

Paperwork Burden Statement

According to the Paperwork Reduction Act of 1995, no persons are required to respond to a collection of information unless such collection displays a valid OMB control number. The valid OMB control number for this information collection is 1845-0172. Public reporting burden for this collection of information is estimated to average .5 hours per response, including time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information. The obligation to respond to this collection is required to obtain or retain a benefit (20 U.S.C. § 1011f). If you have comments or concerns regarding the status of your individual submission of this form, please contact ForeignSourceReporting@ed.gov directly.

Note: Please do not return the completed form to this address.

If any question from the disclosure form is held invalid, the remainder of the questions will not be affected thereby. That is, we intend for questions on the form to be severable.

Foreign Gifts and Contracts Disclosures

This information collection implements Section 117 of the Higher Education Act (HEA) codified at 20 U.S.C. § 1011f and related authorities. “Institutions” as defined below must file this information collection by January 31 and July 31 of each year, whenever a disclosure is required under 20 U.S.C. § 1011f(a). For purposes of this information collection:

As provided in 20 U.S.C. § 1011f(b)(1), a gift or contract is “attributable” to the country of citizenship, or if unknown, the principal residence for a foreign source who is a natural person, and the country of incorporation, or if unknown, the principal place of business, for a foreign source which is a legal entity.

Each “institution” must report all covered “gifts received from or contracts entered into with” a “foreign source,” all as defined below. Also, covered gifts received from or contracts with an “agent” of a foreign source are reportable. The Department is aware that the stated purpose and/or function of some legal entities (as articulated in articles of incorporation, for example) is to serve as an intermediary for foreign source gifts to or contracts with an institution. Allowing foreign sources and institutions to avoid disclosure by using intermediaries to transfer funds and benefit would be contrary to the plain statutory language, context, and purpose of Section 117. Therefore, foreign source gifts to or contracts with an intermediary that benefit an institution are reportable.

“Agent” has its plain and ordinary meaning.

“Contract” has the meaning given at 20 U.S.C. § 1011f(h)(1). Contracts involving purchases by institutions from foreign sources are generally not reportable so long as they are arms-length, fair market value transactions.

“Foreign source” has the meaning given at 20 U.S.C. § 1011f(h)(2).

“Gift” has the meaning given at 20 U.S.C. § 1011f(h)(3).

“Institution” has the meaning given at 20 U.S.C. § 1011f(h)(4).

“Restricted or conditional gift or contract” has the meaning given at 20 U.S.C. § 1011f(h)(5).
