d. Effective date and term of the PHA-owned certification

1. Effective date

- a. Before execution of the PHA-owned certification, the PHA must determine that applicable initial inspection HQS requirements have been met in accordance with 24 CFR 983.103(c). The PHA may not execute the PHA-owned certification for any covered unit that does not meet the initial inspection HQS requirements. The PHA-owned certification must be executed and effective promptly after PHA selection of the proposal or project and PHA determination that the applicable initial inspection HQS requirements have been met. The effective date of the PHA-owned certification must be on or after the date the PHA-owned certification is executed. The PHA-owned certification must be effective before the effective date of the first lease covering a covered unit occupied by an assisted family, and the PHA may not pay any housing assistance payment until the PHA-owned certification is effective.
- b. For all covered units, the effective date of the PHA-owned certification is:

_____.

- c. The term of the PHA-owned certification begins on the effective date.

2. Length of initial term

- a. Subject to paragraph 2.b, the initial term of the PHA-owned certification for all covered units is:

_____.

- b. The initial term of the PHA-owned certification may not be less than one year, nor more than twenty years.

3. Extension of term

The PHA may at any time before expiration of the PHA-owned certification execute one or more extensions of the PHA-owned certification term. The following conditions apply:

- a. Each extension executed must have a term that does not exceed 20 years;
- b. At no time may the total remaining term of the PHA-owned certification, with extensions, exceed 40 years;
- c. Before executing an extension, the PHA must determine that the extension is appropriate to continue providing affordable housing for low-income families or to expand housing opportunities; and
- d. Each extension must be on the form and subject to the conditions prescribed by HUD at the time of the extension.

4. Requirement for sufficient appropriated funding

- a. The length of the initial term and any extension term shall be subject to availability of sufficient appropriated funding (budget authority), as provided in appropriations acts and in the PHA's annual contributions contract (ACC) with HUD, to make full payment of housing assistance payments for any year in accordance with the PHA-owned certification.
- b. The PHA may terminate the certification for insufficient funding, subject to HUD requirements. Consistent with the policies in the PHA's Administrative Plan, the PHA has the option of terminating the PHA-owned certification based on "insufficient funding" only if:

1. The PHA determines in accordance with HUD requirements that it lacks sufficient HAP funding (including HAP reserves) to continue to make housing assistance payments for all voucher units currently under a PHA-owned certification or HAP contract;
2. The PHA has taken cost-saving measures specified by HUD;
3. The PHA notifies HUD of its determination and provides the information required by HUD; and
4. HUD determines that the PHA lacks sufficient funding and notifies the PHA it may terminate PHA-owned certifications and/or HAP contracts as a result.

e. Occupancy and payment

1. Payment for occupied unit

During the term of the PHA-owned certification, the PHA shall make housing assistance payments for the months during which a covered unit is leased to and occupied by an eligible family. If an assisted family moves out of a covered unit, the PHA may keep the housing assistance payment received for the occupied unit for the calendar month when the family moves out (“move-out month”). However, the PHA may not keep the payment if the vacancy is the PHA’s fault.

2. Vacancy payment

THE PHA HAS DISCRETION WHETHER TO INCLUDE THE VACANCY PAYMENT PROVISION (PARAGRAPH e.2), OR TO STRIKE THIS PROVISION FROM THE PHA-OWNED CERTIFICATION FORM.

- a. If an assisted family moves out of a covered unit, the PHA may provide vacancy payments for a PHA-determined vacancy period extending from the beginning of the first calendar month after the move-out month for a period not exceeding two full months following the move-out month.
- b. The vacancy payment for each month of the maximum two-month period will be determined by the PHA and cannot exceed the monthly rent to owner under the assisted lease, minus any portion of the rental payment received by the PHA (including amounts

available from the tenant's security deposit). Any vacancy payment may cover only the period the unit remains vacant.

- c. The PHA may make vacancy payments only if:
1. The family has vacated the unit and the PHA documents the date when the family moved out (to the best of the PHA's knowledge and belief);
 2. The vacancy is not the fault of the PHA and the unit was vacant during the period for which payment is claimed; and
 3. The PHA has taken every reasonable action to minimize the likelihood and length of vacancy.

3. PHA is not responsible for family damage or debt

Except as provided in this paragraph e (Occupancy and Payment), the PHA will not make any other payment under the PHA-owned certification. The PHA will not make any payment for any damages to the unit, or for any other amounts owed by a family under the family's lease.

f. Income-mixing requirement

1. Except as provided in paragraphs f.2 through f.4 below, the PHA will not make housing assistance payments under the PHA-owned certification for more than the greater of 25 units or 25 percent of the total number of dwelling units (assisted or unassisted) in any project. The term "project" can be a single building, multiple contiguous buildings, or multiple buildings on contiguous parcels of land, consistent with the PHA's Administrative Plan.
2. For the number of covered units in any project exceeding the 25 unit or 25 percent limitation under paragraph f.1, the PHA shall give preference to the applicable families as listed in f.7 below, for the number of covered units exclusively made available for occupancy by such families. The PHA shall rent that number of covered units to such families.
3. Up to the greater of 25 units or 40 percent of units (instead of the greater of 25 units or 25 percent of units) in a project may be project-based if the project is located in an area where vouchers are difficult to use.
4. Units that were previously subject to certain federal rent restrictions or receiving another type of long-term housing subsidy provided by HUD do not count toward the income-mixing requirement if, in the five years prior

to issuance of the Request for Proposal (RFP) or the proposal or project selection date in the case of selection without RFP, the unit received one of the forms of HUD assistance or was under a federal rent restriction as described in f.5 and f.6, below.
