Announcements

12/17/2025 - Updated Section Data Tracker

The Section Data Tracker located in the Resources folder (*Section Data Tracker (TPP 2023) rev 12162025 with Upload Tab.xls*) has been revised to add new features:

A new **Upload Template** tab structures the data so it can be pasted directly in the Section Data Upload Template. The Summary tabs more closely match the 4 data entry screens for Section Data.

- Youth Participants
- Caregivers and Professionals
- Dosage
- Fidelity and Quality

Data entry for Observations and Attendance in this tracker has not changed.

To use the Upload Template tab, the new Section Info tab must be completed with grantee, organization, and section identifiers.

The Section Info tab is also now where you will enter Sessions Planned and Sessions Completed.

The Directions tab has been updated to reflect these changes.

9/18/2025 - New Tip Sheets Available to Support Section Data Entry

We have created some new tip sheets to assist with your entry of section data:

- Choosing Your Section Data Entry Method
- Data Validation Errors When Importing Section Data
- Using Your Data

These can be accessed at: Resources > Tipsheets (TPP 2023)

For technical support, please contact the OAHPM Support at support@oahpmdata.net or 1-800-570-0837 ext 825.

Sustainability Fidelity and Training Engagement Dissemination

Indicate the number of partners involved in implementing the grant-funded project during the reporting period. Partners are external organizations/agencies with whom the grantee has a written agreement (such as signed MOU, contract, or Letter of Commitment) or who are integral to the implementation, monitoring, and evaluation of the grant-funded project. Examples of partners may include program/intervention implementers (such as those organizations that provide sites, staffing, or both for TPP programming), partners who provide the supportive services to Tier 1 program participants, organizations that recruit TPP program participants, and/or organizations that provide ongoing strategic support to the project.

Total Number of Partners (unduplicated, report as of the end of the 6-month reporting period)

How many partners have firm plans in place to continue the project activities (program implementation, training, research, etc.) after the end of OPA grant funding?

How much funding have you secured to continue project activities beyond the end of the project period?

How many different sources of funding do you have in place to support the grant project beyond the end of the project period?
