### a. Labels

Throughout this document labels are used to provide context on how conditional logic may impact the flow from question-to-question, to indicate where certain respondents may be able to select they would like certain data markings applied to their responses to the question, and to note where additional language may be displayed to the respondent in the Incident Reporting Portal to assist with question comprehension.

50 Conditional Logic Markings:

51 [RA] = Required question for all types of reports

52 [RC] = Required conditional question triggered by an earlier response/selection; also includes  
53 some conditional notes and logic to explain further, for example: **(DESIGN NOTE: Applies to only**  
54 **“private sector” selection)**

55 [Op] = Optional question

56 {Conditional} = Additional logic context for conditional questions

57 Data Markings:

58 [C-15] = Indicates a CISA 2015 data marking option for non-Federal incident reporting. This is  
59 not a default marking for all questions, but is available for non-Federal reporters if their data  
60 meets CISA 2015 data marking criteria, e.g., cyber threat indicators (CTIs).

61 [CUI] = Controlled unclassified information

62 Design and display note markings:

63 **Display notes** are not part of the questions that a respondent must answer. Display notes contain  
64 additional explanatory content which may assist a respondent with responding to a question. The  
65 format for display notes is:

66 **(DISPLAY NOTE: Light blue and bolded words should be displayed to the readers.)**

67 All Endnotes and/or Footnotes will be presented on the form in a method determined during the design  
68 process for the best display for the reader. These methods could be a combination of “pop-ups”, on form  
69 notes, “hover-over” notes, etc.

70 **Design notes** are not part of a question that is displayed to respondents and are only intended to  
71 enable the developers of the Incident Reporting Portal and reviewers of the question understand  
72 the conditional logic which may direct a respondent from one question to the appropriate next  
73 question based on their input. The flow from question-to-question will continue to be under  
74 development as CISA incorporates feedback from reviewers. The format for design notes is:

75 **(DESIGN NOTE: Black and bolded words are for the developers only and should not be displayed to**  
76 **the respondents.)**

77

---

## 78 **b. Beginning of Voluntary Incident Reporting** 79 **Questions**

80 **(DISPLAY NOTE: Global Disclaimer: Answer the questions to the best of your knowledge at the time of submission.)**

81 **(DESIGN NOTE: As needed, provide external resources, definitions, frequently asked questions (FAQ) page, or helper**  
82 **text.)**

## c. Report Reason

- 83
- 84 1. [RA] Reason for report: (DESIGN NOTE: Select one)
- 85 A. Voluntarily reporting a cyber incident
- 86 B. Satisfying a regulatory, statutory, and/or contractual requirement
- 87 1. Federal Energy Regulatory Commission (FERC)/ North American Electric
- 88 Reliability Corporation (NERC)
- 89 a. Critical Infrastructure Protection Reliability Standards CIP-003-8
- 90 (Cyber Security Management Controls) and CIP-008-6 (Cyber
- 91 Security – Incident Reporting and Response Planning)
- 92 2. Nuclear Regulatory Commission
- 93 a. Cybersecurity event notifications (10 C.F.R 73.77)
- 94 3. Transportation Security Administration (TSA)
- 95 a. Security Directives or Information Circulars associated with
- 96 Surface Transportation, Rail, Public Transportation and Passenger
- 97 Railroad Cybersecurity (SD 1582-21-01 series, SD 1580-21-01
- 98 series, and IC 2021-01, including all amendments and successors)
- 99 b. Security Directives or Information Circulars associated with
- 100 Pipeline Cybersecurity (SD Pipeline 2021-01 series and IC
- 101 Pipeline 2022-01, including all amendments and successors)
- 102 c. Security Directives or Information Circulars associated with
- 103 Aviation Cybersecurity (DESIGN NOTE: Placeholder for aviation citations,
- 104 details TBD)
- 105 i. Airport Security Program (ASP)
- 106 ii. Aircraft Operator Standard Security Program (AOSSP)
- 107 iii. Full All-Cargo Aircraft Operator Standard Security
- 108 Program (FACAOSSP)
- 109 iv. Twelve-Five Standard Security Program (TFSSP)
- 110 v. Private Charter Standard Security Program (PCSSP)
- 111 vi. Indirect Air Carrier Standard Security Program (IACSSP)
- 112 vii. Certified Cargo Screening Standard Security Program
- 113 (CCSSP)
- 114 4. U.S. Coast Guard (USCG)
- 115 a. Suspicious activity, breaches of security, or transportation security
- 116 incidents (33 C.F.R 101.305)
- 117 b. Actual or threatened cyber incident (33 C.F.R. 6.16-1)
- 118 5. Other (DISPLAY NOTE: Reporters selecting this option are responsible for confirming that
- 119 the agency selected and its relevant statute/regulation/contract allow reporting to CISA as a
- 120 means of compliance with that agency’s reporting requirements.)
- 121 a. [RC] Agency Name [Insert Agency Name]

- 122 b. [RC] Statute, regulation, or contract clause [Insert a statutory or  
123 regulatory citation or contract clause reference]

## 124 d. Report Type

125 **FOR ALL REPORTERS**

- 126 2. [RA] Report type: (DESIGN NOTE: Select one)
- 127 A. Initial Incident Report
  - 128 B. Supplemental Report
  - 129 1. Enter the previously assigned incident report number:

## 130 e. Contact Information

131 [ ] Information is the same as my registered incident reporting portal profile information  
132

- 133 3. [CUI][RA] Reporter contact information.
- 134 A. [CUI] [RA] First Name
  - 135 B. [CUI] [RA] Last Name
  - 136 C. [CUI] [RA] Phone number
  - 137 D. [CUI] [RA] Email address
  - 138 E. I am a third party that is expressly authorized to report on the impacted entity's  
139 behalf (*e.g.*, a law firm or incident response firm) (Yes/No)
  - 140 1. [RC] (Design note: if Yes) What is the name of your third party  
141 organization? (DISPLAY NOTE: Spell out any acronyms.)
  - 142
  - 143 4. Primary Point of Contact (POC) information for the impacted entity. [ ] I am the  
144 primary POC for the impacted entity (Design Note: if selected, populate following information  
145 from question 3 to answers 4.a – 4.D and show 4.E. "Job title" to answer. If not selected, show all  
146 following questions)
  - 147 A. [CUI] [RA] First Name
  - 148 B. [CUI] [RA] Last Name
  - 149 C. [CUI] [RA] Phone number
  - 150 D. [CUI] [RA] Email address
  - 151 E. Job title

## 152 f. Impacted Entity Demographics

153 [ ] Import profile information (DESIGN NOTE: If reporters have made a profile, provide an option to import  
154 following information from their profile. If changes are made to the populated content, provide an option to duplicate  
155 changes back into their profile information.)

156 [ ] Import profile information for my client. (DESIGN NOTE: For third-party reporters, provide an option to  
157 import information from a specific client profile and a drop-down list connected to their registered profile to select the  
158 correct client from list of clients).

- 159 5. [RA] Select the impacted entity type. (DESIGN NOTE: single select)

- 160 A. Private sector organization (including U.S. Government contractors) (DESIGN  
161 NOTE: skip to question 6.A)
- 162 B. U.S. State, Local, Tribal, or Territorial (SLTT) Government or organization  
163 (DESIGN NOTE: skip to question 6.B)
- 164 C. Foreign government or non-government organization (DESIGN NOTE: skip to question  
165 6.C)
- 166 D. Civil society organization (e.g., non-governmental organizations, community  
167 organizations, academia, media, advocacy groups, etc.) (DESIGN NOTE: skip to  
168 question 6.D)

169  
170 6.A {Conditional on selecting Answer 5 A.} [RC] (DESIGN NOTE: Applies to only “Private  
171 sector” selection) Private Sector Organization – Impacted Entity Demographics  
172

173 [ ] Information is the same as my registered incident reporting portal profile information (DESIGN  
174 NOTE: If reporters have made a profile, provide an option to import following information from their profile. If changes  
175 are made to the populated content, provide an option to duplicate changes back into their profile information.)  
176

- 177 A. [RC] Name of the impacted entity. (DISPLAY NOTE: Spell out any acronyms.)
- 178 B. [RC] Select the primary critical infrastructure sector and subsector impacted by  
179 this reported incident. Add secondary sectors and subsectors, as needed. (DESIGN  
180 NOTE: See Appendix 4 for complete critical infrastructure sector and subsector list. Primary critical  
181 infrastructure sector can only be entered once.)
  - 182 1. Chemical Sector
  - 183 2. Commercial Facilities Sector
  - 184 3. Communications Sector
  - 185 4. Critical Manufacturing Sector
  - 186 5. Dams Sector
  - 187 6. Defense Industrial Base Sector
  - 188 7. Emergency Services Sector
  - 189 8. Energy Sector
  - 190 9. Financial Services Sector
  - 191 10. Food and Agriculture Sector
  - 192 11. Government Services and Facilities Sector
  - 193 12. Healthcare and Public Health Sector
  - 194 13. Information Technology Sector
  - 195 14. Nuclear Reactors, Materials, and Waste Sector
  - 196 15. Transportation Systems Sector
  - 197 16. Water and Wastewater Systems Sector
  - 198 17. None

199 6.B {Conditional on selecting Answer 5 B.} [RC] U.S. State, Local, Tribal, or Territorial  
200 (SLTT) Government or Organization – Impacted Entity Demographics  
201

202 [ ] Information is the same as my registered incident reporting portal profile information (DESIGN  
203 NOTE: If reporters have made a profile, provide an option to import following information from their profile. If changes  
204 are made to the populated content, provide an option to duplicate changes back into their profile information.)  
205

- 206 A. Select SLTT Government or Organization type: (DESIGN NOTE: Single select)
- 207 1. [ ] U.S. State or Territory Government or Organization
- 208 a. Provide the impacted entity's name (DISPLAY NOTE: Spell out any  
209 acronyms.)
- 210 b. Select U.S. State or Territory where the impacted entity is located
- 211 2. [ ] Local Government or Organization (DISPLAY NOTE: Local administrative division  
212 (e.g., city, district, county, township, municipality) and the U.S. state or territory the local  
213 administrative division is part of)
- 214 a. Provide the impacted entity's name (DISPLAY NOTE: Spell out any  
215 acronyms.)
- 216 b. Select the U.S. State or Territory where the impacted entity is  
217 located.
- 218 3. [ ] Tribal Government or Organization (DISPLAY NOTE: Indicate tribe's name and any  
219 U.S. state and/or territories where the tribe is physically located)
- 220 a. Provide the impacted entity's name.
- 221 b. Select the U.S. State(s) or Territory/ies where the impacted entity  
222 is located.

223 B. [RC] Select the primary critical infrastructure sector and subsector that is  
224 impacted by the reported incident. Add secondary sectors and subsectors, as  
225 needed. (DESIGN NOTE: See Appendix 4 for complete critical infrastructure sector and subsector  
226 list. Primary critical infrastructure sector can only be entered once.)

227 1. **Critical Infrastructure list here**

228 6.C {Conditional on selecting Answer 5 C.} [RC] Foreign Government or Non-  
229 Government Organization – Impacted Entity Demographics

230  
231 [ ] Information is the same as my registered incident reporting portal profile information (DESIGN  
232 NOTE: If reporters have made a profile, provide an option to import following information from their profile. If changes  
233 are made to the populated content, provide an option to duplicate changes back into their profile information.)

234 A. Select whether the impacted entity is [ ] Foreign Government or [ ] Foreign Non-  
235 Government Organization.

236 B. [RC] Provide the impacted entity's name (DISPLAY NOTE: Spell out any acronyms.)

237 C. Select the country where the impacted entity is located (select from list).

238 D. Is the impacted entity or third party reporter a Computer Security Incident  
239 Response Team (CSIRT)? (Yes/No)

240 1. (DESIGN NOTE: If Yes, show question) Provide the name of the CSIRT.

241 E. [RC] Select the primary critical infrastructure sector and subsector as defined by  
242 the United States impacted by the reported incident. Add secondary sectors and  
243 subsectors, as needed. (DESIGN NOTE: See Appendix 4 for complete critical infrastructure  
244 sector and subsector list. Primary critical infrastructure sector can only be entered once.)

245 1. **Critical Infrastructure list here**

246 6.D {Conditional on selecting Answer 5 D.} [RC] Civil Society Organization –  
247 Impacted Entity Demographics

248

249 [ ] Information is the same as my registered incident reporting portal profile information (DESIGN  
250 NOTE: If reporters have made a profile, provide an option to import following information from their profile. If changes  
251 are made to the populated content, provide an option to duplicate changes back into their profile information.)

252 A. [RR] Provide the impacted entity’s name (DISPLAY NOTE: Spell out any acronyms.)

253 B. [RC] Select the primary critical infrastructure sector(s) and subsector

254 impacted by the reported incident. (DESIGN NOTE: See Appendix 4 for complete critical  
255 infrastructure sector and subsector list.)

256 1. *Critical Infrastructure list here*

## 257 g. Incident Overview

258 7. [RA] Provide a high-level summary of the incident. (DISPLAY NOTE: Provide a short  
259 “executive summary” of the incident with a narrative of the incident detection. Consider including a  
260 description of unauthorized access with substantial loss of confidentiality, integrity, or availability to  
261 information and/or information systems. Opportunities to provide more details about this incident will be  
262 provided later in this report”.)

## 263 h. Incident Type

264 8. [RA] To the best of your knowledge, select the type(s) of incident (DESIGN NOTE: Multi  
265 select, then drop down for more refined selections within each main category, dropdown lists are in  
266 Appendix 3.) (DISPLAY NOTE: Select all that apply)

267 A. Malware [e.g., ransomware, DDOS, exploit a vulnerability/weakness, etc.]

268 B. Human (or technology) errors [e.g., loss of equipment, system misconfiguration,  
269 mishandling of sensitive and/or PII documentation, etc.]

270 C. Hacking [e.g., password cracking, SQL injection, cross-site scripting, ‘system’  
271 overflows, exploit a vulnerability/weakness, etc.]

272 D. Social engineering (deceit, trickery) [e.g., phishing, extortion, spam, etc.]

273 E. Misuse of assets (sometimes called “insider threats”) [e.g., privilege abuse,  
274 unauthorized hardware/software, etc.]

275 F. Other [describe incident type(s)]

## 276 i. Incident Stage

### 277 Incident Response Life Cycle Stage

278 9. [RC] Identify the current response life cycle stage(s) of the incident the impacted  
279 entity is in or has begun:

280 A. [ ] Identification and Detection Stage

281 B. [ ] Analysis Stage

282 C. [ ] Containment Stage

283 D. [ ] Eradication Stage

284 E. [ ] Recovery Stage

285 F.  Fully mitigated and resolved.

## 286 j. Incident Severity Assessments and Impacts

### 287 Incident: Impacts

#### 288 Public Health and Safety Impacts

289 10. [RA] How do the incident's impacts to the impacted entity's operations affect public  
290 health and safety?

291 A.  No impact/Unknown Impact – Incident has no impact **or** the reporter does not  
292 have information required to assess the impact of the incident on public health or  
293 public safety.

294 B.  Low impact –

295 1. **Public Health:** Incident has resulted in one or more minor injuries and/or  
296 temporary disabilities that have not required emergency response (e.g., minor  
297 symptoms prompting self-care) and/or

298 2. **Public Safety:** Incident has resulted in minimal impact on public safety (e.g.,  
299 limited, short term disruption (duration under 24 hours) of essential services  
300 and/or lifeline resources – phone and internet service, electricity, water).

301 C.  Moderate impact –

302 1. **Public Health:** Incident has resulted in one or more moderate injuries and/or  
303 lasting disabilities that have required emergency response (e.g., easily treated  
304 symptoms or hospital diagnostic visits) and/or

305 2. **Public Safety:** Incident has resulted in more extensive impact on public  
306 safety (e.g., longer-term disruption (duration from 1 – 7 days) of lifeline  
307 resources such as phone, internet, electricity, and water; healthcare and  
308 shelter impacts; stress on healthcare resources or impeded access to medical  
309 records.).

310 D.  High impact –

311 1. **Public Health:** Incident has resulted in one or more serious injuries that have  
312 required emergency response and/or permanent disabilities, and/or

313 2. **Public Safety:** Incident has resulted in severe impact on public safety (e.g.,  
314 evacuation and temporary housing of displaced communities; immediate  
315 threats to physical safety of the public; extended disruption (duration lasting  
316 more than a week) of essential services; water and air contamination;  
317 diversion of patients or cancellation of care from hospitals.)

318 E.  Critical impact –

319 1. **Public Health:** Incident has resulted in one or more deaths and/or

320 2. **Public Safety:** Incident has resulted in a catastrophic impact on public safety  
321 (e.g., long-term environmental contamination; cessation of essential services  
322 such as law enforcement and healthcare).

323  
324  
325  
326  
327  
328  
329  
330  
331  
332

## Internal Impacts to the Impacted Entity

11. [RA] Select the location of observed access or disruption to any of the following network locations for the reporting entity's information system(s).
  - A.  Business or enterprise demilitarized zone (DMZ)
  - B.  Business or enterprise network
  - C.  Business or enterprise network security management
  - D.  Critical system demilitarized zone (DMZ)
  - E.  Critical system security management
  - F.  Critical systems networks
  - G.  Unknown

333  
334  
335  
336  
337  
338  
339  
340  
341

## k. Tactics, Techniques and Procedures (TTPs)

12. [RA] Document the tactics, techniques, and procedures (TTPs) observed. (DESIGN NOTE: single select)

- A. Select the type(s) of networks and systems where the TTPs were observed. (Select all that apply.)  Enterprise /Traditional IT;  Operational Technology/Industrial Control Systems;  Mobile Systems

1.  Submit TTPs using the MITRE ATT&CK framework. (DISPLAY NOTE: For additional information on MITRE ATT&CK visit <https://attack.mitre.org/matrices/>).
- a. [RC] Select the TTPs observed from the matrix below:

ATT&CK Matrix for Enterprise

layout: side   show sub-techniques   hide sub-techniques

Reconnaissance 10 techniques	Resource Development 8 techniques	Initial Access 14 techniques	Execution 14 techniques	Persistence 10 techniques	Privilege Escalation 13 techniques	Defense Evasion 22 techniques	Credential Access 17 techniques	Discovery 21 techniques	Lateral Movement 9 techniques	Collection 12 techniques	Command and Control 14 techniques	Exfiltration 9 techniques	Impact 13 techniques
Active Scanning (2)	Acquire Access (2)	Drive-by Compromise (2)	Cloud Administration Command (2)	Account Manipulation (2)	Abuse Elevation Control Mechanism (2)	Abuse Elevation Control Mechanism (2)	Adversary-Implanted Remote Services (2)	Application Discovery (2)	Application of Remote Services (2)	Adversary-Implanted Remote Services (2)	Application Layer Protocol (2)	Account Discovery (2)	Account Access Removal (2)
... (omitting many rows for brevity) ...	...	...	...	...	...	...	...	...	...	...	...	...	...

342  
343  
344  
345  
346  
347  
348  
349

- b. [Op] Provide a description of the TTPs observed. (DESIGN NOTE: Only show b. if a. is answered)
2.  Provide TTPs without using the full MITRE ATT&CK matrix.
  - a. Using the type of network(s) that was previously selected, select the TTP category that potentially matches the type of TTP that was observed:

Enterprise Networks	Mobile Networks	Industrial Control Systems
Reconnaissance	Initial Access	Initial Access
Resource Development	Execution	Execution
Initial Access	Persistence	Persistence
Execution	Privilege Escalation	Privilege Escalation
Persistence	Defense Evasion	Evasion
Privilege Escalation	Credential Access	Discovery
Defense Evasion	Discovery	Lateral Movement
Credential Access	Lateral Movement	Collection
Discovery	Collection	Command and Control
Lateral Movement	Command and Control	Inhibit Response Function
Collection	Exfiltration	Impair Process Control
Command and Control	Impact (physically to data/systems)	Impact (physically to data/systems)
Exfiltration		
Impact (physically to data/systems)		

350  
351  
352  
353  
354  
355  
356

- b.  [Op] Provide a description of the TTPs observed in the network category(ies) that were selected (DESIGN NOTE: Only show b. if a. is answered).
- 3.  [ ] There are no TTPs to report at this time (DESIGN NOTE: Skip TTP questions, go to next question) (DISPLAY NOTE: When, during the investigation, new information is discovered about TTPs , return to this section.)

## I. Indicators of Compromise (IOCs)

357  
358  
359  
360  
361  
362  
363  
364  
365  
366  
367  
368  
369  
370  
371  
372  
373  
374  
375  
376  
377  
378

13. [C-15] [RA] Document Indicators of Compromise (IOCs) observed that describe the reported incident and/or TTPs:

- A.  [ ] There are no IOCs to report at this time (DESIGN NOTE: if selected, skip to next question)
- B.  [ ] There are IOCs to report at this time
  - 1.  [ ] Select if the information contained in this submission should be considered commercial, financial, or proprietary under the Cybersecurity Information Sharing Act of 2015.
  - 2. Select the indicator type (DESIGN NOTE: see Appendix 1 for drop down list information) (DESIGN NOTE: Allow for reporter to add more than one IOC as necessary, i.e. a “+ Add IOC here” button)
  - 3. [RC] Provide the IOC in the text box or upload screenshots (e.g., Insert the IP addresses, domain names, file hashes, etc for the “Indicator Type” selected).
  - 4. [RC] (DESIGN NOTE: Do not present this question if no TTPs are previously reported) Associate the IOC(s) provided with any previously reported TTP(s).  [ ] IOCs are unable to map to previously reported TTPs shown below. (DESIGN NOTE: if box checked here, skip to “Provide indicator of compromise context...” DISPLAY NOTE: When, during the investigation, the impacted entity discovers knowledge about TTPs contributing to the incident and have documented them, return to this question and provide the associations between the IOCs and TTPs documented that have factored into the incident) (DESIGN NOTE: Select from TTP entered “pick-list” and allow reporter to associate the IOC with TTP(s).)

- 379 5. [RC] Provide contextual information about the IOC even if unable, at this  
380 time, to map the IOC to a TTP

## 381 Indicators of Compromise (IOCs): Detection Methods

- 382 14. [Op] Document the IOC detection method(s) used to find any reported IOC.  
383 A.  I don't have any IOC detection methods to report at this time  
384 B. The IOC detection method(s) used include: **(DESIGN NOTE: Multi select drop down list)**  
385 1. Actor disclosure  
386 2. Antivirus  
387 3. Audit  
388 4. Customer  
389 5. Data loss prevention  
390 6. Emergency response team  
391 7. Financial audit  
392 8. Found documents  
393 9. Fraud detection  
394 10. Fraud detection by 3rd party  
395 11. Host-based Intrusion Detection System (HIDS)  
396 12. Incident response  
397 13. Incident response by 3rd Party  
398 14. Infrastructure monitoring  
399 15. IT review  
400 16. Law enforcement  
401 17. Log review  
402 18. Network-based Intrusion Detection System (NIDS)  
403 19. Offboarding  
404 20. Reported by employee  
405 21. Security alarm  
406 22. Security researcher  
407 23. Suspicious traffic  
408 24. Unrelated 3rd party  
409 25. Other

## 410 Detection Logics/Analytics

- 411 15. [C-15] [Op] Were any signatures or other detection analytics in place to identify  
412 and/or detect the threat activity ? (Yes/No)  
413 A. {Conditional} [Op] For each signature or detection analytic that was in place,  
414 provide the following:  
415 1.  Select if the information contained in this submission should be  
416 considered commercial, financial, or proprietary under the Cybersecurity  
417 Information Sharing Act of 2015.

- 418 2. Description
- 419 3. Pattern or rule
- 420 4. Pattern or rule language or technology used, by selecting from the following:
- 421 (DESIGN NOTE: Provide comprehensive drop list for reporter to choose from, i.e. Yara, Snort,
- 422 SIGMA, etc. and “other”)

## 423 m. Impacted User Accounts and Systems

- 424 16. [Op] Identify the type and quantity of user accounts that provide access to the
- 425 organization's information system or network impacted. (DESIGN NOTE: Multi select then
- 426 quantity entered.)
- 427 A.  Privileged/system/administrative/service-level information system or network
- 428 account (DISPLAY NOTE: Enter quantity impacted )
- 429 1. [Op] How were these account(s) impacted, select from the following:
- 430 (DESIGN NOTE: Multi-select)
- 431 a.  Unauthorized Disclosure
- 432 b.  Unauthorized Acquisition
- 433 c.  Loss of Control
- 434 d.  Exfiltrated
- 435 e.  Modified
- 436 f.  Deleted
- 437 g.  Compromised in some other manner
- 438 B.  Standard information system or network account (DISPLAY NOTE: Enter quantity
- 439 impacted )
- 440 1. [Op] How were these account(s) impacted, select from the following:
- 441 (DESIGN NOTE: Multi-select)
- 442 a.  Unauthorized Disclosure
- 443 b.  Unauthorized Acquisition
- 444 c.  Loss of Control
- 445 d.  Exfiltrated
- 446 e.  Modified
- 447 f.  Deleted
- 448 g.  Compromised in some other manner
- 449 17. [RA] Identify and describe each impacted network type, device, and/or information
- 450 technology system owned or operated by the impacted entity.  Unknown at this
- 451 time. (DESIGN NOTE: Skip to next question if this check box selected.) (DESIGN NOTE: Allow for one-
- 452 to-many entries of impacted systems)
- 453 A. [RA] Network Type (DESIGN NOTE: Single select per impacted system entry)
- 454 a.  Enterprise networks or systems.
- 455 b.  Operational technology and industrial control systems
- 456 c.  Mobile devices.
- 457 B. [RA] Systems Type & Services Provided (DESIGN NOTE: Single select per impacted
- 458 system entry)
- 459 a. [Type] Endpoint devices (non-server devices) (DESIGN NOTE: See Appendix 1
- 460 for drop down list information)

- 461 b. **[Type]** Servers (DESIGN NOTE: See Appendix 1 for drop down list information)
- 462 c. **[Type]** Network Devices (DESIGN NOTE: See Appendix 1 for drop down list
- 463 information)
- 464 d. **[Type]** Identity providers (IdP) (DESIGN NOTE: See Appendix 1 for drop down list
- 465 information)
- 466 C. (DESIGN NOTE: Only show this Patient Zero question if there was an Initial Access TTP previously
- 467 entered in the TTP question) [RA] Select here  if this “Impacted System” entry is
- 468 considered as the “patient zero” impacted system.
- 469 1. [RC] When was the date and time of initial access for this incident?
- 470 Unknown at this time.
- 471 2. [Op] Associate “patient zero” with the appropriate TTP(s) reported for this
- 472 incident.  The “patient zero” TTP is unknown at this time.

## 473 n. Vulnerabilities

- 474 18. [RA] What vulnerabilities were exploited to perpetrate the incident? Provide the
- 475 associated Common Vulnerabilities and Exposures Identifiers (CVE-ID).
- 476 Unknown at this time. (DISPLAY NOTE: Do not include the letters "CVE" as a prefix, enter only the
- 477 CVE number (e.g., 2014-7654321) (DESIGN NOTE: Allow for more than one entry and look up the CVE in
- 478 database and display to reporter.)

## 479 o. Detailed Information Impacts

- 480 19. [RA] Did the impacted entity experience an informational impact as a result of the
- 481 incident?  Yes;  No;  Unknown at this time (select one)
- 482 A.  Personally Identifiable Information (PII)/Privacy Data Breach,-
- 483 1. Identify the type of Privacy Data Breach that occurred involving access to PII
- 484 Choose all that apply: (DESIGN NOTE: Multi select)
- 485 a.  Unauthorized Disclosure
- 486 b.  Unauthorized Acquisition
- 487 c.  Loss of Control
- 488 d.  Exfiltrated
- 489 e.  Modified
- 490 f.  Deleted
- 491 g.  Compromised in some other manner
- 492 h.  Any occurrence where a person other than an authorized user
- 493 accesses PII
- 494 i.  Any occurrence where an authorized user accesses PII for an other
- 495 than authorized purpose
- 496 2. Identify the type(s) of PII involved in this privacy data breach. Choose all that
- 497 apply: (DESIGN NOTE: Multi-select)
- 498 a.  Unique individual identifiers (DESIGN NOTE: Hover over (DISPLAY
- 499 NOTE: e.g. social security number, passport number, etc.)
- 500 b.  Personal information (DESIGN NOTE: Hover over (DISPLAY NOTE: e.g.,
- 501 home address, phone number, etc.)

- 502 c.  Financial information (**DESIGN NOTE: Hover over (DISPLAY NOTE: e.g.,**
- 503 **bank account numbers, credit card numbers, etc.)**)
- 504 d.  Medical or Health information (**DESIGN NOTE: Hover over DISPLAY**
- 505 **NOTE: e.g. health records, lab test results, etc.)**
- 506 B.  Financial (non-PII) Information
- 507 C.  Attorney/Client Privileged Information
- 508 D.  Proprietary Business Information Compromise (**DESIGN NOTE: Multi-select**)
- 509 1.  Trade Secrets
- 510 2.  Customer Lists
- 511 3.  Research and development information
- 512 4.  Other
- 513 E.  Core Credentials (**DESIGN NOTE: Multi-select**)
- 514 1.  Non-administrative credentials
- 515 2.  Administrative credentials
- 516 F.  Destruction of Non-Critical System
- 517 G.  Critical Systems Data Compromise
- 518 H.  Destruction of Critical System
- 519 I.  Defense information (as the information relates to unclassified cyber threat
- 520 information/indicators (CTI), export-controlled information, and/or OPSEC
- 521 information) (**DESIGN NOTE: Multi-select**)
- 522 1.  CTI
- 523 2.  Export-controlled information
- 524 3.  OPSEC information
- 525 J.  Unclassified communications
- 526 K.  Classified communications
- 527 L.  Other
- 528

## 529 p. Attribution

- 530 20. [Op] If the impacted entity has attributed this incident, provide the following:.
- 531 A. If the incident is not attributed, select N/A here .
- 532 B. The name of the threat actor.
- 533 C. Any identifying information for the threat actor.

## 534 q. Malware Artifacts Conditional Question

- 535 21. {Conditional} [RC] A cyber incident type reported earlier in this form included
- 536 malware. Did the impacted entity detect malicious software (malware) or scripts?
- 537 (Yes/No)
- 538 A. {Conditional} [Op] If available, upload a sample of the malware here. (**DESIGN**
- 539 **NOTE: Provide user a file upload button. Provide a notice to users that all uploaded malware will be**
- 540 **submitted into CISA's Malware Next Generation system.**)
- 541 B. {Conditional} [Op] Describe the malware and any additional context regarding
- 542 the malware.

## r. Optional Additional Information

543  
544  
545  
546  
547  
548  
549  
550  
551  
552  
553  
554  
555  
556  
557  
558  
559  
560  
561

22. [Op] Provide any optional additional information relevant to describe or understand the incident, such as: **(DESIGN NOTE: provide droplist options below and a capability to upload and an open text description for each category selected)**
- A. Third-Party Analysis Results
  - B. Data such as Logs or other Technical Artifacts
  - C. External data sources used to discover, or aid in discovering, the reported incident (including report titles, descriptions, and links)
  - D. Attribution details or information relevant to aid in attribution
  - E. Observations for PII breach (note: DO NOT include samples of actual PII in this response)
  - F. Containment strategy details (including specific containment actions taken, if the containment strategy was successful, and how it has changed)
  - G. Eradication strategy details (including specific eradication actions taken, if the eradication strategy was successful, and how it has changed)
  - H. Recovery strategy details (including specific recovery actions taken, if the recovery strategy was successful, and how it has changed)
  - I. Post-Incident Details or After Action/Lesson Learned
  - J. Other (any other relevant information to describe or understand the incident)
