Abstract

The U.S. Nuclear Regulatory Commission's (NRC) Form 646, "Formal Discrimination Complaint" is used to collect or document required information for processing Equal Employment Opportunity (EEO) complaints filed against the NRC by an employee, former employee, or applicant for employment with the NRC, who believe that they have been subjected to discrimination based on race, color, religion, sex, national origin, age (40 or older), disability, or genetic information. Once received by the NRC, an authorized NRC representative will place the completed NRC Form 646 in a secure folder created specifically for the aggrieved individual within an automated tracking system. The information will be maintained under a government-wide system of records designated as Equal Employment Opportunity Commission (EEOC).

A. JUSTIFICATION

1. Need For the Collection of Information

On behalf of the NRC, the Office of Small Business and Civil Rights (SBCR) Civil Rights Program (CR) administers and ensures agency compliance that prohibit discrimination in the workplace in accordance with the following Federal civil rights laws, regulations, policies, and guidance:

- Title VII of the Civil Rights Act of 1964, as amended
- Age Discrimination in Employment Act of 1967
- Section 501 of the Rehabilitation Act of 1973
- Equal Pay Act of 1963
- Genetic Nondiscrimination Act of 2008.
- Notification and Federal Employee Antidiscrimination and Retaliation Act of 2002
- Elijah E. Cummings Federal Employees Antidiscrimination Act of 2020
- EEOC's Title 29 of the *Code of Federal Regulations* (29 CFR) Part 1614, "Federal Sector Equal Employment Opportunity"¹
- EEOC's Management Directive 110 (MD 110), *Complaint Processing*²

² MD 110: <https://www.eeoc.gov/federal-sector/management-directive/management-directive-110>

- EEOC's Management Directive 715 (MD 715), *Affirmative Action Programs*³

The information is needed to ensure agency compliance with these laws, regulations, policies, and guidance.

2. Agency Use and Practical Utility of Information

NRC Form 646 serves as the required written request to further pursue unresolved claim(s) of unlawful discrimination through the formal complaint procedure in accordance with 29 CFR 1614.106 and MD 110. The information collected enables the agency to properly identify the claim(s) raised by the complainant and determine if such claim(s) can legally be accepted for investigation or dismissed in accordance with 29 CFR 1614.106 and 29 CFR 1614.107.

3. Reduction of Burden Through Information Technology

There are no legal obstacles to reducing the burden associated with this information collection. The NRC encourages respondents to use information technology when it would be beneficial to them. Respondents are able to submit the requested information using fillable forms. The form is currently placed on a secure drive and uploaded into the Entellitrak (ETK EEO) case management system, which is the secure automated tracking system that provides a complaint number for the file and is used to create mandated agency reports. ETK EEO maintains individual data records for all individuals who engage SBCR to file informal and formal EEO complaints. SBCR uses ETK EEO to collect, track, and monitor EEO complaints in order to comply with EEOC data reporting requirements as set forth in the Code of *Federal Regulations* governing Federal Sector EEO complaint processing (29 CFR Part 1614) and The Notification and Federal Employee Antidiscrimination and Retaliation Act of 2002 (No FEAR Act). It is estimated that 100 percent of the potential responses are filed electronically via e-mail.

4. Effort to Identify Duplication and Use Similar Information

No sources of similar information are available. There is no duplication of requirements.

5. Effort to Reduce Small Business Burden

Not applicable. Information is collected from individuals rather than businesses, therefore no reduction on small business entities is possible.

6. Consequences to Federal Program or Policy Activities if the Collection Is Not Conducted or Is Conducted Less Frequently

Without the form, aggrieved individuals may not meet the necessary criteria to properly file a formal complaint through the NRC and are subject to dismissal in accordance with 29 CFR 1614.107. The form is completed only once per complaint; therefore, reporting frequency cannot be reduced.

7. Circumstances Which Justify Variation from Office of Management and Budget (OMB) Guidelines

In accordance with 29 CFR 1614.106(b), the NRC must receive the completed NRC Form 646 within 15 calendar days of receipt of the "Notice of Right to File" as required by 29 CFR 1614.105(d), (e) or (f).

8. Consultations Outside the NRC

One comment was received during this comment period from an anonymous commenter who expressed support collecting this information and no response was necessary. A public consultation was conducted with 4 individuals familiar with this collection, but no comments were received.
