can select from:

- Direct Consumer - a non-government institution, enterprise, or company that will consume or use the exported good as a consumable, for its own internal processes, as an input to the production
- Government Entity - a government-owned or government-controlled agency, institution, enterprise, or company.
- Reseller - a non-government reseller, retailer, wholesaler, distributor, distribution center or trading company
- Other/Unknown - an entity not previously indicated, as defined above, or whose ultimate consignee type is not known at the time of export

Required: select consignee type from the drop-down menu

ID Number Type – Select either Employer Identification Number (EIN), DUNS, or Foreign Entity ID (ex: passport number).

Optional

ID Number: Employer Identification Number (EIN), DUNS, or Foreign Entity ID (ex: passport number).

Optional

Company Name - Enter the company's name. If you select 'Sold en Route', all consignee information must be updated within four calendar days from the departure date.

Required: company name or sold en route indicator

First and Last Name - The contact person's name.

Optional

Phone Number – The contact person's telephone number.

Optional

Address Line 1 - Enter the first line of the address.	<i>Required</i>
Address Line 2 - Enter the second line of the address.	<i>Optional</i>
Country - Enter the country of ultimate destination. Select 'United States' for shipments with ultimate destination of Puerto Rico.	<i>Required</i>
Postal Code - Required for U.S. and Puerto Rico consignees, must be a valid code for the state reported.	<i>Conditional: required for shipments between U.S. and Puerto Rico</i>
City - Enter the city for the corresponding country of ultimate destination	<i>Required</i>
State - You must enter a valid state code for Mexican and U.S. Consignees. Select 'PR-Puerto Rico' for shipments with ultimate destination of Puerto Rico.	<i>Conditional: required for shipments to Mexico and between U.S. and Puerto Rico</i>

Intermediate Consignee Section (conditional)

The intermediate consignee is the person or entity in the foreign country that acts as an agent for the principal party in interest with the purpose of effecting delivery of items to the ultimate consignee. Please complete this section if applicable. See 'Ultimate Consignee' section for explanation of data fields.

Authorized Agent (conditional)

If you are the authorized agent, you will need to enter your information into the Authorized Agent section, and the exporter's information into the USPPI section.

Explanation of Data Fields for this section

ID Number Type – Select either Employer Identification Number (EIN), DUNS or Foreign Entity ID. Required

ID Number – Enter either Employer Identification Number (EIN), DUNS or Foreign Entity ID. Required

Company Name - Provide the company's name. Required: company name

First and Last Name – Provide the contact person's first and last name Required: names must have at least two letter; special characters are not allowed

Phone Number – The contact person's telephone number Required

Address Line 1 – Enter the address for the authorized agent's location Required

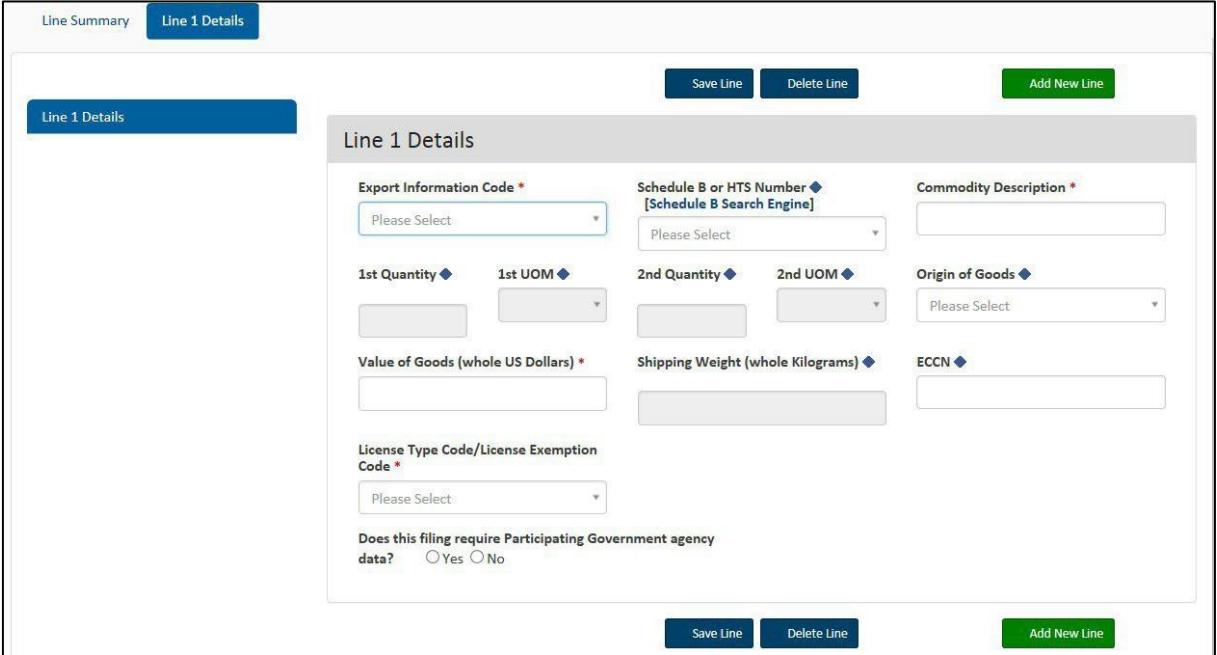

Address Line 2 Optional

Postal Code - Enter the postal code for the authorized agent's location Required

City - Enter the city for the authorized agent's location Required

State - Enter the state for the authorized agent's location. It must correspond to the postal code entered. Required

Step 3: Commodities

Step	Action
1	<p>Step 1: Shipment Step 2: Parties Step 3: Commodities Step 4: Transportation</p> <p>Select Step 3: Commodities</p>
2	<p>Add Line</p> <p>Select Add Line to open up a new commodity line.</p>
	<p>Complete all of the commodity details as required.</p>  <p><i>Note: You may add multiple commodity lines by selecting Add Line.</i></p>

Explanation of Data Fields for this section

Export Information Code - Select the code that identifies the type or condition of the export transaction being made.

Required: type of export

Schedule B or HTS Number – Report commodity classification codes. Some HTS Numbers are not valid for Export (see “[Invalid HTS](#)”). Provide 10 digits without periods. If you do not have a Schedule B number, use the ‘Schedule B Search Engine’ link to locate it.

Conditional: not required if Export Code HH (personal and household effects and tools of the trade) is selected.

Commodity Description - Report an appropriate description for the commodity. Note: Per FTR 30.6(a)(13), report the description of the goods shipped in English.

Required: commercial description

1st and 2nd Quantity - Report the total quantity of the commodity being exported for each commodity code classification. Report in the unit of measure as required by the Schedule B or HTSNumber.

Conditional: not required if Export Code is HH (personal and household effects and tools of the trade) is selected.

1st and 2nd UOM - The Unit of Measure (UOM) is determined by the Schedule B or HTS number entered. When a valid Schedule B or Harmonized Tariff number is entered, the unit of measure required will automatically populate.

Conditional: not required if Export Code is HH.

Origin of Goods - Select “Domestic” if commodity is grown, produced or manufactured in the U.S. Select “Foreign” for goods grown, produced or manufactured in foreign countries, but have not been changed in form or condition in the U.S.

Conditional: not required if Export Code is HH. If the origins vary for the same classification number, report foreign goods separately from domestic goods.

Value of Goods - In general, the value to be reported in the EEI shall be the value of the goods at the U.S. port of export in U.S. dollars. The value shall be the selling price (or the cost, if the goods are not sold), plus inland or domestic freight, insurance, and other charges to the U.S. seaport, airport, or land border port of export.

Required: selling price in whole numbers, no symbols. Only report US dollars.

Shipping Weight - Must be reported in kilograms. Include the weight of the commodity and weight of normal packaging. For details, see Foreign Trade Regulations 30.6(a)(16).

Conditional: required when transportation is vessel, rail, truck or air. Not required for other modes of transport.

ECCN - This number is used to identify items on the Commerce Control List (CCL).

Conditional: only required for certain commodities

License Type Code/License Exemption Code - Select the appropriate license type for the commodity. You may be required to enter additional information based on the license type selected.

Required: determines if other fields need to be reported

A complete listing of license codes and descriptions for the U.S. Department of Commerce, Office of Foreign Assets Control (OFAC), Nuclear Regulatory Commission, U.S. Department of State and other Partnership Agency licenses, can be found under Appendix F of the [AES Trade Interface Requirements](#) (AESTIR).

Does the filing include used vehicles? - A used vehicle, according to [Customs and Border Protection CFR 192.2](#), is defined as “any self-propelled vehicle the equitable or legal title to which has been transferred by a manufacturer, distributor, or dealer to an ultimate purchaser.” You will be required to complete additional information if you are reporting a used vehicle.

Required: indicate yes or no

Does this filing require Participating Government agency data - Does the filing require a Participating Government agency permit or equivalent document?

Required: indicate yes or no, complete additional fields as required.

Adding more than one commodity

Commodity lines should be separated based on their commodity classification code, origin of goods, commodities valued at over \$2500, or requiring an export license per commodity classification code. After saving the first commodity, select “Add Line” to open a new Commodity Line.

Step 4: Transportation

Step	Action
1	<p>Step 1: Shipment Step 2: Parties Step 3: Commodities Step 4: Transportation</p> <p>Select Step 4: Transportation</p>
2	<p>Carrier SCAC/IATA ◆ Conveyance Name/Carrier Name ◆ Transportation Reference Number ◆</p> <p>Transportation Reference Number, Equipment Number, and Seal Number can only be added for the following modes of transport:</p> <ul style="list-style-type: none">• Air• Rail• Vessel• Truck <p>Clear Transportation</p> <p>Complete all of the transportation details as required.</p>

Explanation of Data Fields in this section

Carrier SCAC/IATA – Carrier Code that identifies the transportation company. Contact your transportation company to obtain their carrier code.

Conditional: only required for Air, Vessel, Rail, and Truck shipments. Not required for USPS shipments.

Conveyance Name/Carrier Name – Provide the vessel name for ocean shipments and the carrier name for air, truck, and rail. You may not report UNKNOWN for the Conveyance Name.

Conditional: only required for Air, Vessel, Rail, and Truck shipments. Not required for USPS shipments.

Transportation Reference Number - This is the reservation number, or booking number, assigned by the ocean carrier to hold space on the vessel for the cargo. Optional for air shipments and it would be the air waybill number

Conditional: only required for vessel shipments. Optional for air shipments.

Seal Number – The seal number uniquely identifies each sealed unit. This number is ordinarily imprinted on the seal itself. Equipment seals are placed on equipment to identify that the contents of a shipment has not been tampered with.

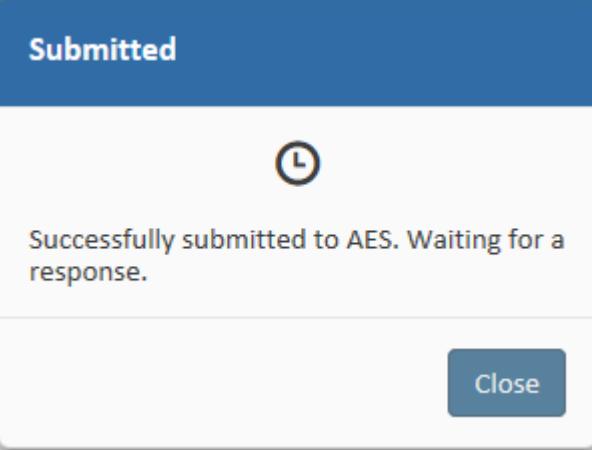

Conditional: Optional and only for vessel shipments.

Shipment Print View

When you are filing the EEI you can preview the shipment information by pressing the Print View button at the bottom of the shipment to preview. You can also view the shipment once you have successfully submitted it and it will display the ITN.

Submit Shipment to AES

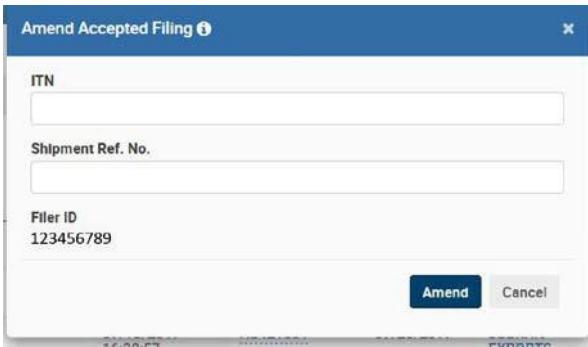

Step	Action
1	<p>Click Submit Filing.</p> <p></p>
2	<p>Once processed, the system will provide your response from AES.</p> <p></p>

Retrieve and Amend an EEI/Edit a Draft

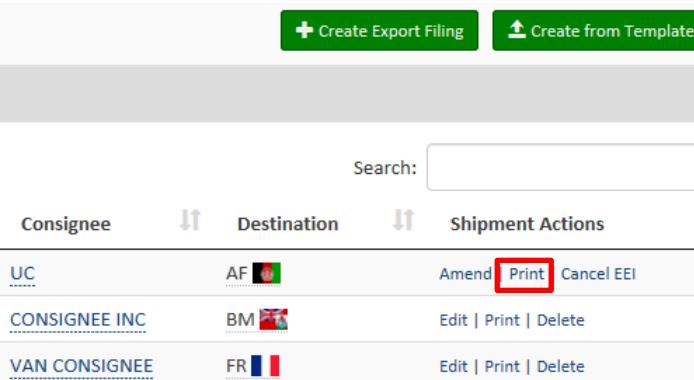

From the Shipment Manager, you can search for shipments previously filed through ACE AESDirect by entering your search criteria into the **Search** box.

Step	Action												
1	Navigate to Shipment Manager												
2	 Enter your search criteria into the Search box												
3	 <p>Once you have located your shipment, you can retrieve the filing or draft by clicking the Amend or Edit link to the right, respectively.</p> <table border="1"><thead><tr><th>Consignee</th><th>Destination</th><th>Shipment Actions</th></tr></thead><tbody><tr><td>UC</td><td>AF </td><td>Amend Print Cancel EEI</td></tr><tr><td>CONSIGNEE INC</td><td>BM </td><td>Edit Print Delete</td></tr><tr><td>VAN CONSIGNEE</td><td>FR </td><td>Edit Print Delete</td></tr></tbody></table>	Consignee	Destination	Shipment Actions	UC	AF 	Amend Print Cancel EEI	CONSIGNEE INC	BM 	Edit Print Delete	VAN CONSIGNEE	FR 	Edit Print Delete
Consignee	Destination	Shipment Actions											
UC	AF 	Amend Print Cancel EEI											
CONSIGNEE INC	BM 	Edit Print Delete											
VAN CONSIGNEE	FR 	Edit Print Delete											

Retrieve and Amend Previous Accepted Shipments

Step	Action
1	<p>1 Navigate to the Shipment Manager</p>
2	<p>In order to amend shipments that have disappeared from the ACE AESDirect Shipment Manager or shipments originally accepted through legacy AESDirect, you must click the 'Amend Accepted Filing' option:</p> <p>  </p>
3	<p>Once you have selected this option you need to enter the Internal Transaction Number (ITN), Shipment Reference Number (SRN) and Filer ID for the shipment. Your Filer ID may already be populated if you only have one Employer Identification Number (EIN) or have to select one from a drop-down menu if you file for multiple EINs. If you have more than one EIN registered, verify that you are logged in to the ACE under the EIN in which the shipment was originally filed.</p> <p>A screenshot of a dialog box titled 'Amend Accepted Filing'. It contains three input fields: 'ITN' (empty), 'Shipment Ref. No.' (empty), and 'Filer ID' with the value '123456789'. At the bottom are 'Amend' and 'Cancel' buttons.</p> <p>Once all fields are completed, click Amend. This will populate the shipment information into the screen. At this point, you can view, amend and/or resubmit the export filing as necessary. This shipment will now appear in the Shipment Manager of ACE AESDirect.</p>

Print a Shipment

Step	Action
1	Navigate to Shipment Manager
2	 <p>Enter your search criteria into the Search box</p>
3	 <p>Once you have located your shipment, you can print the filing by clicking the Print link to the right.</p>

Cancel EEI/Delete Draft

Step	Action
1	Navigate to Shipment Manager
2	 <p>Enter your search criteria into the Search box</p>

[+ Create Export Filing](#)
[↑ Create from Template](#)

Search:

Consignee	Destination	Shipment Actions
UC	AF	Amend Print Cancel EEI
CONSIGNEE INC	BM	Edit Print Delete
VAN CONSIGNEE	FR	Edit Print Delete

Once you have located your shipment, you can cancel the accepted EEI filing by clicking the **Cancel EEI** or **Delete** (for drafts) link to the right.

Note: If you cannot see the Shipment Actions on the right of the shipment information, look for a green circle with a 'Plus' sign on the left and click it to show the Shipment Actions.

Template Manager

This feature saves frequent shipment information for use for future EEI. The only fields not stored in a template are:

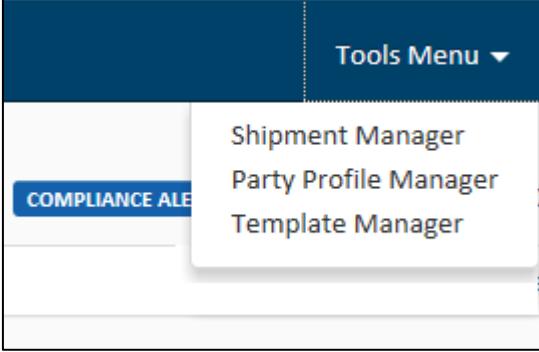

- Shipment Reference Number
- Transportation Reference Number
- Origin State
- Departure Date
- 1st and 2nd Quantity
- Value
- Gross Weight

The Template Manager shows a preview of each template. The **Create EEI**, **Edit** or **Delete** options will allow you to manage your templates directly from this screen.

Note: ACE AESDirect has a limit of 1000 Shipment Templates per Filer ID. Once the limit is reached, users will be unable to create additional templates. In this case, the user would need to delete a previously saved template in order to create a new one.

3	 <p>Confirm that you would like to delete this profile by selecting Delete Party Profile.</p>

AES Responses

Once shipments are processed by the Automated Export System (AES), a response message will indicate the status of the shipment. You can access responses in your **response e-mail** or through the **Shipment Manager**.

E-mails are sent to the address listed in the Shipment section. If the filing has been accepted, then the Response E-mail will have your ITN included. If the filing has been rejected, the Response E-mail will provide you with a rejection statement.

AES Proof of Filing Citations

The **ITN** (Internal Transaction Number) is a confirmation number that proves a shipment has been accepted by AES. This number is unique for every shipment and must be provided to the U.S. Customs and Border Protection (CBP) at the port of export.

Exporters **must** cite the ITN on the first page of the bill of lading, air waybill, and/or other commercial loading documents.

Predeparture Citations:

- AES ITN
 - Example: AES X20250818111111

Postdeparture Citations:

- If an Authorized Agent files on behalf of an **approved** post-departure participant
 - AESPOST USPPI ID FILER ID Date of Export
 - Example: AESPOST 12345678900 987654321 08/18/2025
- If USPPI files shipments directly to AES
 - AESPOST USPPI ID – Date of Export
 - Example: AESPOST 23456789000 08/18/2025
