

substance of the rule changes set forth in SR–ISE–2026–04. Rather, this filing solely proposes to extend the implementation date to allow for additional preparation time.

The Exchange will announce the implementation date of the rule changes set forth in SR–ISE–2026–04 via an Options Trader Alert prior to implementation.

## 2. Statutory Basis

The Exchange believes that its proposal is consistent with Section 6(b) of the Act,<sup>5</sup> in general, and furthers the objectives of Section 6(b)(5) of the Act,<sup>6</sup> in particular, in that it is designed to promote just and equitable principles of trade, to remove impediments to and perfect the mechanism of a free and open market and a national market system.

The Exchange believes that the proposed rule change promotes just and equitable principles of trade because delaying the implementation date will provide the Exchange and its Members with additional time to prepare for the changes set forth in SR–ISE–2026–04. This additional time will help ensure that the implementation is conducted in an orderly manner, which will benefit all market participants.

The Exchange further believes that the proposed rule change removes impediments to and perfects the mechanism of a free and open market because providing additional time for implementation will reduce the risk of operational issues that could arise from a rushed implementation. The Exchange believes that a well-prepared and orderly implementation serves the interests of investors and the public.

Finally, the Exchange believes that the proposed rule change protects investors and the public interest because it will allow the Exchange to ensure that all necessary preparations are completed before implementation, thereby reducing the potential for disruption to the marketplace.

### *B. Self-Regulatory Organization's Statement on Burden on Competition*

The Exchange does not believe that the proposed rule change will impose any burden on competition not necessary or appropriate in furtherance of the purposes of the Act. The proposed rule change is not designed to address any competitive issues but rather to delay the implementation date of SR–ISE–2026–04 to allow for additional preparation time. The

proposed delay will apply equally to all Members and market participants.

### *C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received From Members, Participants, or Others*

No written comments were either solicited or received.

## III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

Because the foregoing proposed rule change does not: (i) significantly affect the protection of investors or the public interest; (ii) impose any significant burden on competition; and (iii) become operative for 30 days from the date on which it was filed, or such shorter time as the Commission may designate, it has become effective pursuant to Section 19(b)(3)(A)(iii) of the Act<sup>7</sup> and subparagraph (f)(6) of Rule 19b–4 thereunder.<sup>8</sup>

At any time within 60 days of the filing of the proposed rule change, the Commission summarily may temporarily suspend such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act. If the Commission takes such action, the Commission shall institute proceedings to determine whether the proposed rule should be approved or disapproved.

## IV. Solicitation of Comments

Interested persons are invited to submit written data, views and arguments concerning the foregoing, including whether the proposed rule change is consistent with the Act. Comments may be submitted by any of the following methods:

The Exchange has satisfied this requirement.

### Agency Information Collection Activities; Submission for OMB Review; Comment Request; Extension: Form 144—Notice of Proposed Sale of Securities Pursuant to Rule 144 Under the Securities Act of 1933

*Upon Written Request, Copies Available From:* Securities and Exchange Commission, Office of FOIA Services, 100 F Street NE, Washington, DC 20549–2736.

Notice is hereby given that, pursuant to the Paperwork Reduction Act of 1995 (44 U.S.C. 3501 *et seq.*), the Securities and Exchange Commission (“Commission”) has submitted to the Office of Management and Budget this request for extension of the previously approved collections of information discussed below.

Form 144 (17 CFR 239.144) is used to report the sale of securities during any three-month period that exceeds 5,000 shares or other units and has an aggregate sales price that does not exceed \$50,000. Form 144 operates in conjunction with Rule 144 (17 CFR 230.144). Rule 144 is designed to prohibit the creation of public markets

in securities of issuers concerning which adequate current information is not available to the public. At the same time, where adequate current information concerning the issuer is available to the public, the rule permits the public sale in ordinary trading transactions of limited amounts of securities owned by persons controlling, controlled by, or under common control with, the issuer and by persons who have acquired restricted securities of the issuer. The information required by Form 144 is mandatory, and Form 144 must be filed with the Commission and is publicly available. We estimate that Form 144 takes approximately one hour per response and is filed approximately 2.8 times per year by approximately 11,500 respondents, for a total of approximately 32,276 responses annually. We estimate that 100% of the burden is carried internally by the respondent for total annual reporting burden of 32,276 hours (one hour per response × 32,276 responses).

An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid OMB Control Number.

### Agency Information Collection Activities; Submission for OMB Review; Comment Request; Extension: Form 3—Initial Statement of Beneficial Ownership of Securities

*Upon Written Request, Copies Available From:* Securities and Exchange Commission, Office of FOIA Services, 100 F Street NE, Washington, DC 20549–2736.

Notice is hereby given that, pursuant to the Paperwork Reduction Act of 1995 (44 U.S.C. 3501 *et seq.*), the Securities and Exchange Commission (“Commission”) has submitted to the Office of Management and Budget this

request for extension of the previously approved collection of information discussed below. The Commission also is requesting approval from OMB to designate this existing collection of information (OMB Control No. 3235–0104) as a “common form” for purposes of PRA submissions<sup>1</sup> because the Board of Governors of the Federal Reserve System uses this information collection (under OMB Control No. 7100–0091).

Congress enacted Section 16 of the Securities Exchange Act of 1934 (“Exchange Act”) to address insider trading. Pursuant to Section 16(a), every person who owns more than ten percent of any class of equity security (other than an exempted security) which is registered under Section 12 of the Exchange Act, or who is a director or an officer of the issuer of such security (collectively “reporting persons”) are required to file statements disclosing their ownership of the issuer’s equity securities. The Commission adopted Form 3 (17 CFR 249.103) pursuant to Section 16. Form 3 requires disclosure of certain information about a reporting person and their beneficial ownership of the relevant class of securities. The information required by Form 3 is mandatory, and Form 3 filings are publicly available on the Commission’s Electronic Data Gathering, Analysis, and Retrieval (“EDGAR”) system. We estimate that Form 3 takes approximately 0.5 hours per response and is filed once per year by approximately 15,371 respondents, for a total of approximately 15,371 responses annually.<sup>2</sup> We estimate that 100% of the

The Common Forms Module [in ROCIS] allows a ‘host’ agency to obtain [OMB] approval of an information collection for use by one or more ‘using’ agencies. After OMB grants approval, any prospective using agency that seeks to collect identical information for the same purpose can obtain approval to use the ‘common form’ by providing its agency-specific information to OMB (e.g., burden estimates and number of respondents) . . . . The host agency will indicate in the *Federal Register* notices that it is requesting approval of a common form and, if known, identify other agencies that may use the information collection. Both the *Federal Register* notices and the ICR should account only for the burden imposed by the host agency’s use of the common form. Once the host agency has received approval from OMB, any agency will be able to request OMB approval for its use of the common form in ROCIS by providing its agency specific information to OMB (e.g., burden estimates and number of respondents). Additional public notice by those agencies will not be required.”)
