

The National Archives and Records Administration is closed to normal operations due to a lack of appropriations. FederalRegister.gov will automatically provide the daily Federal Register and Public Inspection List but we will not provide technical support. The official, published Federal Register is available at <https://www.govinfo.gov/app/collection/fr>.

LEGAL STATUS

This site displays a prototype of a "Web 2.0" version of the daily Federal Register. It is not an official legal edition of the Federal Register, and does not replace the official print version or the official electronic version on GPO's govinfo.gov.

The documents posted on this site are XML renditions of published Federal Register documents. Each document posted on the site includes a link to the corresponding official PDF file on govinfo.gov. This prototype edition of the daily Federal Register on FederalRegister.gov will remain an unofficial informational resource until the Administrative Committee of the Federal Register (ACFR) issues a regulation granting it official legal status. For complete information about, and access to, our official publications and services, go to [About the Federal Register](#) on NARA's archives.gov.

The OFR/GPO partnership is committed to presenting accurate and reliable regulatory information on FederalRegister.gov with the objective of establishing the XML-based Federal Register as an ACFR-sanctioned publication in the future. While every effort has been made to ensure that the material on FederalRegister.gov is accurately displayed, consistent with the official SGML-based PDF version on govinfo.gov, those relying on it for legal research should verify their results against an official edition of the Federal Register. Until the ACFR grants it official status, the XML rendition of the daily Federal Register on FederalRegister.gov does not provide legal notice to the public or judicial notice to the courts.

Department of Transportation
Federal Aviation Administration
[Docket No. FAA-2025-5203]

AGENCY:

Federal Aviation Administration (FAA), DOT.

ACTION:

Notice and request for comments.

SUMMARY:

In accordance with the Paperwork Reduction Act of 1995, FAA invites public comments about our intention to request the Office of Management and Budget (OMB) approval to renew an information collection. The collection involves information related to rules governing Helicopter Air Ambulance, Commercial Helicopter, and Part 91 Helicopter Operations. The information to be collected supports the Department of Transportation's strategic goal of safety. Specifically, the goal is to promote the public health and safety by working toward the elimination of transportation-related deaths and injuries.

DATES:

Written comments should be submitted by March 30, 2026.

SUPPLEMENTARY INFORMATION:

Public Comments Invited: You are asked to comment on any aspect of this information collection, including (a) Whether the proposed collection of information is necessary for FAA's performance; (b) the accuracy of the estimated burden; (c) ways for FAA to enhance the quality, utility and clarity of the information collection; and (d) ways that the burden could be minimized without reducing the quality of the collected information. The agency will summarize and/or include your comments in the request for OMB's clearance of this information collection.

OMB Control Number: 2120-0756.

Title: Helicopter Air Ambulance, Commercial Helicopter, and Part 91 Helicopter Operations.

Form Numbers: 2120-0756, Helicopter Air Ambulance Mandatory Flight Information Report.

Type of Review: Renewal of an information collection.

Background: These requirements in part 135 are addressed specifically to helicopter air ambulance (HAA) operations, and on-demand operations, including overwater operations. The National Transportation Safety Board recommended several changes following accident investigations. The FAA aims to improve the safety record of helicopter air ambulances through better oversight of their operations. The FAA will use the information it collects and reviews to ensure compliance and adherence with regulations and, if necessary, to take enforcement action on violators of the regulations.

Under the authority of Title 49 CFR (<https://www.ecfr.gov/current/title-49>), Section 44701, Title 14 CFR (<https://www.ecfr.gov/current/title-14>) prescribes the terms, conditions, and limitations as are necessary to ensure safety in air transportation. Title 14 CFR (<https://www.ecfr.gov/current/title-14>) parts 91 and 135 prescribes the requirements

governing helicopter air ambulance, commercial helicopter, and Part 91 helicopter operations. The information collected is used to determine air operators' compliance with the minimum safety standards and the applicants' eligibility for air operations certification. Each operator which seeks to obtain, or is in possession of an operating certificate, must comply with the requirements of part 91 or 135, as applicable, which include maintaining data which is used to determine if the air carrier is operating in accordance with minimum safety standards.

Respondents: Part 135 Helicopter Air Ambulance Operators, Part 135 Helicopter Commercial Operators, or Part 91 Helicopter Operators.

Frequency: The frequency of submission depends on the individual requirements. Some requirements are one time requirements and some are per each individual flight.

Estimated Average Burden per Response: 7 Minutes.

Estimated Total Annual Burden: 115,979 Hours.

Issued in Washington, DC, on January 27, 2026.

Sandra L. Ray,

Aviation Safety Inspector, AFS-940.
