

Maine to conduct fish assemblage sampling upstream of the Lemon Stream Dam in Starks, Maine. Sampling at this location is intended to provide state and federal agency personnel with direct exposure to electrofishing procedures, habitat conditions, and associated native and non-native fish assemblages to inform future recovery planning for ESA-listed species. No additional ESA take authorization would be required for activities at this site because ESA-listed species are not expected to occur there.

As an additional conservation-related measure, MBI will continue presenting research findings and monitoring results at regional technical conferences and outreach events to increase awareness of the ecological importance of the middle and lower Kennebec River for ESA-listed species. MBI currently presents annually at the Northeast Aquatic Biologists Conference and, with support from The Nature Conservancy, is considering additional presentations at the Maine Atlantic Salmon Forum, Maine Water Conference, and Northeast Fish and Wildlife Conference, as well as presentations to donors and stakeholders associated with the Kennebec River Trust. MBI states that these outreach efforts are intended to build support for restoration of Atlantic salmon access to historic spawning habitat within the Sandy River watershed.

National Environmental Policy Act

Issuing an ESA section 10(a)(1)(B) permit constitutes a Federal action requiring NMFS to comply with the National Environmental Policy Act (NEPA; 42 U.S.C. 4321 *et seq.*) as implemented by 40 CFR parts 1500–1508 and NOAA Administrative Order 216–6A, Environmental Review Procedures for Implementing the National Policy Act (1999). NMFS has preliminarily determined that the proposed action falls within a category of actions that are categorically excluded from the requirement to prepare an Environmental Assessment or Environmental Impact Statement, as the action does not individually or cumulatively have a significant effect on the human environment.

Next Steps

This notice is provided pursuant to section 10(c) of the ESA. NMFS will evaluate the application, associated documents, and comments received during the comment period to determine whether the application meets the requirements of section 10(a) of the ESA. If NMFS determines that the requirements are met, a permit will be issued for incidental takes of ESA-listed

sturgeon. The final NEPA and permit determinations will not be made until after the end of the comment period. NMFS will publish a record of its final action in the **Federal Register**.

Dated: July 1, 2026.

Larissa Plants,

*Acting Director, Office of Protected Resources,
National Marine Fisheries Service.*

BILLING CODE 3510–22–P

CONSUMER PRODUCT SAFETY COMMISSION

[Docket No. CPSC–2013–0022]

Agency Information Collection Activities; Extension of Collection; Safety Standard for Adult Portable Bed Rails

AGENCY: Consumer Product Safety Commission.

ACTION: Notice of Information Collection; Request for Comment.

SUMMARY: As required by the Paperwork Reduction Act of 1995 (PRA), the Consumer Product Safety Commission (CPSC or Commission) announces that the Commission has submitted to the Office of Management and Budget (OMB) a request for extension of approval of information collection requirements associated with the Safety Standard for Adult Portable Bed Rails. OMB previously approved the collection of information under control number 3041–0192. OMB's most recent extension of approval will expire on August 31, 2026. On April 24, 2026, CPSC published a notice in the **Federal Register** to announce the agency's intention to seek extension of approval of the collection of information. The Commission did not receive any public comments. Therefore, by publication of this notice, the Commission announces that CPSC has submitted to OMB a request for extension of approval of that collection of information.

DATES: Submit comments on the collection of information by August 6, 2026.

ADDRESSES: Submit comments about this request by email: OIRA_submission@omb.eop.gov or fax: 202–395–3888. Comments by mail should be sent to the Office of Information and Regulatory Affairs, Attn: OMB Desk Officer for the CPSC, Office of Management and Budget, Room 10235, 725 17th Street NW, Washington, DC 20503. Written comments that are sent to OMB also should be submitted electronically at [http://](http://www.regulations.gov)

www.regulations.gov, under Docket No. CPSC–2013–0022.

FOR FURTHER INFORMATION CONTACT: Cynthia Gillham, Consumer Product Safety Commission, 4330 East-West Highway, Bethesda, MD 20814; (301) 504–7791, or by email to: pra@cpsc.gov.

SUPPLEMENTARY INFORMATION: CPSC seeks to renew the following currently approved collection of information:

Title: Safety Standard for Adult Portable Bedrails.

OMB Number: 3041–0192.

Type of Review: Renewal of collection.

Frequency of Response: On occasion.

Affected Public: Manufacturers and importers of adult portable bed rails.

General Description of Collection: The Safety Standard for Adult Portable Bed Rails (16 CFR part 1270) addresses the unreasonable risk of injury and death associated with entrapment and other hazards from adult portable bed rails (APBRs). The standard incorporates by reference ASTM F3186–17, *Standard Specification for Adult Portable Bed Rails and Related Products*, with modifications. 16 CFR 1270.2. Sections 9, 10, and 11 of ASTM F3186–17 contain requirements for labels, warnings and instructional literature.

Estimated Number of Respondents: CPSC is aware of 12 known entities supplying APBRs to the U.S. market.

Estimated Time per Response: On average, each entity will respond approximately six times to accommodate the CPSC required labeling and instructional literature for various APBR models each year. The estimated time for required labeling is about eight hours per model. Therefore, the estimated burden associated with labels is 576 hours (12 entities × 6 models per entity × 8 hours per model = 576 hours). The estimated time for required instructional material is 24 hours per model. Each entity responds for an average of six different APBR models. Therefore, the estimated burden associated with instructional literature is 1,728 hours (12 entities × 6 models per entity × 24 hours per model).

Total Estimated Annual Burden: Based on the estimated time response for labeling (576 hours) and instructional literature (1,728 hours), CPSC expects the estimated burden for this collection of information is approximately 2,304 hours.

Total Estimated Annual Cost to Respondents: CPSC estimates the hourly compensation for the time to create required labels is \$42.03 (U.S. Bureau of Labor Statistics, “Employer Costs for Employee Compensation,” June 2025), total compensation for all sales and

office workers in goods producing private industries: https://www.bls.gov/news.release/archives/ecec_09122025.htm. Therefore, the estimated annual cost to industry associated with the labeling requirements is approximately \$24,209 (\$42.03 per hour × 576 hours = \$24,209.28) and, the estimated annual cost to industry associated with the instructional material requirements is approximately \$72,628 (\$42.03 per hour × 1,728 hours = \$72,627.84).

Accordingly, CPSC estimates that the total burden cost for firms to comply with labeling and instructional material requirements to be \$96,837 annually (\$24,209 + \$72,628).

Alberta E. Mills,
Secretary, Consumer Product Safety Commission.

DEPARTMENT OF EDUCATION

[Docket No.: ED–2026–SCC–1387]

Agency Information Collection Activities; Submission to the Office of Management and Budget for Review and Approval; Comment Request; William D Ford Federal Direct Loan Program Repayment Plan Selection Form

AGENCY: Federal Student Aid (FSA), Department of Education (ED).
ACTION: Notice

SUMMARY: In accordance with the Paperwork Reduction Act (PRA) of 1995, the Department is proposing a revision of a currently approved information collection request (ICR).

DATES: Interested persons are invited to submit comments on or before August 6, 2026.

ADDRESSES: Written comments and recommendations for proposed information collection requests should be submitted within 30 days of publication of this notice. Click on this link www.reginfo.gov/public/do/PRAMain to access the site. Find this information collection request (ICR) by selecting “Department of Education” under “Currently Under Review,” then check the “Only Show ICR for Public Comment” checkbox. Reginfo.gov provides two links to view documents related to this information collection request. Information collection forms and instructions may be found by clicking on the “View Information Collection (IC) List” link. Supporting statements and other supporting

documentation may be found by clicking on the “View Supporting Statement and Other Documents” link.

FOR FURTHER INFORMATION CONTACT: For specific questions related to collection activities, please contact Carolyn Rose, (202) 453–5967.

SUPPLEMENTARY INFORMATION: The Department is especially interested in public comment addressing the following issues: (1) is this collection necessary to the proper functions of the Department; (2) will this information be processed and used in a timely manner; (3) is the estimate of burden accurate; (4) how might the Department enhance the quality, utility, and clarity of the information to be collected; and (5) how might the Department minimize the burden of this collection on the respondents, including through the use of information technology. Please note that written comments received in response to this notice will be considered public records.

Title of Collection: William D Ford Federal Direct Loan Program Repayment Plan Selection Form.

OMB Control Number: 1845–0014.

Type of Review: Revision of a currently approved ICR.

Respondents/Affected Public: Individuals or Households.

Total Estimated Number of Annual Responses: 660,000.

Total Estimated Number of Annual Burden Hours: 110,220.

Abstract: The Fixed Payment Repayment Plan Request form serves as the means by which Direct Loan borrowers notify the Department of their choice of an initial fixed payment repayment plan as described in 34 CFR 685.208 before their loans enter repayment. The form may also be used by borrowers to request a change to one of these plans after their loans have entered repayment. If a borrower does not select an initial repayment plan, the borrower is placed on the Standard Repayment Plan or the Tiered Standard Repayment Plan in accordance with 34 CFR 685.210(a)(2).

The One Big Beautiful Bill Act (OBBBA) signed into law on July 4, 2025, made statutory changes to the Higher Education Act of 1965 as amended (the HEA) regarding Direct Loans that impact regulatory requirements related to this information collection.

This is a request for a revision of the current information collection to include the new regulatory

requirements in order to comply with the OBBBA.

Ross Santy,
Chief Data Officer Office of Planning, Evaluation and Policy Development.
