FOR PAPERWORK REDUCTION ACT SUBMISSION**

Application to Participate in Federal Student Financial Aid Programs

To implement Workforce Pell, institutions will continue to use the Application for Approval to Participate in the Federal Student Financial Aid Programs. The only changes required to the Application are the addition of new fields and file uploads specific to Workforce Programs. As such, these changes do not increase the reporting burden for institutions that are not seeking to add or expand eligibility for these programs.

The specific revisions to the E-App appear in the following table. There have been no other changes to the collection since the last ICR approved by OMB on 03/31/2026.
