Subject: NonSubstantive Change Request – National Youth in Transition Database (NYTD) and Youth Outcomes Survey (OMB #0970-0340)

This memo requests approval of nonsubstantive changes to the approved information collection, National Youth in Transition Database (NYTD) and Youth Outcomes Survey (OMB #0970-0340).

Background

The NYTD and Youth Outcomes Survey information collection was most recently approved in July 2025. Since approval, a few miscalculations have been identified. This request is meant to correct those errors.

Overview of Requested Changes

In the **Burden Estimates - FY 2026** table, the total annual burden was incorrectly summed. The sum has been updated from 33,148 to 33,448.

The total burden hours for the Data File in the **Annualized burden estimates for the 3-year period corresponding to this ICR: FY 2025 – 2027** table was updated from 134,809 to 128,440. And the resulting total annual burden for the ICR from 141,142 to 134,773.

The table for the Estimated Cost to Respondents section was updated to reflect the corrections in burden calculations.
