Direct Services - Legal Cases

Case Services

Each row represents the provision of MLP+ services to low-income individuals to address a legal problem. Each case should be reported only once, regardless of the number of individuals served. Additionally, please provide the type of legal problem that is being addressed in each case.

Provide the following information for each case provided by the MLP this reporting period. In column C, please report the following information for each case: the number of cases provided, either through a direct count for services funded only with MLP+ funds or based on a proportionate share of total cases.

of cases for the MLP

Definitions:

vices: include the provision of skills training and job readiness opportunities for youth and adults (including vocational self-employment), the distribution of employment supplies (such as uniforms, work boots, and equipment), and payment retention and growth (such as referrals, employer interactions, and career pathways).

Employment services for youth: include Early Head Start services for individuals aged 0-3, Head Start services for infants and payments, early childhood education for ages 0-5 outside of Head Start, K-12 support services (e.g., English, literacy), college/post-secondary readiness support (e.g., applications, scholarships). Additionally, they encompass the provision of support in before and after-school activities, summer youth programs, life skills coaching, and home visiting programs such as literacy, English language, high school equivalency, and applied technology classes."

Employment services for adults: include adult literacy classes, English language instruction, basic education (e.g., financial literacy programs), and applied technology courses. These services also include life skills coaching, access to employment and social programs such as childcare subsidies, housing assistance, and workforce development initiatives. Additionally, they include post-secondary education readiness (e.g., applications, scholarships, and textbooks) and evidence-based home visiting services to support family stability and growth.

Asset-building services: include training and counseling to support income management and asset growth, such as credit counseling, homebuying, and foreclosure prevention, as well as business and entrepreneurial financial services like microloans and entrepreneurial support. Additionally, these services offer benefit coordination and advocacy for program participation, Veterans benefits, TANF, and SNAP. Transportation services that facilitate access to income and asset-building opportunities, such as bus vouchers or passes to attend training, are also included.

These services include rental payment assistance (e.g., emergency rental payments and deposits) and housing payment assistance for utility payments. These services also provide eviction prevention through counseling, landlord/tenant mediation, and placement and rapid re-housing services support individuals in securing temporary, transitional, or permanent housing. Additionally, they include home maintenance and improvements (e.g., structural repairs, accessibility upgrades, emergency home repairs) and energy services to enhance energy efficiency and safety in households.

These services include immunizations, health screenings (e.g., physicals and chronic health assessments), and developmental delay screenings. They also provide healthcare payment assistance for seniors (e.g., prescription and doctor visit payments) and health insurance assistance. Additionally, they include maternal and child health services (e.g., breastfeeding support and postpartum care), reproductive health services (e.g., family planning), general wellness services (e.g., fitness, mindfulness, and medication management), home visits for seniors, mental and behavioral health services (e.g., substance use counseling, mental health support, and crisis intervention), and dental services for both adults and children (e.g., screenings, exams, and procedures).

These services include food and nutrition skills classes (e.g., cooking and healthy eating), the distribution of prepared meals (e.g., meal kits), and food distribution services (e.g., groceries and food share programs). These services also support community health and hygiene and clothing assistance, including hygiene kits, diapers, and access to hygiene facilities (e.g., shower facilities).

Transportation services: include public transportation vouchers or passes, gas cards, and non-medical transportation assistance. Additionally, they include medical transportation for healthcare-related needs and rideshare or taxi vouchers to ensure access to essential services.
