

## PACIFIC ISLANDS PELAGIC FISHERIES LONGLINE FISHING LOGBOOK

NAME OF VESSEL \_\_\_\_\_

PERMIT NUMBER \_\_\_\_\_

TO

### Privacy Act Statement

**Authority:** The collection of this information is authorized under the Magnuson-Stevens Fishery Conservation and Management Act, 16 U.S.C 1801 et seq.

**Purpose:** The Magnuson-Stevens Act requires that conservation and management measures must prevent over fishing while achieving, on a continuing basis, the optimum yield from each fishery. Vessel logbooks are essential tools in the management of fishery resources. Section 303(a)(5) of the Magnuson-Stevens Act specifically identifies the kinds of data to be collected for fishery management plans (FMPs).

**Routine Uses:** The Department will use this information for effective fishery management. Disclosure of this information is permitted under the Privacy Act of 1974 (5 U.S.C. Section 552a), to be shared within NMFS offices, in order to coordinate monitoring and management of sustainability of fisheries and protected resources, as well as with the applicable State or Regional Marine Fisheries Commissions and International Organizations. Disclosure of this information is also subject to all of the published routine uses as identified in the COMMERCE/NOAA-6, Fishermen's Statistical Data.

**Disclosure:** Submission is mandatory for those persons falling under the requirements of 50 CFR 665.14. If the information is not provided, permit status may be affected.

### Paperwork Reduction Act Information

**Public reporting burden for this collection is an estimated 35 minutes, including the time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information. Send comments regarding this burden estimate or any other aspect of this collection of information, including suggestions for reducing this burden, to NOAA Inouye Regional Center, Attn: NMFS/PIFSC/Fisheries Monitoring (Logbooks), 1845 Wasp Boulevard Building 176, Honolulu, Hawaii 96818.**

This information is being collected to ensure accurate and timely records about the fishing activity of persons licensed to participate in fisheries under Federal regulations in the Pacific Islands Region. This will enable the National Marine Fisheries Service and the Western Pacific Fishery Management Council to (a) determine how those persons would be affected by changes in management; (b) ensure that they are informed about prospective changes in fishery regulations and the analysis of estimated impacts; and (c) determine whether the objectives of the fishery program are being achieved by monitoring the fishery and evaluating the impacts on stocks and the fishery participants and related businesses. Responses to the collection are required to obtain the benefit of a license for the fishery involved (ref. 50 CFR 665.13 and 665.14). Data provided concerning the activities and business of the respondents are handled as confidential under the Magnuson-Stevens Fishery Conservation and Management Act (Sec. 402(b)). Notwithstanding any other provision of the law, no person is required to respond to, nor shall any person be subject to a penalty for failure to comply with a collection of information subject to the requirements of the Paperwork Reduction Act, unless that collection of information displays a currently valid OMB Control Number.

### Vessel Reporting Requirements

The operator of any fishing vessel operating under a Federal Pacific Islands Region longline permit must maintain onboard the vessel an accurate and complete record of catch, effort, and other data on report forms provided by NMFS, and must record the information on the forms within 24 hours after the completion of each fishing day. Each form must be signed and dated by the fishing vessel operator. The original logbook form must be submitted to the National Marine Fisheries Service within 72 hours of each landing of management unit species. (ref. 50 CFR 665.14)

**Mail completed logs to:  
NOAA Inouye Regional Center  
Attn: NMFS/PIFSC/Fisheries Monitoring (Logbooks)  
1845 Wasp Boulevard, Building 176  
Honolulu, Hawaii 96818**

**For additional logbooks call: (808) 725-5604**

## **INSTRUCTIONS FOR PACIFIC ISLANDS LONGLINE FISHING LOGBOOK**

**ATTENTION:** *Each individual set requires a separate logsheet to be filled out.*

- VESSEL:** Enter name of vessel.
- PERMIT NO.:** Enter Federal longline fishing permit number (vessel's Official No.)
- DATE OF DEPARTURE FROM PORT:** Enter date vessel left port.
- PORT:** Enter port of departure.
- DATE OF RETURN TO PORT:** Enter date vessel returned to port.
- PORT:** Enter port of return.
- SIDE SET:** Check (✓) if gear is set from side of vessel.
- OBSERVER ON BOARD:** Check (✓) if observer on board.
- DATE OF SET:** Enter date (month/day/year) when the longline set began.
- TARGET SPECIES:** Check (✓) which primary species the vessel captain was targeting with the set.
- NO. of HOOKS SET:** Enter total number of hooks set along the entire longline.
- LENGTH OF MAINLINE SET:** Enter length of the mainline set in nautical miles.
- BAIT TYPE:** Enter type of bait used.
- NO. HOOKS/FLOAT:** Enter the minimum and maximum number of hooks used between two floats.
- NO. LIGHT STICKS:** Enter total number of light sticks used along the longline in the set.
- BEGIN SET - Time:** Enter time (using 24 hour clock - Local Time) when setting operation began.
- Position:** Enter latitude and longitude at the beginning of the longline set. Use degree ° and minute ' ; circle N for north and S for south latitude; W for west and E for east longitude, as appropriate.
- END SET - Time:** Enter time (using 24 hour clock - Local Time) when setting of the longline gear was completed.
- Position:** Enter latitude and longitude at the end of the setting operation. Use degree ° and minute ' ; circle N for north and S for south latitude; W for west and E for east longitude, as appropriate.
- DATE OF HAUL:** Enter date (month/day/year) when vessel began to haul in the longline gear.
- BEGIN HAUL - Time:** Enter time (using 24 hour clock - Local Time) when hauling of the longline gear began.
- Position:** Enter latitude and longitude at the beginning of the hauling operation. Use degree ° and minute ' ; circle N for north and S for south latitude; W for west and E for east longitude, as appropriate.
- END HAUL - Time:** Enter time (using 24 hour clock - Local Time) when all longline gear was back on board the vessel.
- Position:** Enter latitude and longitude at the end of the longline gear hauling operation. Use degree ° and minute ' ; circle N for north and S for south latitude; W for west and E for east longitude, as appropriate.
- NUMBER OF HOOKS LOST:** Enter number of hooks lost upon retrieval.
- PELAGIC SPECIES:** Enter the numbers Kept and Released (not kept) for each pelagic species. Note: No tally column is provided in this logsheet. Please enter only the numbers of fish Kept or Released (not kept).
- PROTECTED SPECIES:** Enter the numbers of protected species released uninjured, injured, or dead.  
**Note:** Some species, including the Indo West Pacific Scalloped Hammerhead shark, are listed under the Endangered Species Act (ESA) as distinct population segments that are similar in appearance to other sub-populations that are not ESA-listed. NMFS regulations at 50 CFR 665.14 require that you report all catch and effort. If you are unsure of the species identification, you should record your best judgment and explain any uncertainty in remarks on the back of the form.
- VESSEL CAPTAIN/ OPERATOR:** Print name and enter signature of the captain/operator.
- CML:** Enter Hawaii Commercial Marine License number. If you do not have a valid CML, enter the boat's Hawaii Commercial Marine Vessel License (CMVL).
- DATE:** Enter date (month/day/year) when the logsheet was completed and signed by the vessel captain/operator.

VESSEL CAPTAIN/OPERATOR: Print name: \_\_\_\_\_

CML: \_\_\_\_\_ Signature: \_\_\_\_\_ Date: \_\_\_\_\_

PACIFIC ISLANDS PELAGIC MANAGEMENT UNIT SPECIES – PACIFIC WIDE

(1) Blue marlin (Kajiki)

(2) Striped marlin (Nairagi)

(3) Black marlin (Hida)

(4) Sailfish

(5) Short-nosed spearfish (Hebi)

(6) Swordfish (Shutome)

(11) Mahimahi

(12) Moonfish (Opah)

(13) Wahoo (Ono)

(20) Oilfish (Walu)

Dark brown coloration.

(21) Pomfret (Monchong)

(15) Albacore (Tonbo)

(16) Bigeye tuna

Small bigeye tuna

Bars spaced unevenly with no angles. Fewer bars than in yellowfin.

(17) Yellowfin tuna

Small yellowfin tuna

Bars spaced evenly and angled. Alternate bars are dotted.

(19) Northern bluefin tuna

Belly marked by faint traverse rows of lines and dots.

(22) Skipjack tuna (Aku)

Belly with 4-6 bands; 10-30 lbs.

(7) Blue shark

(8) Mako shark

(9) Thresher shark

PACIFIC ISLANDS PROTECTED SPECIES

**DOLPHINS**

(70) Bottle-nose dolphin

Round-shaped body when compared with other similarly shaped dolphins.

(71) Spinner dolphin

(76) Rough-toothed dolphin

“Steno”; no distinct break between the forehead and beak.

(68) Risso’s dolphin

Distinct melon-shaped forehead; no beak; mature animals often scarred over much of their backs.

**WHALES**

(67) Pilot whale

Large black dolphin; rounded bulbous head (“pot head”).

(52) False killer whale

Large black dolphin; head is bullet-shaped.

(66) Humpback whale

Long flippers (about 1/3 of body length).

**SHARKS**

(77) Scalloped Hammerhead Shark

**TURTLES**

(54) Leatherback (softshell)

Black leathery shell with distinct ridges along the back; often has white spots on flippers and underside; largest sea turtle (4-6 ft).

(53) Green turtle

Dark brown to olive with lighter stripes and spots; head small in comparison to body size; blunt beak; only sea turtle with serrated jaw.

(60) Loggerhead turtle

Reddish-brown shell and flippers; head large in relation to body.

(59) Olive ridley turtle

Slate gray to olive brown; width of shell usually equal to or greater than length.

(64) Hawksbill turtle

Elongated shell often with overlapping scales; usually dark brown with yellow streaks and spots (“tortoise-shell”); head relatively small with long neck; long and narrow hawk-like beak.

(51) Monk seal

Light brown to silver gray in coloration; 3 - 8 ft in length; 150 - 600 lbs.
