
LEGAL STATUS

This site displays a prototype of a “Web 2.0” version of the daily Federal Register. It is not an official legal edition of the Federal Register, and does not replace the official print version or the official electronic version on GPO’s govinfo.gov.

The documents posted on this site are XML renditions of published Federal Register documents. Each document posted on the site includes a link to the corresponding official PDF file on govinfo.gov. This prototype edition of the daily Federal Register on FederalRegister.gov will remain an unofficial informational resource until the Administrative Committee of the Federal Register (ACFR) issues a regulation granting it official legal status. For complete information about, and access to, our official publications and services, go to [About the Federal Register](#) on NARA’s archives.gov.

The OFR/GPO partnership is committed to presenting accurate and reliable regulatory information on FederalRegister.gov with the objective of establishing the XML-based Federal Register as an ACFR-sanctioned publication in the future. While every effort has been made to ensure that the material on FederalRegister.gov is accurately displayed, consistent with the official SGML-based PDF version on govinfo.gov, those relying on it for legal research should verify their results against an official edition of the Federal Register. Until the ACFR grants it official status, the XML rendition of the daily Federal Register on FederalRegister.gov does not provide legal notice to the public or judicial notice to the courts.

Department of Transportation
Federal Aviation Administration
[Docket No. FAA-2025-5202]

AGENCY:

Federal Aviation Administration (FAA), DOT.

ACTION:

Notice and request for comments.

SUMMARY:

In accordance with the Paperwork Reduction Act of 1995, FAA invites public comments about our intention to request the Office of Management and Budget (OMB) approval to renew an information collection. The collection involves Certificated Training Centers. Operators pay Certificated Training Centers to provide training to their employees, typically pilots, on different types of equipment if training is not done in house. The information to be collected is necessary because it allows aviation safety inspectors (operations) to review and to provide surveillance to training centers to ensure compliance with airman training, testing, and certification requirements specified in other parts of the regulations. If the information were not collected, inspectors would not be able to determine if airmen who are clients are being trained, checked or tested to meet the safety standards established in other parts of the regulations. To date, FAA inspectors have used the information collected to determine and assess regulatory compliance during routine program surveillance.

DATES:

Written comments should be submitted by March 30, 2026.

ADDRESSES:

Please send written comments:

By electronic docket: www.regulations.gov (<http://www.regulations.gov>) (Enter docket number into search field).

By mail: Shannon Salinsky, 8700 Freeport Parkway, Suite 200, Irving, TX 75063.

By fax: 817-222-2222.

Näleé D. Romero by email at: Nalee.romero@faa.gov (<mailto:Nalee.romero@faa.gov>);
phone: (202) 267-4702.

SUPPLEMENTARY INFORMATION:

Public Comments Invited: You are asked to comment on any aspect of this information collection, including (a) Whether the proposed collection of information is necessary for FAA's performance; (b) the accuracy of the estimated burden; (c) ways for FAA to enhance the quality, utility and clarity of the information collection; and (d) ways that the burden could be minimized without reducing the quality of the collected information. The agency will summarize and/or include your comments in the request for OMB's clearance of this information collection.

OMB Control Number: 2120-0570.

Title: Certified Training Centers—Simulator Rule.

Form Numbers: None.

Type of Review: Renewal of an information collection.

Background: Part 142 Flight Schools are subject to several collection requirements. 14 CFR part 142 (<https://www.ecfr.gov/current/title-14/part-142>) is one of several Federal Regulation parts that implement the Public Law. Section 142.11 provides that application for a training center certificate and training specifications shall be made in a form and manner prescribed by the Administrator, shall provide specific (□ printed page 3975) information about each management, instructor position, and evaluator position, and contain certain other administrative information.

Section 142.37 provides that application for approval of training programs must be in a form and manner acceptable to the Administrator, and must provide specific information about curriculum and courses of the training program.

Chapter 447, Section 44701 of Title 49, United States Code (<https://www.govinfo.gov/link/uscode/49/44701>), provides, in pertinent part, that the Administrator may find, after investigation, that a person found to possess proper qualifications for a position as an airman may be issued such certificate. That certificate shall contain such terms, conditions, and limitations as to duration thereof, as well as periodic or special examinations, and other matters as the Administrator may determine to be necessary to assure safety in air commerce.

Section 142.73 requires that training centers maintain records for a period of one year to show trainee qualifications for training, testing, or checking, training attempts, training checking, and testing results, and for one year following termination of employment the qualification of instructors and evaluators providing those services.

The respondents may be the Part 142 schools, Part 121 or 135 air carriers who utilize these schools or new applicants seeking Part 142 certification. The information may be collected in electronic forms. No specific forms are required. Information reporting may be done in accordance with the individual FAA office.

Respondents: Part 142 schools, Part 121 and 135 carriers and new certifications.

Frequency: Once per training event or program submission.

Estimated Average Burden per Response: 1.02 Hours.

Estimated Total Annual Burden: 77,194 Hours.

Issued in Washington, DC, on January 27, 2026.

Sandra L. Ray,

Aviation Safety Inspector, AFS-940.
