Agency Information Collection Activities; Proposed Collection; Comment Request; Extension: Rule 104

Upon Written Request, Copies Available From: Securities and Exchange Commission, Office of FOIA Services, 100 F Street NE, Washington, DC 20549-2736

Notice is hereby given that, pursuant to the Paperwork Reduction Act of 1995 (44 U.S.C. § 3501 *et seq.*), the Securities and Exchange Commission (SEC or “Commission”) is soliciting comments on the proposed collection of information in Rule 104 of Regulation M (17 CFR 242.104), under the Securities

Exchange Act of 1934 (15 U.S.C. 78a *et seq.*).

Rule 104—Stabilizing and Other Activities in Connection with an Offering—permits stabilizing by a distribution participant during a distribution so long as the distribution participant discloses information to the market and investors. This rule requires disclosure in offering materials of the potential stabilizing transactions and that the distribution participant inform the market when a stabilizing bid is made. It also requires the distribution participants (*i.e.*, the syndicate manager) to maintain information regarding syndicate covering transactions and penalty bids and disclose such information to the Self-Regulatory Organization (SRO).

There are approximately 634 respondents per year that require an aggregate total of approximately 127 hours per year to comply with this rule. Each respondent makes an estimated 1 annual response. Each response takes approximately 0.20 hours (12 minutes) to complete. Thus, the total hour burden per year is approximately 127 hours. The total estimated internal labor cost of compliance for the respondents is approximately \$20,828 per year, resulting in an estimated internal cost of compliance for each respondent per response of approximately \$32.85 (*i.e.*, \$20,828/634 respondents).

An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid OMB Control Number.

Written comments are invited on: (a) whether this proposed collection of information is necessary for the proper performance of the functions of the SEC, including whether the information will have practical utility; (b) the accuracy of the SEC’s estimate of the burden imposed by the proposed collection of information, including the validity of the methodology and the assumptions used; (c) ways to enhance the quality, utility, and clarity of the information to be collected; and (d) ways to minimize the burden of the collection of information on respondents, including through the use of automated, electronic collection techniques or other forms of information technology.

Please direct your written comments on this 60-Day Collection Notice to Austin Gerig, Director/Chief Data Officer, Securities and Exchange Commission, c/o Tanya Rutenberg via email to PaperworkReductionAct@sec.gov by May 4, 2026. There will be a second opportunity to comment on this SEC request following the **Federal**

Register publishing a 30-Day Submission Notice.

Dated: February 26, 2026.
