

NON-SUBSTANTIVE CHANGE REQUEST JUSTIFICATION
OMB Control No. 3060-0800
FCC Forms 603

The Wireless Telecommunication Bureau (WTB) is submitting this non-substantive change request to the Office of Management and Budget (OMB) for approval of non-substantive correction to the instructions for FCC Forms 603 and items .

The FCC Form 603 is a consolidated, multi-part application form that is used to file transfer and assignment applications for market-based and site-based licensing for wireless telecommunications services, including public safety, which are filed through the Commission's Universal Licensing System (ULS). The GAO recommended that the FCC add tribal specific information to our licensing forms that allow us to track tribal access to spectrum licenses. To implement this recommendation FCC is proposing to revise the legal entity type questions on the FCC Form 603 to include, two additional selections: Tribal Nation and Business Controlled by a Tribal Nation. This change applies to questions 21, 46 and 71. We are submitting this non-substantive change requests for approval to add these selections. This change will not increase the burden on the tribal applicants.

The FCC Form 603 Instructions are being revised as follows:
