## General Comment

Subject: ERP 2022 Request for Reconsideration and Return of Payment

I am submitting this written request regarding my Emergency Relief Program (ERP) 2022 payment. After receiving the payment, I was informed that alfalfa acres included in the ERP calculation were required to be insured to be eligible. At no point prior to or during the ERP 2022 application process was I notified that these acres were required to be insured, nor was I advised that acceptance of payment would later result in ineligibility.

I reported my acres accurately and in good faith, relying on the approval of my ERP application as confirmation of eligibility.

My payment of \$4852.16 was collected on November 6, 2024.

I respectfully request that FSA process this as an administrative correction and return my funds.
