This agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless the collection displays a valid OMB control number. This form is used in the administration of the project-based voucher (PBV) program, as authorized under section 8 of the United States Housing Act of 1937 (42 U.S.C. § 1437f). This form establishes terms to which a PHA certifies prior to execution of a PBV PHA-owned certification to provide housing assistance payments for eligible families. This information is required to obtain benefits. 24 CFR § 983.154(h). This information collected will not be held confidential.

1.1 PHA

This PHA-owned Agreement Certification (“Agreement certification”) is executed by the:

_____ (PHA).

1.2 Purpose

The PHA signs the HUD-prescribed Agreement certification for a unit to be assisted (“covered unit”) instead of executing the Agreement to enter into HAP Contract (“Agreement”) for a covered unit. By signing the Agreement certification, the PHA certifies that it will fulfill all the required program responsibilities of the private owner under the Agreement certification, and that it will also fulfill all of the program responsibilities required of the PHA for the covered unit. The PHA will develop the covered units in accordance with Exhibit B and comply with Housing Quality Standards (“HQS”), and, upon timely completion of such development activity in accordance with the terms of the Agreement certification, the PHA will execute an initial PHA-owned certification

for the covered units. The Agreement certification must cover a single project, except one Agreement certification may cover multiple projects that each consist of a single-family building.

1.3 Contents of Agreement Certification

This Agreement certification consists of Part 1, Part 2, and the following Exhibits:

EXHIBIT A: The PHA's written notice of proposal or project selection to the responsible PHA official and the responsible PHA official's certification in writing that the PHA accepted the terms and requirements stated in the notice. (Selection of proposal or project must have been in accordance with 24 CFR 983.51.)

EXHIBIT B: Description of development activity to be performed under this Agreement certification, including:

- if the Agreement certification is for rehabilitation of units, this exhibit must include the rehabilitation work write-up and, where the PHA has determined necessary, specifications and plans;
- if the Agreement certification is for new construction of units, the work description must include the working drawings and specifications;
- any requirements the PHA elects to establish in addition to HQS for design, architecture, or quality;
- a description of any required work item necessary to comply with the accessibility requirements of 24 CFR 983.153(e); and
- a description of any required work item if the requirement at 24 CFR 983.153(f) to install broadband infrastructure applies.

EXHIBIT C: Features of the housing to be developed, including:

- the site;
- the location of covered units on site;
- the number of covered units by area (square footage) and number of bedrooms and bathrooms;
- the services, maintenance, or equipment to be supplied by the PHA without charges in addition to the rent to owner;

- the utilities available to the covered units, including a specification of utility services to be paid by the PHA (without charges in addition to rent) and utility services to be paid by the tenant; and
- estimated initial rent to owner for the covered units.

EXHIBIT D: The PHA-owned certification.

1.4 Significant Dates

- A. **Effective Date of the Agreement certification:** The effective date of the Agreement certification must be on or after the date the Agreement certification is executed. The Agreement certification must be executed and effective prior to the commencement of development activity as described in 24 CFR 983.154(d), except as provided in 24 CFR 983.154(f) and (g). With respect to environmental review, a PHA may not execute an Agreement certification or PHA-owned certification, and the PHA and its contractors may not acquire, rehabilitate, convert, lease, repair, dispose of, demolish, or construct real property or commit or expend program or local funds for these activities, until one of the outcomes at 24 CFR 983.56(d) occurs. When a subsidy layering review is required, it must occur before a PHA attaches assistance to a project. Specifically, the PHA may not execute an Agreement certification until HUD or a housing credit agency approved by HUD has conducted any required subsidy layering review and determined that the PBV assistance is in accordance with HUD subsidy layering requirements.
- B. A project may either be a single-stage or multi-stage project. A single-stage project will have the same Agreement certification effective date for all covered units. A multi-stage project will separate effective dates for each stage.

_____ **Single-stage project**

- i. Effective Date for all covered units: _____
- ii. Date of Commencement of the Work: The date for commencement of work is not later than _____ calendar days after the effective date of this Agreement certification.

- iii. Time for Completion of the Work: The date for completion of the work is not later than _____ calendar days after the effective date of this Agreement certification.

_____ **Multi-Stage Project**

Enter the information for each stage upon execution of the Agreement certification for the corresponding stage.

STAGE	NUMBER OF UNITS	EFFECTIVE DATE	DATE OF COMMENCEMENT OF WORK	TIME FOR COMPLETION OF WORK

1.5 Nature of the Work

_____ This Agreement certification is for **New Construction** of units to be assisted by the project-based voucher program.

_____ This Agreement certification is for **Rehabilitation** of units to be assisted by the project-based voucher program.

1.6 Schedule of Completion

- A. Timely Performance of Work: The PHA agrees to begin work no later than the date for commencement of work as stated in Section 1.4. In the event the work is not commenced, diligently continued and completed as required under this Agreement certification, the PHA may terminate this Agreement certification or take other appropriate action.
- B. Time for Completion: All work must be completed no later than the end of the period stated in Section 1.4. Where completion in stages is provided for, work related to units included in each stage shall be completed by the stage completion date and all work on all stages must be completed no later than the end of the period stated in Section 1.4.

- C. Delays: The PHA may extend the time for completion for an appropriate period as determined by the PHA in accordance with HUD requirements.

1.7 Agreement Certification Amendment and/or Changes in Work

- A. Pursuant to 24 CFR 983.154(c), the PHA may amend the contents of the Agreement certification (see 24 CFR 983.154(e)) by executing an addendum to the Agreement certification, so long as such amendments are consistent with all requirements of 24 CFR part 983. The PHA may only execute an addendum affecting a unit prior to the independent entity accepting the completed unit.
- B. The PHA must document, in advance, any change from the work specified in Exhibit B which would alter the design, architecture, or quality of the rehabilitation or construction. Any change may result in a lower initial rent to owner as determined under 24 CFR 983.301.
- C. The PHA or independent entity (or HUD in the case of insured or coinsured mortgages) may inspect the work during rehabilitation or construction to ensure that work is proceeding on schedule, is being accomplished in accordance with the terms of the Agreement certification, meets the level of material described in Exhibit B and meets typical levels of workmanship for the area.

1.8 Work Completion

- A. Conformance with Exhibit B: The work must be completed in accordance with Exhibit B. The PHA is solely responsible for completion of the work.
- B. When the work is completed, the PHA must provide the independent entity with the following:
 - 1. A certification by the PHA, in the form and manner prescribed by the PHA, that development activity under 24 CFR 983.152 has been completed, and that all such work was completed in accordance with HUD requirements; and
 - 2. The following evidence of completion of work, in the form and manner required by the PHA’s Administrative Plan:

The PHA must list the required evidence below:

1.9 Inspection and Acceptance by the Independent Entity of Completed Covered Units

- A. Completion of Covered Units: After the independent entity has received all required evidence of completion and the PHA's certification that all work was completed in accordance with applicable requirements, the independent entity must:
1. Review the evidence to determine whether the development activity was completed in accordance with applicable requirements; and
 2. Inspect the completed units to determine whether they comply with HUD's HQS (see 24 CFR 983.103(b)) and any additional design, architecture, or quality requirements specified by the PHA.
- B. Non-Acceptance: If the independent entity determines the work has not been completed in accordance with applicable requirements, including non-compliance with the HUD's HQS and/or any additional design, architecture, or quality requirements specified by the PHA, the independent entity shall promptly notify the PHA of this decision and the reasons for the non-acceptance. The PHA must not execute the PHA-owned certification.
- C. Acceptance: If the independent entity determines the housing has been completed in accordance with applicable requirements, and the completed units meet HUD's HQS and any additional design, architecture, or quality requirements specified by the PHA, then the PHA must execute the PHA-owned certification.
- D. Completion in Stages: The independent entity must determine separately for each stage whether the development activity was completed in accordance with the applicable requirements per 24 CFR 983.155 and that the units meet HUD's HQS and any additional design, architecture, or quality requirements specified by the PHA. If the first stage is determined compliant, then the PHA must execute the PHA-owned certification. As each subsequent stage is determined compliant, the PHA must amend the PHA-owned certification to add the units to the PHA-owned certification (see 24 CFR 983.207(g)).

1.10 Acceptance where Defects or Deficiencies are Reported:

- A. If other defects or deficiencies exist, the PHA shall determine whether and to what extent the defects or deficiencies are correctable, and the requirements and procedures for such correction. The independent entity shall determine whether the units will be accepted after correction of defects or deficiencies, in accordance with the PHA Administrative Plan.
- B. Completion in Stages: Where completion in stages is provided for, the procedures of paragraph A shall apply to each stage.

1.11 Execution of PHA-owned Certification

- A. Time and Execution: Upon acceptance of the units by the independent entity, the PHA executes the PHA-owned certification.
- B. Completion in Stages: Where completion in stages is provided for, the number and types of units in each stage and the initial rents to owner for such units shall be separately shown in Exhibit C of the PHA-owned certification for each stage. Upon acceptance of the first stage, the PHA shall execute the PHA-owned certification and the signature block provided in the PHA-owned certification for that stage. Upon acceptance of each subsequent stage, the PHA shall execute the signature block provided in the PHA-owned certification for such stage.
- C. Form of PHA-owned Certification: The terms of the PHA-owned certification shall be provided in Exhibit D of this Agreement certification. There shall be no change in the terms of the PHA-owned certification unless such change is approved by HUD headquarters. Prior to execution by the PHA, all blank spaces in the PHA-owned certification shall be completed by the PHA.
- D. Survival of PHA Obligations: Even after execution of the PHA-owned certification, the PHA shall continue to be bound by all obligations under the Agreement certification.

1.12 Initial Determination of Rents

- A. The estimated amount of initial rent to owner shall be established in Exhibit C of this Agreement certification.
- B. The initial amount of rent to owner is established at the beginning of the PHA-owned certification term.

- C. The estimated and initial rent to owner for each unit may in no event exceed the amount authorized in accordance with HUD regulations and requirements. Where the estimated initial rent to owner exceeds the amount authorized in accordance with HUD regulations, the independent entity shall establish a lower initial rent to owner, in accordance with HUD regulations and requirements.

1.13 Uniform Relocation Act

- A. A displaced person must be provided relocation assistance at the levels described in and in accordance with the requirements of the Uniform Relocation Assistance and Real Property Acquisition Policies Act of 1970 (URA) (42 U.S.C. 4201-4655) and implementing regulations at 49 CFR part 24.
- B. The cost of required relocation assistance may be paid with funds provided by the PHA, or with local public funds, or with funds available from other sources. Payment of relocation assistance must be paid in accordance with HUD requirements.
- C. The acquisition of real property for a project to be assisted under the program is subject to the URA and 49 CFR part 24, subpart B.
- D. The PHA must comply with the URA and 49 CFR part 24.
- E. In computing a replacement housing payment to a residential tenant displaced as a direct result of privately undertaken rehabilitation or demolition of the real property, the term “initiation of negotiations” means the execution of the Agreement certification by the PHA.

1.14 Protection of In-Place Families

- A. In order to minimize displacement of in-place families, if an in-place family is determined to be eligible prior to placement of the family’s unit on the PHA-owned certification, the in-place family must be placed on the PBV waiting list (if the family is not already on the list) and given an absolute selection preference. If the PHA’s waiting list for PBV assistance is not a project-specific waiting list, the PHA must select the family for an appropriate-size PBV unit in the specific project.
- B. This protection does not apply to families that are not determined to be eligible to participate in the program prior to placement of the family’s unit on the PHA-owned certification.

- C. The term “in-place family” means a family residing in a proposed covered unit on the proposal or project selection date.
- D. Assistance to in-place families may only be provided in accordance with the program regulations and other HUD requirements.

1.15 Termination of Agreement Certification and PHA-owned Certification

- A. The Agreement certification and PHA-owned certification (if applicable) may be terminated upon at least 30 days notice to the PHA by HUD if HUD determines that the PHA-owned units were not eligible for selection in conformity with HUD requirements.
- B. Additionally, the Agreement certification and PHA-owned certification (if applicable) may be terminated by the PHA if the PHA determines that the PHA-owned units were not eligible for selection in conformity with HUD requirements.

1.16 Rights of HUD if PHA Defaults Under Agreement Certification

If HUD determines that the PHA has failed to comply with this Agreement certification or has failed to take appropriate action to HUD’s satisfaction or as directed by HUD, for enforcement of the PHA’s rights as administrator of the covered units under this Agreement certification, HUD may assume the PHA’s rights and obligations as administrator of the covered units under this Agreement certification, and may perform the obligations and enforce the rights of the PHA under this Agreement certification.

1.17 PHA Default and Remedies for this Default

A. PHA Default

Any of the following is a default by the PHA under the Agreement certification:

1. The PHA has failed to comply with any obligation under the Agreement certification.

4. The PHA has committed fraud, bribery, or any other corrupt or criminal act in connection with any Federal housing assistance program.
5. If the property where the covered units are located is subject to a lien or security interest securing a HUD loan or mortgage insured by HUD and:

 - b. The PHA has committed fraud, bribery, or any other corrupt or criminal act in connection with the HUD loan or HUD-insured mortgage.
6. The PHA has engaged in any drug-related criminal activity or any violent criminal activity.

B. PHA Remedies

1. If the PHA or HUD determines that the PHA has breached the Agreement certification, the PHA may exercise any of its rights or remedies under the Agreement certification, including but not limited to terminating the Agreement certification. Upon a request by HUD, the PHA must report to HUD violation of any provision of the Agreement certification and the actions taken in response to those violations. HUD may require that the PHA take additional specified actions, and HUD reserves the right to take direct enforcement action against the PHA.
2. The PHA's rights and remedies under the Agreement certification include but are not limited to: (i) terminating the Agreement certification; and (ii) declining to execute the PHA-owned certification for some or all of the units.

1.18 PHA Relation to Third Parties

- A. Selection and Performance of Contractor: The PHA must select a competent contractor to undertake rehabilitation or construction. The PHA agrees to require from each prospective contractor a certification that neither the contractor nor its principals are presently debarred, suspended, proposed for debarment, declared ineligible, or voluntarily excluded from participation in contract by the Comptroller General or any federal Department or agency. The PHA agrees not to award contracts to, otherwise engage in the service of, or fund any contractor that does not provide such certification.
- B. Injury Resulting from Work under the Agreement: The PHA has not assumed any responsibility for or liability to any person, including a worker or a resident of the unit undergoing work pursuant to this Agreement, injured as a result of the work or as a result of any other action or failure to act by the owner, or any contractor, subcontractor or supplier.
- C. Legal Relationship: This Agreement does not create or affect any relationship between the PHA and any lender or any suppliers, employees, contractor or subcontractors in the implementation of the Agreement.
- D. Exclusion of Third Party Claims: Nothing in this Agreement certification shall be construed as creating any right of any third party (other than HUD) to enforce any provision of this Agreement certification or the PHA-owned certification, or to assert any claim against HUD or the PHA under the Agreement certification or the PHA-owned certification.
- E. Exclusion of Claims against HUD: Nothing in this Agreement certification shall be construed as creating any right of the PHA to assert any claim against HUD.

- a. If HUD determines that the PHA has capacity to administer PBVs at the project, the Agreement certification ends at transfer, and the Agreement and/or PBV HAP contract (as applicable) with the new owner must be effective immediately upon transfer.
- b. If HUD determines the PHA does not have capacity, the Agreement certification shall automatically terminate.

C. Prohibition on transfer of Agreement certification

The PHA is prohibited from transferring the Agreement certification.

D. Prohibition on transfer to certain parties
