Dear [ERP 2022 participant]

As a condition of receiving an Emergency Relief Program (ERP) 2022 payment, producers were required to purchase one of the following for the next two available crop years:

- Crop insurance at a coverage level equal to or greater than 60 percent for insurable crops, or
- Noninsured Crop Disaster Assistance Program (NAP) coverage at the catastrophic coverage level or higher for NAP-eligible crops.

We have conducted a review based on available data on file with the Risk Management Agency and Farm Service Agency, and we have determined that you purchased coverage at a level that met this requirement.

No further action is required.

Sincerely,

Farm Service Agency
