

2026 National Survey of Children's Health
Traditional Production Letters

Your address has been selected to participate in the **National Survey of Children's Health**. This survey collects information that is used to improve the health of children and families throughout the United States. The U.S. Census Bureau conducts this survey on behalf of the U.S. Department of Health and Human Services. **The success of this survey depends on your participation.** The results will help your state better understand and respond to the health care needs of children and families. Even if there are no children age 0 to 17 in your household, we still need to hear from you.

Responding to this survey is easy:

1. Go to: <https://centurion.census.gov/nsch>

2. Enter your Login ID:

If you are unable to complete the survey online: Complete the enclosed paper questionnaire and return it in the postage-paid envelope provided.

Your household was randomly selected as part of this voluntary survey. We cannot replace your household with another one. The survey takes less than 5 minutes if there are no children in your household, and, on average, 40 minutes for households with children. If you need assistance with the survey or have questions, please call 1-800-845-8241 or email us at childrenshealth@census.gov.

The Census Bureau is required by law to protect your information. We are not permitted to publicly release your responses in a way that could identify your household. The Census Bureau is conducting this survey under the authority of Title 13, United States Code (U.S.C.), Section 8(b) (13 U.S.C. § 8(b)) and Section 501(a)(2) of the Social Security Act (42 U.S.C. § 701). Federal law protects your privacy and keeps your answers confidential under Title 13, U.S.C., Section 9 (13 U.S.C. § 9). Per the Federal Cybersecurity Enhancement Act of 2015, your data are protected from cybersecurity risks through screening of the systems that transmit your data.

This survey has been approved by the Office of Management and Budget (OMB). The eight-digit OMB approval number 0607-0990 appears in the bottom left corner of the survey web page and in the upper left corner on the back cover of the paper questionnaire. If this number were not displayed, we could not conduct this survey.

Thank you for your help.

Sincerely,

A handwritten signature in black ink that reads "George M. Cook".

Dear Parent or Adult Caregiver:

A few weeks ago, you responded to the **National Survey of Children's Health**. Thank you for completing the first part of the survey. We greatly appreciate your participation.

The second and **final step** of this survey is to answer some additional questions about:

This voluntary survey should be filled out by an adult who is familiar with this child's health and health care. For most households, it usually takes, on average, minutes to complete. Please return your completed questionnaire in the postage-paid envelope provided.

The success of this survey depends on your participation. The results will help our nation better understand and respond to the health care needs of children and families in your state and across the country.

The U.S. Census Bureau is required by law to protect your information. We are not permitted to publicly release your responses in a way that could identify your household. The Census Bureau is conducting this survey under the authority of Title 13, United States Code (U.S.C.), Section 8(b) (13 U.S.C. § 8(b)) and Section 501(a)(2) of the Social Security Act (42 U.S.C. § 701). Federal law protects your privacy and keeps your answers confidential under Title 13, U.S.C., Section 9 (13 U.S.C. § 9). Per the Federal Cybersecurity Enhancement Act of 2015, your data are protected from cybersecurity risks through screening of the systems that transmit your data.

This survey has been approved by the Office of Management and Budget (OMB). The eight-digit OMB approval number 0607-0990 appears in the upper left corner on the back cover of the paper questionnaire. If this number were not displayed, we could not conduct this survey. Dear Parent or Adult Caregiver:

We recently contacted you to ask for your participation in the final step of the **National Survey of Children's Health**. The second and final step is to answer some additional questions about:

To the best of our knowledge, we have not yet received your response. If you have already responded, please accept our thanks. If you have not, we encourage you to complete and return the enclosed paper questionnaire today. **Your response is important to the success of this survey.** For most households, it usually takes, on average, minutes to complete the survey.

Please contact us at 1-800-845-8241 or childrenshealth@census.gov if you have any questions or need any assistance completing this survey.

The information collected in this survey will help your state better understand and respond to the health care needs of children and families. We ask for your response because this survey is the only way we have to gather this important information. Your household was randomly selected from all of the households in the country and will represent thousands of other households.

We want to assure you that your responses to this questionnaire are confidential as explained on the front page of the survey. The U.S. Census Bureau and the U.S. Department of Health and Human Services are required by law to protect the confidentiality of your responses.

Thank you in advance for your participation. We hope to hear from you soon.

Sincerely,

Dear Parent or Adult Caregiver:

Over the past few months, we have contacted you to ask you to complete the second and final part of the **National Survey of Children's Health**. We conduct this important survey for the U.S. Department of Health and Human Services.

The survey provides important information about the health status and needs of children across the nation and in your state. **This information gives insights into how the youngest members of our society are doing and what they need to thrive.**

We know there are competing demands for your time. We ask for your response because this survey is the only way we have to gather this important information. Your household was randomly selected from all of the households in the country and will represent thousands of other households.

To the best of our knowledge, we have not yet received your response. If you have completed the survey prior to receiving this letter, please accept our thanks. If you have not yet responded, please complete and return the enclosed paper questionnaire as soon as possible.

Contact us at 1-800-845-8241 or childrenshealth@census.gov if you have any questions or need any assistance completing this survey.

Thank you in advance for your continued participation in this important survey.

Sincerely,

Dear Parent or Adult Caregiver:

In recent months we have contacted you regarding the second and final part of the **National Survey of Children's Health**.

If you have responded to our request to participate in the final part of the survey, we thank you. By participating, you ensure that we gather accurate and complete information.

If you have not responded, please complete and return the enclosed survey as soon as possible. The survey is ending soon. This is your last opportunity to help us collect information that is critical to understanding children's health care needs, in your state and across the country.

Thousands of families have already returned their surveys. We understand that your time is valuable. For most households, the survey takes, on average, minutes to complete. Respond today to ensure that the survey results reflect households like yours.

If you have questions or need assistance, please contact us at 1-800-845-8241 or childrenshealth@census.gov.

We greatly appreciate your help.

Sincerely,
