

**Crosswalk for Changes to the Inpatient Rehabilitation Facility
Patient Assessment Instrument (IRF-PAI) Version 4.4
(CMS-10036; OMB No. 0938-0842)**

The Centers for Medicare & Medicaid Services (CMS) is requesting an extension to the approval of the Inpatient Rehabilitation Facility-Patient Assessment Instrument (IRF-PAI) Version 4.4 that will be effective on October 1, 2026. As noted in Table 1, there are no changes to the item set from the previously approved version 4.4.

In the FY 2027 IRF PPS proposed rule, we are proposing to change the data submission deadlines for data submitted for the purposes of the IRF QRP. If finalized as proposed, these updates would not add any additional collection burden for IRFs or modify the IRF-PAI Version 4.4.
