DCPS MORRIS CONSIDINE  
589 MORISSETTE FORD  
FREDERICA DE 19946

This is a very important letter from Social Security. Please read it carefully. If you cannot read English, please take this letter to someone who can read it to you right away, or contact Social Security for free help.

We are the office that makes disability decisions for the Social Security Administration.

We are writing to you because we need more medical information about your condition(s). We are asking you to attend a Speech and Language consultative examination so that we can obtain that information.

You have the option to attend a telehealth consultative examination. A telehealth consultative examination is conducted over the internet using video technology that would allow you and the provider to see and talk with each other. A telehealth consultative examination would allow you to attend the appointment from your home or other private location.

#### **What You Need to Attend**

If you attend a telehealth consultation examination, you will need to use a laptop, desktop computer, or tablet with diagonal screen display of at least 9.7 inches that has a camera, microphone, and reliable internet connection.

When attending a telehealth consultative examination, you must present a valid, unexpired government-issued photo identification (ID) over the video connection. You may present ID documents, such as a United States (U.S.) State-issued driver's license, U.S. State-issued ID card, U.S. passport, U.S. military ID, or U.S. tribal ID. If DCPS Morris Considine does not have a government-issued photo ID, you may present an original government-issued non-photo ID document, such as a birth certificate, or a nongovernment-issued photo ID, such as a student ID.

#### **What You Need to Know**

Before you decide whether you agree to attend a telehealth consultative examination, we want to make sure you know that the information technology used for your exam will not be owned by SSA. Also, while the providers who perform consultative examinations for us are required to use online services that meet certain privacy and security requirements, there are privacy or security risks that may be associated with use of online services.

If you agree to attend a telehealth consultative examination, we will tell you before the examination which video technology will be used for your examination. We will also provide instructions on how to access the technology. You may be asked to agree to third-party terms and privacy policies of the video technology provider. Neither this office nor SSA controls the terms of service or privacy policies of the third-party video technology providers.

#### **What You Need to Do Next**

Complete the enclosed form(s) to tell us **how you would like to proceed with the consultative exam by January 14, 2026**. Please use black or blue ink and return the form.

#### **How To Return The Form**

You may use the enclosed return envelope or fax your completed form to us at (800) 888-0002. Please note the return address may be to a scanning center who works with us. **The completed form must include the barcode page on top of the form.**

#### **If You Decide to Attend In Person**

If you do not want to attend a telehealth consultative examination, we will schedule a consultative examination in person. You can decide not to attend a telehealth examination at any time before the examination. If you agree to attend a telehealth consultative examination and then you change your mind, please call us at the number(s) shown below Monday-Friday between 7:00 am and 5:00 pm so that we can schedule an in-person examination. We will also include a telephone number in your appointment notice that you can use to contact us.

**If You Have Any Questions**

If you have any questions about the examination or completing this form, please call us at the number(s) shown below Monday - Friday between 7:00 am and 5:00 pm. When you call or leave a message, please provide the Case ID: 1477240, your name, and a call-back number.

Thank you for your help.

## **Privacy Act Statement Collection and Use of Personal Information**

Sections 221 and 1633 of the Social Security Act, as amended, allow us to collect this information, which we will use to schedule a consultative examination either in person or by telehealth, depending on whether you agree to a telehealth examination. Providing this information is voluntary; not providing all or part of the information may delay but will not negatively affect the determination we make on your claim for benefits. As law permits, we may use and share the information you submit, including with private medical and vocational consultants, other Federal agencies, contractors, and others, as outlined in the routine uses within System of Records Notice(s) 60-0044 and 60-0320, available at [www.ssa.gov/privacy](http://www.ssa.gov/privacy). The information you submit may also be used in computer matching programs to establish or verify eligibility for Federal benefit programs and to recoup debts under these programs.

## **Paperwork Reduction Act Statement**

This information collection meets the requirements of 44 U.S.C. § 3507, as amended by section 2 of the Paperwork Reduction Act of 1995. You do not need to answer these questions unless we display a valid Office of Management and Budget (OMB) control number. We estimate that it will take about 5 minutes to read the instructions, gather the facts, and answer the questions. ***Send only comments regarding this burden estimate or any other aspect of this collection, including suggestions for reducing this burden to: SSA, 6401 Security Blvd, Baltimore, MD 21235-6401.***
