Title: Electric Quarterly Reports

This renewal should be Approved for the Electric Quarterly Reports and the regulation implementations by enactments of the Federal Powers Act, the Energy Policy Act and the Fish and Wildlife Coordination Act and allow for exemptions applicable, including the Public Utility Holding Act as amended, and the Rural Electrification Act, to provide greater transparency, promote competition, increase confidence in fairness markets, and provide a better means to detect and discourage discriminatory practices and ensures compliance under regulatory law approved for required data reporting.

Thank you.
