- (b) **Fishing record forms –**
 - (1) **Applicability –**
 - (i) **Paper records.** The operator of a fishing vessel subject to the requirements of § 665.124, § 665.142, § 665.162, § 665.203(a)(2), § 665.224, § 665.242, § 665.262, § 665.404, § 665.424, § 665.442, § 665.462, § 665.603, § 665.624, § 665.642, § 665.662, § 665.801, § 665.905, § 665.935, or § 665.965 must maintain on board the vessel an accurate and complete record of catch, effort, and other data on paper report forms provided by the Regional Administrator, or electronically as specified and approved by the Regional Administrator, except as required in paragraph (b)(1)(ii) of this section or as allowed in paragraph (b)(1)(iv) of this section.
 - (ii) **Electronic records.**
 - (A) The operator of a fishing vessel subject to the requirements of § 665.801(b) or a large vessel subject to the requirements of § 665.801(c) must maintain on board the vessel an accurate and complete record of catch, effort, and other data electronically using a NMFS-certified electronic logbook, and must record and transmit electronically all information specified by the Regional Administrator within 24 hours after the completion of each fishing day.
 - (B) After the Regional Administrator has notified a permit holder subject to this section of the requirement to submit records electronically, and after the vessel has acquired the necessary NMFS-certified equipment, the vessel and any vessel operator must use the electronic logbook. A vessel operator must obtain an individually assigned user account from NMFS for use with the electronic logbook.
 - (C) Permit holders and vessel operators shall not be assessed any fee or other charges to obtain and use an electronic logbook that is owned and provided by NMFS. If a permit holder or vessel operator subject to this section does not use a NMFS-owned electronic logbook, the permit holder and operator must provide and maintain an alternative NMFS-certified electronic logbook.

(D) If a vessel operator is unable to maintain or transmit electronic records because NMFS has not provided an electronic logbook, or if NMFS or a vessel operator identifies that the electronic logbook has experienced equipment (hardware or software) or transmission failure, the operator must maintain on board the vessel an accurate and complete record of catch, effort, and other data electronically or on paper report forms provided by the Regional Administrator.

(iii) **Recording.** The vessel operator must record on paper or electronically all information specified by the Regional Administrator within 24 hours after the completion of each fishing day. The information recorded must be signed and dated, or otherwise authenticated, in the manner determined by the Regional Administrator, and be submitted or transmitted via an approved method as specified by the Regional Administrator, and as required by this section.

If participating in a state reporting system, all required information must be recorded and submitted in the exact manner required by applicable state law or regulation.
