

FORWARDING SERVICE REQUESTED

Dear Sir/Madam,

OMB No. 0535-0226 Exp. Date **X/XX/XXXX**

The United States Department of Agriculture's National Agricultural Statistics Service recently contacted you about the 2026 National Agricultural Classification Survey to identify all agricultural operations in the United States. If you have already responded, thank you. If not, please respond promptly. Your information is crucial for a successful 2027 Census of Agriculture.

Please report any agricultural activity in 2026. If you are a landlord, do not report agricultural activity for your tenant(s). If you were a landlord but still operated other land yourself or raised livestock, you should complete the questionnaire. If you have no land, no livestock, and no agricultural activity, please complete the first page, and follow the provided instructions.

Your response is **required by law** (Title 7 USC 2204(g) Public Law 105-113) and **All information you provide is confidential, protected by federal law** (Title III of Pub. L. No. 115-435, codified in 44 U.S.C. Ch. 35). If you need assistance completing this survey, call toll-free 888-424-7828. For more information, visit www.nass.usda.gov/AgCensus.

Sincerely,

Joseph L. Parsons

Administrator, National Agricultural Statistics Service
U.S. Department of Agriculture

Online reporting is fast and secure. All you need is your survey code to begin. To complete your survey, follow these steps:

1. Go to agcounts.usda.gov.
2. Enter your Survey Code:
3. Select **Submit & Get Survey(s)**.
4. Find the **National Agricultural Classification Survey** and select **Start Survey**.
5. Follow the survey prompts.
6. Complete the survey through the conclusion section and select **Submit Survey**.

According to the Paperwork Reduction Act of 1995, an agency may not conduct or sponsor, and a person is not required to respond to a collection of information unless it displays a valid OMB control number. The valid OMB number is 0535-0226. The time required to complete this information collection is estimated to average 15 minutes, including the time for reviewing instructions, searching existing data sources, gathering, and maintaining the data needed, and completing and reviewing the collection of information.
