Warning

A false statement on this form is punishable by permit sanctions (revocation, suspension, or modification) under 15 CFR part 904, a civil penalty up to \$100,000 under 16 USC 1858, and as a federal crime under 18 USC 1001.

Public Burden Statement

A Federal agency may not conduct or sponsor, and a person is not required to respond to, nor shall a person be subject to a penalty for failure to comply with an information collection subject to the requirements of the Paperwork Reduction Act of 1995 unless the information collection has a currently valid OMB Control Number. The approved OMB Control Number for this information collection is 0648-0204. Without this approval, we could not conduct information collection. Public reporting for this information collection is estimated to be approximately 10 minutes per response, including the time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the information collection. All responses to this information collection are required to obtain the permit. This form is needed to obtain current information about the vessel and owner. Send comments regarding this burden estimate or any other aspect of this information collection, including suggestions for reducing this burden to the NOAA/National Marine Fisheries Service, West Coast Region, Attn: Permits Specialist, Sustainable Fisheries Division, 7600 Sand Point Way NE, Seattle, WA 98115 or wcr-permits@noaa.gov.

Privacy Act Statement

Authority: The collection of this information is authorized under 5 U.S.C. § 301, Departmental regulations which authorizes the operations of an executive agency, including the creation, custodianship, maintenance and distribution of records, and 15 U.S.C. 1512, Powers and duties of the Department.

Purpose: This information is being collected by the National Marine Fisheries Service (NMFS) to ensure that timely and accurate records are available concerning the fishing vessels of the U.S. that participate in Pacific Ocean fisheries for highly migratory species (HMS), consistent with the requirements of the Fishery Management Plan for U.S. West Coast Fisheries for Highly Migratory Species. This collection of information concerning U.S. fishing vessels harvesting tuna in the eastern Pacific Ocean (EPO) is also necessary for the U.S. to comply with its obligations as a member of the Inter-American Tropical Tuna Commission (IATTC).

Routine Uses: Disclosure of this information is permitted under the Privacy Act of 1974 (5 U.S.C. Section 552a) to be shared among Department staff for work-related purposes. Disclosure of this information is also subject to all the published routine uses as identified in the Privacy Act System of Records Notice COMMERCE/NOAA-11, Contact Information for Members of the Public Requesting or Providing Information Related to NOAA's Mission.

Disclosure: Furnishing this information is voluntary. By providing this information, you are consenting to the use of that information only for the purpose for which it is submitted.
